#### MAYOR'S MESSAGE.

Gentlemen of Council—

In addressing you at this time, it will be my purpose to give only general outline of the work I feel we should undertake during the coming year, and in subsequent messages dealing with each particular subject go into more detail.

I have deemed it necessary to make some changes in the personnel of several of the more important departments of city government, my only motive for making these changes full and complete service.

**ASSESSOR'S DEPARTMENT**—The department should be furnished field books drawn to scale, also the titles in our assessment rolls should be brought up to date by checking with office of register of deeds at Mason; this would eliminate annoyance in both the treasurer's office and this department. Plans should be made to provide assessor's plats to take care of descriptions, now given by metes and bounds.

**ENGINEERING DEPARTMENT**—The Engineering department is one of the most important with which your honorable body has to deal and its work should be planned ahead to avoid loss of time, and to minimize inconvenience to the public while street improvements are under way.

Our city is experiencing a rapid growth that demands safe, sane guidance, and the importance of directing the physical growth, by proper regulation of platting of land, and preventing the destruction of property values by a reasonable zoning ordinance, would immeasurably assist this department by making possible the proper planning and extending of such services as sewers, electric light, power, water, gas and proper transportation facilities.

The extension of water mains and sewers should go hand in hand, being sanitary and health measures, these facilities should be provided to all homes as rapidly as possible.

Bridges should be maintained in absolutely safe condition and where this is no longer practical, they should be replaced.

The new pavements already petitioned for and ordered constructed (about 7 miles) will keep this division of the Engineering department very busy the rest of this season.

Accidents, a number of which

have been fatal, have occurred at railroad crossings and the grades between railroads and streets should be separated, whenever a favorable opportunity presents itself for securing the co-operation of the railroads.

Arrangement should be made immediately to provide for proper building inspection.

Fire protection should be available to all sections of the city, and the growth of this department should keep pace with the growth of the city.

Traffic congestion is becoming daily a harder problem to solve and while the widening and improving of certain of our close-in downtown streets will relieve this condition immeasurably, the police force should be sufficiently augmented to adequately take care of the situation.

We are fortunate in the possession of splendid parks and parkways; under very capable supervision, plans should be worked out to ultimately connect up these parks, by paving, and improving the streets leading from one park to another.

The proceedings of every meeting of all the various boards should be published same as council proceedings.

The city comptroller will hereafter submit to you, on the first of each month, a statement setting forth balances to credit of the different departments, also all other funds, and daily reports will be available covering the activities of several of the city departments and other city officers.

The city attorney will go over the ordinances eliminating those that have become obsolete, or annulled by enactment of others and have new compilation ready for publication some time during winter.

I shall address your honorable body from time to time on matters of importance as they shall arise.

Gentlemen, I wish to assure you I shall work with you during the coming year, and in behalf of the citizens we both serve, ask in return your fullest co-operation.

ALFRED H. DOUGHTY,

Mayor.

Received and placed on file.

Resolved by the city council of the city of Lansing:

That the report of the committee on bridges and the city engineer relative to the unsafe condition of the Kalamazoo st. bridge, made to this council on March 12, 1923, and at that time laid on the table, be now taken from the table:

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, De Camp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—16.

Nays—None.

The report then being before the council was read as follows:

To the Honorable Mayor and City Council:

Gentlemen—Relative to Kalamazoo st. bridge:

Inasmuch as your bridge committee and city engineer find that the above mentioned bridge is entirely inadequate and unsafe for traffic

passing over this bridge at the present time; and

Inasmuch as we feel that it is necessary for the council to take certain actions in regard to the use of said bridge in order to avoid a repetition of a disaster similar to the bridge collapse at Kelso, Wash., with its attendant death and costly damage suits.

We wish to make the following recommendations:

First: That a traffic watchman, under the jurisdiction of the police department, be placed at the west end of said bridge, whose duty it shall be to let not more than two vehicles cross said Kalamazoo st. bridge in any one direction at one time.

Second: That said officer or officers be stationed at said Kalamazoo st. bridge from 5 a. m. until 10 p. m. daily.

Third: That should any railroad traffic pass the east end of said bridge so as to hold up vehicular traffic across the bridge, that said officer shall hold all vehicular traffic at west end of bridge until said railroad traffic has passed and until any congested vehicular traffic from the east end of the bridge has passed over bridge.

Fourth: That no truck of more than five tons total load be allowed to pass over said bridge.

Fifth: That sufficient money be placed in the coming budget to allow the city engineer to proceed with investigations, surveys, plans and any other necessary work leading toward the construction of a new bridge connecting and straightening Kalamazoo st. across the river and eliminating the present grade crossing of the New York Central lines.

(Signed) J. H. CHAPMAN, Chairman.  
W. E. TRAGER,  
ELMER CLAPHAM,

Bridge Committee.

W. BINTZ, City Engineer.

By Ald. Templeton —

That the report be referred to the new bridge committee.

Carried.

# PROCEEDINGS OF THE CITY COUNCIL

## OFFICIAL

Proceedings, May 21, 1923

City Council Rooms  
Lansing, May 21, 1923.

The city council met in regular session and was called to order by Mayor A. H. Doughty.

Roll Call.

Present—Ald. Clapham, De Camp, Dymond, Fowler Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—14.

Absent—Ald. Avery, Trager.—2.

The record of the previous session was approved as printed.

### PETITIONS AND COMMUNICATIONS.

A petition was received from F. and E. Greenaway to conduct a Pool Room of four tables at 1402 South Washington Ave.

Referred to committee on bonds and contracts.

A petition was received to grade and gravel Teel avenue from Riley street to the south line of Heller's subdivision to the city of Lansing, as eight houses are to be constructed on the street immediately.

Referred to committee on streets.

A petition was received to have Forest avenue sprinkled from Mt. Hope avenue for two blocks south. Referred to supt. of public works.

A communication was received from Lansing Forge Company, and E. H. Ward & Company to the effect that a sidewalk from Isaac street to Albert street on Cowles street would be a great improvement, but the walks on Cowles street by the properties of the Lansing Forge Company and E. H. Ward & Company were not needed or desired and would be a nuisance to both properties.

Referred to committee on sidewalks.

A communication was received from Thomas Shields & Silsbee, attorneys for Dyer-Jenison-Barry Land Company, calling attention to the fact that all lots of Espanore subdivision are restricted to one residence and private garage upon any single lot. Therefore the erection of a fire engine house on Lot 20 of Block 9 which they understand has been purchased for the purpose of erecting a fire station, would be a violation of the restricted covenant attached to said land.

Referred to committee on city affairs.

A communication was received from Walter J. Whiteley claiming that the city of Lansing is now encroaching upon a portion of his land at Cedar and Mt. Hope avenues.

Referred to committee on city affairs.

A petition was received to grade and gravel Logan street from Barnes avenue to the south city limits.

Referred to committee on streets.

A communication was received from Capital National Bank pertaining to sewer in Allegan street.

Referred to committee on sewers and drains.

A communication was received from Reo Motor Car Company offering to city a parcel of land adjoining the city asphalt plant.

Referred to committee on city affairs.

A petition was received to cause curb and gutter to be constructed on Ottawa, Spencer, Forbes and Ionia streets, Memphis and Inverness ave. all in McPherson's Inverness subdivision. This was accompanied by a communication from R. B. McPherson.

Referred to committee on streets.

A petition was received to construct curb and gutter on Oakland avenue from Logan street to 40 feet west of Clyde street.

Referred to committee on streets.

### REPORT OF COMMITTEES.

The committee on city affairs, committee on bridges, city engineer and attorney to whom was referred the communication of the Lansing Warehouse Company asking that prism sidewalk lights, so far as practicable, be installed in the east bay of the approach from the viaduct to the warehouse building in lieu of the constructing of a grade along a portion of the south side of the warehouse property to make an approach to the alley on the east side of the warehouse property begs leave to report as follows:

We recommend that the request be granted and that the city attorney be instructed to prepare a supplemental agreement embodying the proposed changes, said agreement to be signed by the mayor and city clerk for the city and by the owners of the warehouse property.

Respectfully submitted,

E. S. AVERY,  
F. S. VANDERVOORT,  
O. C. HOWE,

May 21, 1923.

Honorable Alfred H. Doughty,  
Mayor City of Lansing.

Dear sir:—

There has been called to my attention a proposition in relation to Dayton street in the city of Lansing, which name has since the platting thereof been changed to Jenison Ave., and I have information to the effect that said Dayton street was not legally laid out or in other words that the city never became vested with the legal rights therein.

Owing to the fact that this has been called to my attention so recently, I have not had the time to give it a full and thorough investigation, and would therefore recommend that this matter be referred to the Street committee, together with the city attorney, who will undoubtedly be able to report upon the same at the next meeting of this

council.

Very respectfully,  
D. G. F. WARNER,  
City Attorney  
Referred to committee on streets.

To the honorable mayor and city council of the city of Lansing:  
Gentlemen:

I herewith present you with plans and estimates of cost for the construction of a curb and gutter on Rose street from Logan street to West line of McPherson's add.  
Estimated cost .....\$614.00  
General paving fund .....\$244.40

To be assessed .....\$369.60

Gen. paving fund .....\$800.84  
Park & Cem. fund \$288.00 \$ 1088.84

To be assessed .....\$1,216.16  
Respectfully submitted,

O. E. ECKERT,  
City Engineer.  
Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing,  
Gentlemen—In accordance with your instructions I herewith submit plans, specifications and estimates for the construction of sewers in Kalamazoo from Sycamore st. to Butler blvd., and in Sycamore from Kalamazoo to Michigan:  
Assessed portion .....\$11,600.00  
City's one-sixth ..... 2,320.00

Total estimated cost ..\$13,920.00

Respectfully submitted,  
O. E. ECKERT,  
City Engineer.  
Received and placed on file.

#### COMMUNICATION

Gentlemen of the council:

I hereby appoint Ray Potter, 313 W. Hillsdale street, as a member of the Board of Fire & Police Commissioners in place of Harry Hill resigned, term expiring May, 1926.

Respectfully,  
ALFRED H. DOUGHTY,  
Mayor.

By Ald. Templeton—

That the appointment be confirmed.

Adopted by the following vote:  
Yeas—Ald. Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—14.  
Nays—None.

May 21, 1923.

To the Honorable Mayor and City

Council of the City of Lansing,  
Gentlemen:

I herewith report that on May 17 I sold in Detroit to Bishop, Holmes, Hammond & Jackson, 64 hogs, weight 18050 lbs. at \$7.75 per hundred and received a check for \$1,334.23 which was credited to garbage disposal.

18050 lbs. @ \$7.75 .....	\$1401.87
Feed & yardage .....	\$16.04
Freight .....	37.40
Commission .....	14.00
Insurance .....	20
	67.64

\$1334.23

Respectfully,  
GEO. A. CANFIELD,  
Supt. of Garbage

Received and placed on file.

To the honorable mayor and city council:

Gentlemen—There is a balance in Insurance fund at the close of the fiscal year ending April 30, 1923, of \$1,602.62. This balance, with any other credit balance would revert back to the general funds of the city at the close of the year, unless some other disposition was made of same.

Several members of the council have expressed themselves as being in favor of setting up any unused balance from year to year in an Insurance Reserve fund and as this fund increased the city might automatically decrease the amount of insurance carried on city properties. Eventually the city would have a reserve large enough to fully protect the city in case of fire and the budget appropriation each year could be omitted.

If the council grants the writer the necessary authorization to transfer the above sum to the credit of Insurance Reserve, same would be invested in securities as authorized by the city charter and the income from same each year would be reinvested and become a part of the fund.

Respectfully,

F. H. PRESLEY,  
City Comptroller.

Referred to committee on city affairs.

To the honorable mayor and city council:

Gentlemen—I have obtained prices on graders as directed by your honorable body and submit the following:

J. D. Adams & Co.—\$273.35 for a Square Deal No. 1 C grader; \$381.30 for a Square Deal No. 2 C grader; \$163.60 for two patrols with 2 per cent off for cash, and 2 per cent for quantity.

J. I. Case Threshing Machine Co.—

No. 3 grader, \$185.00.

Stockland Graders—1,000-lb. grader, \$158.00; 1,150-lb. grader, \$198.00; 1,450-lb. grader, \$275.00.

Beach Special—1,750-lb. grader, \$285.00; 2,500-lb. grader, \$405.00; 1,750-lb. grader, \$285.00.

Austin-Western Road Machinery Company—1 Little Western Grader, \$235.00; 3 to 6 Little Western graders, \$235.00 less 5 per cent; 1 Midget Western grader, \$154.00; 3 to 6 Midget Western graders, \$154.00 less 5 per cent; 1 Austin Std. grader, \$430.00.

Russell Grader Mfg. Company—3 Hy-Way Patrols, 1,200 lbs., \$159.80 each; 1 Russell Jr., 1,550 lbs., \$197.68 each.

Respectfully,

I. D. SCHAFER,  
Superintendent of Public Works.  
Referred to committee on streets.

Gentlemen of the council—I have investigated the various makes of street sweepers and find the prices to be as follows:

Foamite Childs Corporat'n,	\$6,250.00
Elgin Street Sweeper .....	6,500.00
Austin Street Sweeper .....	7,000.00

Whatever sweeper your honorable body decides on will be satisfactory to me, and I trust you will give this your immediate attention as we are urgently in need of this equipment.

I. D. SCHAFER,  
Superintendent of Public Works.  
Received and placed on file.

By Ald. Phillips—

That Mr. Ward of the city shop be permitted to speak on motors used in sweepers.

Carried.

By Ald. McKale—

That the mayor appoint a special committee of five, together with the city engineer and superintendent of public works to recommend the kind of street sweeper to be purchased, and report to this body.

#### OFFICE OF CITY ENGINEER.

May 22, 1923.

Your attention is called to the following report made to me regarding Cowles street.

Isaac D. Shaffer, Supt. of Public Works, Lansing, Michigan.

Dear Sir:—May 22, 1923 you requested me to set sidewalk grade on Cowles street. Upon examination we find that the west portion of said Cowles street, south of Albert street is occupied by Lansing Forge Company. Their main building extending into the street is about ten feet and overhead track about twenty feet. The east one-half of Cowles street is covered with two or three feet of iron in all stages of manufacture.

I call your attention to this so as to forestall any claim for possession of said street by said Lansing property owners.

Respectfully,  
O. E. ECKERT,  
City Engineer

EGE:CC

Respectfully submitted,  
I. D. SHAFFER,  
Supt. of Public Works.

Referred to Committee on Streets.

#### OFFICE OF CITY COMPTROLLER.

May 10, 1923.

To the Honorable Mayor and City Council,  
Gentlemen:—I submit herewith the proposal, agreement and bond in the sum of \$300,000 from each of the following City Depositories:

City National Bank.  
American State Savings Bank.  
Capital National Bank.  
Peoples' State Savings Bank.

Respectfully,

F. H. PRESLEY,  
City Comptroller.

Referred to Committee on City Affairs.

To the Honorable Mayor and City Council:

Gentlemen—I herewith tender my resignation as City Comptroller to take effect as soon as the Annual Audit is completed.

It is impossible for me to keep up with the work with the present office force. I have the same assistants I had four years ago when I took charge of the office. The details and activities of the office have increased more than three fold and while I am able to turn out nearly twice the work I did the first year, I cannot keep up with this increase. I am resigning rather than continue under these conditions.

In addition to the foregoing reasons, I have been offered and have accepted a more lucrative position.

I desire to express to you my appreciation for favors received from the Council and for your co-operation with me on several occasions during my incumbency in office. I will gladly render any assistance I can to my successor in this office without expense to the City, and I thank you most cordially for the faith you have had in me as evidenced by my consecutive appointments.

Very respectfully,

F. H. PRESLEY.

By Ald. Avery—

That the resignation be accepted.

Adopted by the following vote:

#### MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. McKale—

Resolved by the City Council of the City of Lansing:

To purchase Austin Motor Pick Up Sweeper for \$7,000.00 as per proposal submitted by Austin Manufacturing Company, cost to be charged to the Contingent Fund.

The above resolution was placed on file for one week in office of City Clerk in accordance with Section 92 of City Charter.

By Ald. DeCamp—

Resolved by the City Council of the City of Lansing:

Whereas the sorrowful news has been imparted to us of the sad and untimely death of Pearl B. Britten, the wife of William T. Britten, one of our most eminent and esteemed citizens and for many years a member of our City Council; and

Whereas the untimely death of his wife came at the hands of an assassin's bullet, therefore making it doubly sad, not only to the bereaved husband and family, but to this entire commonwealth, viewing as we do the hideousness of such a crime in our beautiful city, surrounded as it is by peace and prosperity:

Therefore we, the members of the council and the officers of the City of Lansing, Michigan do, hereby extend to our bereaved friend and brother our most sincere and heartfelt sympathies in this hour of his bereavement, sorrow and tribulation, and while we as members of this Council regret to our utmost this sad and sorrowful act and condition, it again reminds us as officers and representatives of

this progressive city that we must be more mindful, diligent and generous in placing the proper protectorate over our citizenship.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager.—15.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

Whereas, the city of Lansing, Michigan heretofore to-wit: more than thirty years ago granted to the Lansing Transit Railway Company the right and permission to extend and build it's tracks over and across Grand street about one-half block north of Ottawa street, and across Ottawa street to the south line of Lot 1, block 100 on the west side of Grand street; and

Whereas, the original purpose for which permission was granted and the license to cross said streets, viz: Grand street and Ottawa street has long ceased to exist by reason of the fact that the purpose and object of the same when it was constructed has to a great extent gone out of business; and

Whereas, at the time permission or the license was granted to the said company to cross the said streets, the conditions were much different than they are at the present time, and conditions have greatly changed, especially in this, that at the time the same was granted the said city of Lansing was but a small hamlet as compared with the present time and by reason of the changed conditions the said railway at said crossings is now a menace and a nuisance to the public and of no particular value as a common carrier.

Therefore be it resolved, that the city of Lansing does hereby rescind all actions heretofore taken by the city council of the city of Lansing in relation to the permission of the said railway to cross the said streets of the city of Lansing as aforesaid and does hereby request the proprietors and owners of said track, whoever they may be, to remove the same from the streets of the city of Lansing, viz: Grand street and Ottawa street, within ninety days after notice to them of this resolution.

Be it further resolved that if the said individual, persons or company owning said track do not remove the same within the said period of ninety days after a proper notice has been served upon them by the Clerk of this city, that the City Attorney be and is hereby authorized and directed to take such steps as he may deem proper and necessary to remove the same from the said streets.

On motion of Ald. Howe the resolution was laid on the table one week.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

**PUBLIC IMPROVEMENT II.**

By Ald. Phillips—

Resolved by the Common Council of the City

of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted April 9th, 1923 for constructing a curb and gutter on Bement street from Pennsylvania ave. to Jones st. are hereby adopted.

That the portion of city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Bement st. within the east line of Pennsylvania ave. and the west line of Jones st. and extending back from said Bement street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$1,533.90.

That the expense of such improvement in public street and alley intersections is \$183.00 which shall be paid by the city out of the general paving fund.

That 80% of the remainder of said estimated expense, to wit, the sum of \$1,080.72 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such expense, to wit, \$270.18 shall be paid by the city out of the General Paving Fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with the resolution and return the same to the City Council within two weeks of the passage of this resolution.

### COMMUNICATIONS.

A communication was received from M. R. Carrier, Chairman of the Public Affairs Committee of the Rotary Club, relative to inadequate seating accommodations at Moores Park, especially for band concerts.

By Com. Gibbs—

That the communication be referred to Mr.

Bancroft, City Forester, to use his own judgment in disposing of this matter.

Carried.

Com. Gibbs, Chairman of the Cemetery Committee, reported on condition of roads at the cemetery, especially near Section B., and the Superintendent was directed to make the necessary repairs to place the road in first class condition.

The City Forester reported on the new Tourists' Camp and discussion was had by the board relative to matter of conducting the camp.

President Poxson appointed a special committee consisting of Coms. Bishop, Johns and Sanders, to make rules for regulating the camp.

The City Forester, Mr. Bancroft, read a communication from the National Tennis Association relative to holding a city tournament. Mr. Bancroft stated that the matter had been referred to the local tennis association.

The question of restricting the hours during which children might use the city tennis courts was discussed, and it was the opinion of the board that after 5 o'clock p. m. business men should have preference over children in the use of the courts.

The matter of regulating the use of the courts was left with the City Forester.

The Superintendent filed a financial statement of the Cemetery for the month of May, 1923, which was received and placed on file.

The Board adjourned.

### EXECUTIVE OFFICE

Alfred H. Doughty, Mayor

June 4, 1923.

Gentlemen of the Council:

I hereby appoint Judson E. Pratt City

Comptroller to fill the vacancy caused by the resignation of Frank H. Presley.

Respectfully,  
ALFRED H. DOUGHTY,  
Mayor.

By Ald. Howe—

That the appointment be confirmed.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—15.

Nays—None.

#### EXECUTIVE OFFICE

Alfred H. Doughty, Mayor.

June 4, 1923.

Gentlemen of the Council:

I invite your attention to Act 209, Public Acts of 1923:—

"An act to regulate and define common carriers of persons and property by motor vehicle on public highways of this State, prescribing the payment and fixing the amount of privilege taxes for such carriers, the disposition of such taxes and prescribing penalties for violation of this act."

This Act gives the Michigan Public Utilities jurisdiction over all Interurbans, Bus and Freight Lines.

The Commission has full authority under this act to fix the termini and routes between.

It is my understanding that under this Act the City is without power to fix and determine but and freight line routes within the City Limits. I feel, however, that if your Honorable body will immediately establish by resolution, routes to be used by Bus and Freight Lines entering the City from all directions, designating a terminus and filing same with the Public Utilities Commission, that as applications are filed with the Commission by companies or individuals desiring to enter the City, the routes through the City will be fixed so far as practical, in conformity with your suggestions. I believe also, that our Traffic Ordinance should be amended to cover this situation.

Respectfully,

The following resolution was taken from the table:

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

Whereas, the city of Lansing, Michigan heretofore to-wit: more than thirty years ago granted to the Lansing Transit Railway Company the right and permission to extend and build its tracks over and across Grand street about one-half block north of Ottawa street, and across Ottawa street to the south line of Lot 1, block 100 on the west side of Grand street; and

Whereas, the original purpose for which permission was granted and the license to cross said streets, viz: Grand street and Ottawa street has long ceased to exist by reason of the fact that the purpose and object of the same when it was constructed has to a great extent gone out of business; and

Whereas, at the time permission or the license was granted to the said company to cross the said streets, the conditions were much different than they are at the present time, and conditions have greatly changed, especially in this, that at the time the same was granted the said city of Lansing was but a small hamlet as compared with the present time and by reason of the changed conditions the said railway at said crossings is now a menace and a nuisance to the public and of no particular value as a common carrier.

Therefore be it resolved, that the city of Lansing does hereby rescind all actions heretofore taken by the city council of the city of Lansing in relation to the permission of the said railway to cross the said streets of the city of Lansing as aforesaid and does hereby request the proprietors and owners of said track, whoever they may be, to remove the same from the streets of the city of Lansing, viz: Grand street and Ottawa street, within ninety days after notice to them of this resolution.

Be it further resolved that if the said individual, persons or company owning said track do not remove the same within the said period of ninety days after a proper notice has been served upon them by the Clerk of this city, that the City Attorney be and is hereby authorized and directed to take such steps as he may deem proper and necessary to remove the same from the said streets.

By Ald. Templeton—

That the resolution lie on table.

Carried.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That, hereafter repairs to all pavements be made by the Engineering Department and

the Superintendent of Public Works is hereby instructed to transfer to the Engineering Department all special tools and equipment used for this work.

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—15.

Nays—None.

## PUBLIC IMPROVEMENT I.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That it is a public necessity, and it is hereby determined to grade the Alley running from Franklin Avenue to North Street between High Street and New York Avenue.

That the City Engineer be and hereby is directed to estimate the kind and quantity of material to be used therefor, and to estimate in detail the probable cost and expense of such work and of the materials to be used therein, and make a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the City Council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—15.

Nays—None.

## PUBLIC IMPROVEMENT II.

By Ald. Phillips—

Resolved by the Common Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted May 7th, 1923 for grading and gravelling Hosmer Street from Main Street to Hazel Street are hereby adopted.

That the portion of city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Hosmer Street within the South line of Main Street and the North line of Hazel Street and extending back from said Hosmer Street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$379.00.

That the expense of such improvement in public street and alley intersections in \$4.00 which shall be paid by the city out of the 5th ward highway fund.

That all of the remainder of said estimated expense, to wit, the sum of \$375.00 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council within two weeks of the passage of this resolution.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Vandervoort.—15.

Nays—None.

#### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending June 9, 1923, was received and placed on file.

## EXECUTIVE OFFICE

Alfred H. Doughty, Mayor

## Communication.

Gentlemen of the Council:

At the present time the Michigan Railway are operating a bus over in the South West section of the city, running from Boston Boulevard and Moores River Drive East to Logan; then South on Logan to Sparrow, to Beal, to Smith and to Washington Avenue.

I find that bus does not render service that could be rendered by re-route.

I have, therefore, directed the Michigan Railway to install a cross town bus line, running from the North East section of the city, through the down town business district and thence over to the South West end; that would mean that the busses now operating over the Sheridan-Magnolia Route, instead of looping at Washington and Michigan and returning back over their route, would continue West on Allegan to Logan Boulevard, then South on Logan across the bridge making the loop on Moores River Drive, Boston Boulevard, Pettis and Blair Streets.

I have asked the Railway Co. to put four busses in this service and would like to have this tried out to see if the people living in these sections of the city do not obtain better service from this re-route.

If, after a trial this service does prove satisfactory, I would suggest that your Honorable Body pass the necessary resolutions to make this service permanent.

Respectfully,  
ALFRED H. DOUGHTY,  
Mayor.

By Ald. Avery—

That the busses be routed as recommended by Mr. Avery.

Carried.

## CITY CLERK'S OFFICE.

Bertha Ray, Clerk.

To the Hon. Mayor and City Council,

Gentlemen:

The Lansing Yellow Cab Co. has applied for a license to operate fifteen taxicabs, and has filed a bond in the sum of \$5,000 which you have already approved. Before issuing the license, it is necessary to have your approval of such action.

Respectfully,

BERTHA RAY,  
City Clerk.

By Ald. De Camp—

That a taxicab license be issued to the Lansing Yellow Cab Co. by the city clerk.

Adopted by the following vote:

By Ald. Trager—

Resolved by the City Council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement for the safety and needs of the inhabitants of the City of Lansing that an addition and extension to the present light and power plant, together with the necessary machinery for the distribution of the electricity be built, added to and equipped to the present plant now in operation in the said city, so as to supply the necessary electric energy for lighting, power and domestic purposes in said city; there being great need of additional electric energy for both public and commercial uses in the city beyond the capacity of the present plant to supply; and this council being advised by the Board of Electric Light and Water Commissioners of the City of Lansing that the sum of \$1,000,000 is needed to build and equip said plant, together with the necessary distribution system therefor. This council therefore determines that the sum of \$1,000,000 is needed to build and equip said plant, in addition to that already had in the said city, and the distribution system therefor.

Resolved further, That the building and equip-

ping of said electric light and power plant, together with the necessary distribution system be made under the direction and supervision of the Board of Water and Electric Light Commissioners of the City of Lansing, and that the question of borrowing the sum of \$1,000,000 upon the faith and credit of the City of Lansing, and the issuance of the bonds of said city for the purpose of defraying the cost of building and equipping said plant and its distribution system be submitted to a vote of the qualified electors of the City of Lansing at the special election to be held in the City of Lansing, on the 20th day of July, 1923.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the State of Michigan and the charter of the City of Lansing, shall be designated "City of Lansing Lighting and Power Bonds," and shall be issued and sold by the City of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times, as shall be prescribed by the city council, and to become due and payable not exceeding thirty years from the date of issue, at such time or times as the city council shall by resolution prescribe; said bonds to bear interest at rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, may prescribe; both principal and interest to be payable at the office of the City Treasurer of the City of Lansing, or at such other places as the council by resolution shall prescribe.

Resolved further, That the City Clerk be and she hereby is directed to prepare printed ballots substantially in manner and form as follows:

#### OFFICIAL BALLOT.

Shall bonds of the City of Lansing in the sum of \$1,000,000 for the purpose of adding to and extending the electric light and power plant in the City of Lansing with its necessary distribution system as prescribed in a certain resolution of the city council passed on the 11th day of June, 1923, be issued?

YES ( )

NO ( )

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No" as he or she shall desire to vote.

Resolved further, That the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the charter of the City of Lansing and the laws of the State of Michigan and that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the City Clerk be and she hereby is directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the City of Lansing, as prescribed in the charter of the City of Lansing and the laws of the State of Michigan.

By Ald. Howe—

Resolved by the City Council of the City of Lansing, Michigan:

That this council, by a three-fifth vote of the members, elect propose that Sections 13, 21, 33, 43, 99, 118 and 126 of the charter of the City of Lansing be amended so that Section 13 shall read as follows:

"An election shall be held in each ward on the first Tuesday after the first Monday in November in the year 1924 and annually thereafter, at such place or places as the council shall order, and special elections shall be held at such time and places and for such purposes as the city council may prescribe, or as may be required by this charter;"

And that Section 21 be amended so that it shall read as follows:

"At the annual election to be held in the City of Lansing in the year 1924, and at each second annual election thereafter, there shall be elected on the city ticket, one Mayor, one Treasurer and one Constable and at the annual election to be held in said city in the year 1925 and at each second annual election thereafter, there shall be elected one City Clerk and one Constable, all of whom shall hold their offices for two years. No person shall be eligible to the office of City Treasurer for two consecutive terms. At each annual election there shall be elected, one City Assessor for a term of three years. At each annual election there shall also be elected in each ward, one alderman, who shall hold his office for two years. At the annual election to be held in the year 1927 and at each fourth annual election thereafter, there shall be elected in said city, one Justice of the Peace, who shall hold his office for four years. Each of said officers so elected shall hold his office for the term for which he was elected, and until his successor is elected and qualified, all officers elected as herein provided shall enter upon the duties of their respective offices on the second Monday in January next following such election."

And that Section 33 be amended so that it shall read as follows:

"When a vacancy occurs in the office of alderman or when he refuses or neglects to take the oath of office or when his election is declared void by a proper tribunal, the city council shall immediately order a special election to be held in the ward for which such officer was chosen; provided that in case any such vacancy shall occur in the said office of alderman within three months before the first Tuesday after the first Monday in November in any year, it shall be optional with the city council to order a special election as it shall deem expedient. Whenever any officer shall resign or shall be removed from office, or the term for which he shall have been elected or appointed shall expire, he shall deliver over to his successor in office forthwith, all the books, papers, monies and effects in his custody as such officer and in any way appertaining to his office, and every person violating this provision shall be deemed guilty of a misdemeanor and may be proceeded against in the same manner as public officers generally for a like offense under the general laws of this state now or hereafter in force or applicable thereto; and every officer appointed or elected under this charter shall be deemed an officer

within the meaning and provision of such general laws of this state;"

And that Section 43 be amended so that it shall read as follows:

"On the second Monday in January in each year the city council shall elect one of its members president of the council, who in the absence of the Mayor shall preside at the meeting thereof and who shall have a vote upon all occasions. In the absence of the Mayor and President the council shall appoint one of its number to preside;"

And that Section 99 be amended so that it shall read as follows:

"The Mayor shall on the second Monday in January in each year, or as soon thereafter as may be, by and with the consent of the city council, appoint such standing committees as may be provided by the rules of the council; and he shall also, by and with the consent of the city council, appoint one city attorney, one city comptroller, one city engineer, one superintendent of public works, one director of the poor, one sealer of weights and measures, provided, the mayor may, by and with the consent of the city council, dispense with either the director of the poor, or the sealer of weights and measures, imposing the duties of the aforesaid officers on one officer; and so many pound masters, weight masters, auctioneers, janitors, and engineers, as the council may from time to time deem necessary, and such other officers as may be necessary to carry into effect the powers granted by this charter, who shall hold their offices during the pleasure of the mayor, and until his successor is appointed and has qualified, unless removed in accordance with the provisions of this charter. Whenever any officer appointed by the provisions of this charter, shall, from any cause, be unable to perform the duties of his office, the mayor by and with the consent of the city council, shall have power to appoint any officer who shall perform the duties of the office until such inability shall cease;"

And that Section 118 be amended so that it shall read as follows:

"It shall be the duty of said Justice of the Peace at the second regular meeting of the city council in each of the months of January, April, July and October in each year, to account on oath before the city council for all such moneys, goods, wares and merchandises, seized as stolen property, as shall then remain unclaimed in the office of said Justice of the Peace, and immediately thereafter to give notice for four weeks in one of the public newspapers printed in said city, to all persons interested or claiming such property; Provided, always, that if any goods, wares, merchandise or chattels of a perishable nature, or which shall be expensive to keep, shall at any time remain unclaimed in the office of said justice, it shall be lawful for said justice to sell the same at public auction, at such time, and after such notice as to him and the city council seem proper;"

And that Section 126 be amended so that it shall read as follows:

"The clerk of the justice court is hereby empowered to take complaints in criminal causes, and swear the complaining witnesses thereof. Said clerk shall also, by virtue of his office,

be empowered to administer oaths to persons making affidavits for writs in civil causes and issue all civil processes and attest the same in the name of the justice of the peace. The said clerk of the justice court is also hereby empowered to sign summons and subpoenas, in accordance with Act Number Thirty-five of the Public Acts of Nineteen Hundred Eleven.

All fees in civil causes and all fines imposed in criminal causes, shall be collected by such clerk, and all such fees and fines received by him shall be entered in a book kept by him for that purpose, and by him shall be paid over to the City Treasurer daily. And on or before the second Monday in January of each year, or more often if deemed necessary, the city council shall cause an audit of the books of such clerk to be made, for the purpose of ascertaining the correctness of the books kept, and the payment to the City Treasurer of all moneys collected by him.

All sections and parts of sections of said charter inconsistent with the foregoing amendments, are hereby repealed and the present term of office of all elective and appointive officers whose term of office is effected by this amendment, shall be extended to the second Monday in January next following the date when said present term of office would have expired had this amendment not been made.

Resolved further, That the foregoing amendments to the city charter be submitted to the qualified electors of the said city of Lansing at the special election to be held in said city on the 20th day of July, 1923;

Resolved further, That such amendments, when submitted, shall be printed upon a ballot which shall be prepared in substance in the following manner:

#### OFFICIAL BALLOT:

Shall Sections 13, 21, 33, 43, 99, 118 and 126 of the Charter of the City of Lansing be amended so that the same shall read as follows:

Section 13: "An election shall be held in each ward on the first Tuesday after the first Monday in November in the year 1924 and annually thereafter, at such place or places as the council shall order, and special elections shall be held at such time and places and for such purposes as the city council may prescribe, or as may be required by this charter;"

And that Section 21 be amended so that it shall read as follows:

"At the annual election to be held in the City of Lansing in the year 1924, and at each second annual election thereafter, there shall be elected on the city ticket, one Mayor, one Treasurer and one Constable and at the annual election to be held in said city in the year 1925 and at each second annual election thereafter, there shall be elected one City Clerk and one Constable, all of whom shall hold their offices for two years. Freight .....	37.40	
Commission .....	14.00	
Insurance .....	.20	65.55
		\$1,095.72

Respectfully,

GEO. A. CANFIELD,  
Supt. of Garbage.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

In order to construct curb and gutter in the following streets:

Walnut, Saginaw to Willow;  
Killbourn, Washington to Seymour;  
Jefferson, Washington to Capitol;  
and to pave Capitol, Saginaw to Willow, it will be necessary to take care of the drainage in the above mentioned streets. To do this it will be necessary to construct

Walnut, Madison to Jefferson;  
Jefferson, Walnut to River;  
Killbourn, Capitol to Washington;  
Killbourn, Washington to River;  
Capitol, Saginaw to Madison;  
Capitol, Madison to Jefferson;  
Maple, Seymour to Capitol;  
Maple, Capitol to River.

O. E. ECKERT,  
City Engineer.

Referred to the Committee on Sewers.

## APPEALS.

This being the time set for hearing any suggestions, changes or objections that may be made by the parties interested in the proposed construction of 1,460 feet of 30 inch to 36 inch sewer in Saginaw Street from Cedar Street to Summit Street in the 25th, 32nd and 35th sewer and drain district.

No objections being filed the same was considered satisfactory to parties interested.

To the Honorable Mayor and City Council:  
Gentlemen:

The construction work on the Shiawassee

Street Bridge has progressed to the point where it is necessary to remove some of the street car tracks in Shiawassee Street and to decide whether or not the approach to the Lansing Silo Co. property is to be built.

Further delay in these two matters will mean added cost and delay in opening the bridge to travel.

Respectfully submitted,

O. E. ECKERT,  
City Engineer.

By Ald. Phillips—

That the communication of the City Engineer be referred to Committee on City Affairs and City Attorney.

Carried.

The above resolution was placed on file for one week in office of City Clerk in accordance with Section 92 of City Charter.

By Ald. Main—

Resolved by the City Council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement for the protection of the health, safety and needs of the inhabitants of the City of Lansing that additional wells be driven, and that the water mains be extended to furnish an additional water supply needed in the said city, and also to reinforce some of the water mains now in use, this council having been heretofore advised by the Board of Water and Elec-

tric Light Commissioners that the sum of \$600,000 is needed for said purpose.

Resolved further, That the said water works improvements be made under the direction and supervision of the Board of Water and Electric Light Commissioners of the City of Lansing, and that the question of borrowing the sum of \$600,000 upon the faith and credit of the City of Lansing, and the issuance of the bonds of said city for the purpose of defraying the necessary expenses of said water works improvements be submitted to a vote of the qualified electors of the City of Lansing at a special election to be held in the City of Lansing on the 27th day of July, 1923.

Resolved further, That said bonds if authorized by a three-fifth vote of the qualified electors of said city voting thereon, as required under the laws of the State of Michigan and the Charter of the City of Lansing, shall be designated "City of Lansing Water Works Extension Bonds" and shall be issued and sold by the City of Lansing in accordance with the provisions of the City Charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times, as shall be prescribed by the City Council and to become due and payable not exceeding thirty years from the date of issue, at such time or times as the City council shall by resolution prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually as the council by resolution may prescribe, both principal and interest may be made payable at the office of the City Treasurer of the City of Lansing, or at such other place or places as the council may, by resolution, prescribe.

Resolved further, That the City Clerk be and she hereby is directed to prepare printed ballots substantially in manner and form as follows:

#### OFFICIAL BALLOT.

Shall bonds of the City of Lansing in the sum of \$600,000 for the purpose of driving more wells and extending the water mains to furnish an additional water supply, and also to reinforce some of the water mains now in use, be issued?

YES ( )

NO ( )

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No" as he or she shall desire to vote.

Resolved further, That the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election as prescribed in the Charter of the City of Lansing and the laws of the State of Michigan and that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the City Clerk be and she hereby is directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the City of Lansing, as prescribed in the Charter of the City of Lansing and the laws of the State of Michigan.

The above resolution was placed on file for one week in office of City Clerk in accordance with Section 92 of City Charter.

The following resolution was taken from the table:

By Ald. Trager—

Resolved by the City Council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement for the safety and needs of the inhabitants of the City of Lansing that an addition and extension to the present light and power plant, together with the necessary machinery for the distribution of the electricity be built, added to and equipped to the present plant now in operation in the said city, so as to supply the necessary electric energy for lighting, power and domestic purposes in said city; there being great need of additional electric energy for both public and commercial uses in the city beyond the capacity of the present plant to supply; and this council being advised by the Board of Electric Light and Water Commissioners of the City of Lansing that the sum of \$1,000,000 is needed to build and equip said plant, together with the necessary distribution system therefor. This council therefore determines that the sum of \$1,000,000 is needed to build and equip said plant, in addition to that already had in the said city, and the distribution system therefor.

Resolved further, That the building and equipping of said electric light and power plant, together with the necessary distribution system be made under the direction and supervision of the Board of Water and Electric Light Commissioners of the City of Lansing, and that the question of borrowing the sum of \$1,000,000 upon the faith and credit of the City of Lansing, and the issuance of the bonds of said city for the purpose of defraying the cost of building and equipping said plant and its distribution system be submitted to a vote of the qualified electors of the City of Lansing at the special election to be held in the City of Lansing, on the 27th day of July, 1923.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the State of Michigan and the charter of the City of Lansing, shall be designated "City of Lansing Lighting and Power Bonds," and shall be issued and sold by the City of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times, as shall be prescribed by the city council, and to become due and payable not exceeding thirty years from the date of issue, at such time or times as the city council shall by resolution prescribe; said bonds to bear interest at rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, may prescribe; both principal and interest to be payable at the office of the City Treasurer of the City of Lansing, or at such other places as the council by resolution shall prescribe.

Resolved further, That the City Clerk be and she hereby is directed to prepare printed ballots substantially in manner and form as follows:

## OFFICIAL BALLOT.

Shall bonds of the City of Lansing in the sum of \$1,000,000 for the purpose of adding to and extending the electric light and power plant in the City of Lansing with its necessary distribution system as prescribed in a certain resolution of the city council passed on the 18th day of June, 1923, be issued?

YES ( )

NO ( )

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No" as he or she shall desire to vote.

Resolved further, That the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the charter of the City of Lansing and the laws of the State of Michigan and that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the City Clerk be and she hereby is directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the City of Lansing, as prescribed in the charter of the City of Lansing and the laws of the State of Michigan.

Adopted by the following vote:

Yeas—Ald. Clapham, DeCamp, Howe, Kirch-er, Klock, Leonard, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—12.

Nays—None.

The following resolution was taken from the table:

By Ald. Howe—

Resolved by the City Council of the City of Lansing, Michigan:

That this council, by a three-fifth vote of the members, elect propose that Sections 13, 21, 33, 43, 99, 118 and 126 of the charter of the City of Lansing be amended so that Section 13 shall read as follows:

"An election shall be held in each ward on the first Tuesday after the first Monday in November in the year 1924 and annually thereafter, at such place or places as the council shall order, and special elections shall be held at such time and places and for such purposes as the city council may prescribe, or as may be required by this charter;"

And that Section 21 be amended so that it shall read as follows:

"At the annual election to be held in the City of Lansing in the year 1924, and at each second annual election thereafter, there shall be elected on the city ticket, one Mayor, one Treasurer and one Constable and at the annual election to be held in said city in the year 1925 and at each second annual election thereafter, there shall be elected one City Clerk and one Constable, all of whom shall hold their offices for two years. No person shall be eligible to the office of City Treasurer for two consecutive terms. At each annual election there shall be elected, one City Assessor for a term of three years. At each annual elec-

tion there shall also be elected in each ward, one alderman, who shall hold his office for two years. At the annual election to be held in the year 1927 and at each fourth annual election thereafter, there shall be elected in said city, one Justice of the Peace, who shall hold his office for four years. Each of said officers so elected shall hold his office for the term for which he was elected, and until his successor is elected and qualified, all officers elected as herein provided shall enter upon the duties of their respective offices on the second Monday in January next following such election;"

And that Section 33 be amended so that it shall read as follows:

"When a vacancy occurs in the office of alderman or when he refuses or neglects to take the oath of office or when his election is declared void by a proper tribunal, the city council shall immediately order a special election to be held in the ward for which such officer was chosen; provided that in case any such vacancy shall occur in the said office of alderman within three months before the first Tuesday after the first Monday in November in any year, it shall be optional with the city council to order a special election as it shall deem expedient. Whenever any officer shall resign or shall be removed from office, or the term for which he shall have been elected or appointed shall expire, he shall deliver over to his successor in office forthwith, all the books, papers, monies and effects in his custody as such officer and in any way appertaining to his office, and every person violating this provision shall be deemed guilty of a misdemeanor and may be proceeded against in the same manner as public officers generally for a like offense under the general laws of this state now or hereafter in force or applicable thereto; and every officer appointed or elected under this charter shall be deemed an officer within the meaning and provision of such general laws of this state;"

And that Section 43 be amended so that it shall read as follows:

"On the second Monday in January in each year the city council shall elect one of its members president of the council, who in the absence of the Mayor shall preside at the meeting thereof and who shall have a vote upon all occasions. In the absence of the Mayor and President the council shall appoint one of its number to preside;"

And that Section 99 be amended so that it shall read as follows:

"The Mayor shall on the second Monday in January in each year, or as soon thereafter as may be, by and with the consent of the city council, appoint such standing committees as may be provided by the rules of the council; and he shall also, by and with the consent of the city council, appoint one city attorney, one city comptroller, one city engineer, one superintendent of public works, one director of the poor, one sealer of weights and measures, provided, the mayor may, by and with the consent of the city council, dispense with either the director of the poor, or the sealer of weights and measures, imposing the duties of the aforesaid officers on one officer; and so many pound masters, weight masters, auctioneers, janitors, and en-

gineers, as the council may from time to time deem necessary, and such other officers as may be necessary to carry into effect the powers granted by this charter, who shall hold their offices during the pleasure of the mayor, and until his successor is appointed and has qualified, unless removed in accordance with the provisions of this charter. Whenever any officer appointed by the provisions of this charter, shall, from any cause, be unable to perform the duties of his office, the mayor by and with the consent of the city council, shall have power to appoint any officer who shall perform the duties of the office until such inability shall cease;"

And that Section 118 be amended so that it shall read as follows:

"It shall be the duty of said Justice of the Peace at the second regular meeting of the city council in each of the months of January, April, July and October in each year, to account on oath before the city council for all such moneys, goods, wares and merchandises, seized as stolen property, as shall then remain unclaimed in the office of said Justice of the Peace, and immediately thereafter to give notice for four weeks in one of the public newspapers printed in said city, to all persons interested or claiming such property; Provided, always, that if any goods, wares, merchandise or chattels of a perishable nature, or which shall be expensive to keep, shall at any time remain unclaimed in the office of said justice, it shall be lawful for said justice to sell the same at public auction, at such time, and after such notice as to him and the city council seem proper;"

And that Section 126 be amended so that it shall read as follows:

"The clerk of the justice court is hereby empowered to take complaints in criminal causes, and swear the complaining witnesses thereof. Said clerk shall also, by virtue of his office, be empowered to administer oaths to persons making affidavits for writs in civil causes and issue all civil processes and attest the same in the name of the justice of the peace. The said clerk of the justice court is also hereby empowered to sign summons and subpoenas, in accordance with Act Number Thirty-five of the Public Acts of Nineteen Hundred Eleven.

All fees in civil causes and all fines imposed in criminal causes, shall be collected by such clerk, and all such fees and fines received by him shall be entered in a book kept by him for that purpose, and by him shall be paid over to the City Treasurer daily. And on or before the second Monday in January of each year, or more often if deemed necessary, the city council shall cause an audit of the books of such clerk to be made, for the purpose of ascertaining the correctness of the books kept, and the payment to the City Treasurer of all moneys collected by him.

All sections and parts of sections of said charter inconsistent with the foregoing amendments, are hereby repealed and the present term of office of all elective and appointive officers whose term of office is effected by this amendment, shall be extended to the second Monday in January next following the date when said present term of office would have expired had this amendment not been made.

Resolved further, That the foregoing amendments to the city charter be submitted to the

qualified electors of the said city of Lansing at the special election to be held in said city on the 20th day of July, 1923;

Resolved further, That such amendments, when submitted, shall be printed upon a ballot which shall be prepared in substance in the following manner:

#### OFFICIAL BALLOT.

Shall Sections 13, 21, 33, 43, 99, 118 and 126 of the Charter of the City of Lansing be amended so that the same shall read as follows:

Section 13: "An election shall be held in each ward on the first Tuesday after the first Monday in November in the year 1924 and annually thereafter, at such place or places as the council shall order, and special elections shall be held at such time and places and for such purposes as the city council may prescribe, or as may be required by this charter;"

And that Section 21 be amended so that it shall read as follows:

"At the annual election to be held in the City of Lansing in the year 1924, and at each second annual election thereafter, there shall be elected on the city ticket, one Mayor, one Treasurer and one Constable and at the annual election to be held in said city in the year 1925 and at each second annual election thereafter, there shall be elected one City Clerk and one, Constable, all of whom shall hold their offices for two years. No person shall be eligible to the office of City Treasurer for two consecutive terms. At each annual election there shall be elected, one City Assessor for a term of three years. At each annual election there shall also be elected in each ward, one alderman, who shall hold his office for two years. At the annual election to be held in the year 1927 and at each fourth annual election thereafter, there shall be elected in said city, one Justice of the Peace, who shall hold his office for four years. Each of said officers so elected shall hold his office for the term for which he was elected, and until his successor is elected and qualified. All officers elected as herein provided shall enter upon the duties of their respective offices on the second Monday in January next following such election;"

And that Section 33 be amended so that it shall read as follows:

"When a vacancy occurs in the office of alderman or when he refuses or neglects to take the oath of office or when his election is declared void by a proper tribunal, the city council shall immediately order a special election to be held in the ward for which such officer was chosen; provided that in case any such vacancy shall occur in the said office of alderman within three months before the first Tuesday after the first Monday in November in any year, it shall be optional with the city council to order a special election as it shall deem expedient. Whenever any officer shall resign or shall be removed from office, or the term for which he shall have been elected or appointed shall expire, he shall deliver over to his successor in office forthwith, all the books, papers, monies and effects in his custody as such officer and in any way appertaining to his office, and every person violating this pro-

vision shall be deemed guilty of a misdemeanor and may be proceeded against in the same manner as public officers generally for a like offense under the general laws of this state now or hereafter in force or applicable thereto; and every officer appointed or elected under this charter shall be deemed an officer within the meaning and provision of such general laws of this state;

And that Section 43 be amended so that it shall read as follows:

"On the second Monday in January in each year the city council shall elect one of its members president of the council, who in the absence of the Mayor shall preside at the meeting thereof and who shall have a vote upon all occasions. In the absence of the Mayor and President the council shall appoint one of its number to preside;"

And that Section 99 be amended so that it shall read as follows:

"The Mayor shall on the second Monday in January in each year, or as soon thereafter as may be, by and with the consent of the city council, appoint such standing committees as may be provided by the rules of the council; and he shall also, by and with the consent of the city council, appoint one City Attorney, one City Comptroller, one City Engineer, one Superintendent of Public Works, one Director of the Poor, one Sealer of Weights and Measures, provided, the Mayor may, by and with the consent of the city council, dispense with either the Director of the Poor, or the Sealer of Weights and Measures, imposing the duties of the aforesaid officers on one officer; and so many pound masters, weight masters, auctioneers, janitors and engineers, as the council may from time to time deem necessary, and such other officers as may be necessary to carry into effect the powers granted by this charter, who shall hold their offices during the pleasure of the Mayor and until his successor is appointed and has qualified, unless removed in accordance with the provisions of this charter. Whenever any officer appointed by the provisions of this charter, shall, from any cause, be unable to perform the duties of his office, the Mayor by and with the consent of the city council, shall have power to appoint any officer who shall perform the duties of the office until such inability shall cease;"

And that Section 118 be amended so that it shall read as follows:

"It shall be the duty of said Justice of the Peace at the second regular meeting of the city council in each of the months of January, April, July and October in each year, to account on oath before the city council for all such moneys, goods, wares and merchandise, seized as stolen property, as shall then remain unclaimed in the office of said Justice of the Peace, and immediately thereafter to give notice for four weeks in one of the public newspapers printed in said city, to all persons interested or claiming such property; Provided, always, that if any goods, wares, merchandise or chattels of a perishable nature, or which shall be expensive to keep, shall at any time remain unclaimed in the office of said justice, it shall be lawful for said justice to sell the same at public auction, at such time, and after such notice as to him and the city council seem proper;"

And that Section 126 be amended so that it shall read as follows:

"The clerk of the justice court is hereby empowered to take complaints in criminal causes, and swear the complaining witnesses thereof. Said clerk shall also, by virtue of his office, be empowered to administer oaths to persons making affidavits for writs in civil causes and issue all civil processes and attest the same in the name of the justice of the peace. The said clerk of the justice court is also hereby empowered to sign summonses and subpoenas, in accordance with Act Number Thirty-five of the Public Acts of Nineteen Hundred Eleven.

All fees in civil causes and all fines imposed in criminal causes, shall be collected by such clerk, and all such fees and fines received by him shall be entered in a book kept by him for that purpose, and by him shall be paid over to the City Treasurer daily. And on or before the second Monday in January of each year, or more often if deemed necessary, the city council shall cause an audit of the books of such clerk to be made, for the purpose of ascertaining the correctness of the books kept, and the payment to the City Treasurer of all moneys collected by him.

All sections and parts of sections of said charter inconsistent with the foregoing amendments, are hereby repealed and the present term of office of all elective and appointive officers whose term of office is effected by this amendment, shall be extended to the second Monday in January next following the date when said present term of office would have expired had this amendment not been made.

That the resolution of Ald. Chapman introduced April 9, 1923, relative to a contract with the M. U. T. be taken from the table.

Carried.

By Ald. Klock—

Resolved by the City Council of the City of Lansing:

That the Mayor and the City Clerk be and are hereby authorized and directed to execute, on behalf of the City of Lansing, the annexed contract with John F. Collins, receiver of the

Michigan United Railway company, and the Michigan United Railway Company, relative to the removal of the Street Railway tracks from Shiawassee Street, and compensating said company for the damage resulting from the change of grade of Shiawassee Street opposite its said premises.

"This agreement, made this ——— day of March, 1923, by and between the City of Lansing, party of the first part, and John F. Collins, receiver of the Michigan United Railways company, party of the second part, and the Michigan United Railways Company, of the third part, witnesseth:

Whereas, the City of Lansing is about to make a certain public improvement on Shiawassee Street in said city by which the grade of said street is changed in front of the premises and car barns of the Michigan United Railways company, and

Whereas, such change of grade necessitates the removal of the tracks of the Michigan United Railways company from said street and an alteration in said car barns whereby the said railway company will enter its premises off from Cedar Street as shown on attached blue print No. T-4-14h and made a part hereof and

Whereas, the parties hereto have mutually agreed that the damages that should be awarded to the said John F. Collins as receiver and said Michigan United Railways company for said change of grade and expenses necessitated by the change and alteration of said car barns and relaying of tracks, etc., is the sum of twenty thousand (\$20,000) dollars.

Now therefore, it is mutually agreed as follows:

(1) The said John F. Collins as receiver with the approval of the court, and the said Michigan United Railways company hereby consent and agree to remove the tracks and trolley wire of the said Michigan United Railways company on Shiawassee Street and to make entry into said car barns off from Cedar Street, as shown by attached blue print, as soon as said work can be reasonably performed: and said party of the first part will at its own expense do what paving and changing of grade of the street it so desires after said tracks and trolley wire have been removed from said Shiawassee Street.

(2) The City of Lansing agrees, in consideration of the removal of said tracks and as compensation for the damages and expenses involved in said removal and the change of grade of said street, to pay to the said John F. Collins a receiver, as aforesaid, the sum of twenty thousand (\$20,000) dollars, to be paid and allowed to said receiver by a credit upon the paving taxes assessed against the Michigan United Railways company by the said City of Lansing for the Eats Michigan Avenue pavement, said credit to be made as of April 1, 1923, a receipt for such tax is to be duly issued to the said John F. Collins, as receiver, by the City Treasurer of the said City of Lansing.

(3) The City of Lansing gives and grants unto the said John F. Collins, receiver, as aforesaid, and the said Michigan United Railways company, and to its successors and assigns, permission to enter its premises off from Cedar Street, as shown on the blue print here-

to attached, and to use said street for said purposes so long as the Railway Franchise is in force.

(4) The City of Lansing agrees to excavate and remove all earth to the proper grade, as approved by the Chief Engineer of said second and third parties, for the installation of the tracks, buildings, and driveways between Cedar Street and the west line of the Railway company's property, and southerly from the car house to the south line of the Railway company's property, at its own expense, as it is understood that the expense of excavating and removing this earth is additional damages from that set forth in paragraph two (2) of this agreement.

In consideration of the foregoing, the said John F. Collins, as receiver, and the said Michigan United Railways company hereby each waive all further claims and demands for damages to its said premises or for expenses incurred in connection therewith, as above set forth, against the said City of Lansing by reason of said public improvement.

In witness whereof, the parties hereto have caused this instrument to be signed by the Mayor and City Clerk of the said City of Lansing, and by the said John F. Collins, as receiver, and the Michigan United Railways company, the day and year first above written.

## REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending June 23, 1923, was received and placed on file.

A communication was received from Judson E. Pratt, City Comptroller, relative to the need of Steel Filing Cabinet, for the filing of valuable papers, etc.

Referred to Committee on Supplies.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

February 5th the Superintendent of Public Works was ordered by your honorable body to buy and erect street signs wherever necessary. 1,000 angle irons were purchased at a cost of \$1,105.91 and 713 signs, costing \$773.69 besides the cost of placing, but these are only a small part of those needed, as there are so many new streets and many more have been extended and names changed. I find many streets where the signs originally placed can not be read at all, and others entirely gone.

I am asking for instructions, whether I am to erect signs the entire length of these streets, or only fill in where there are none. It would seem to me much better for the appearance of our city to have uniform signs, and while the cost would be some greater now, it would be cheaper in the end, as the old ones we try to use now would have to be replaced by another year, and in buying a smaller number

we might not be allowed the discount we are now getting.

Respectfully submitted,  
I. D. SCHAFER,  
Superintendent of Public Works.

Referred to Committee on Streets.

To the Honorable Mayor and City Council of the City of Lansing:

Lansing, June 25, 1923.

Gentlemen:

I herewith submit to your honorable body, the following Supplementary Assessment Roll, to Actual Cost:

1230 feet sewer in Francis Street, Franklin Avenue to Saginaw Street.

760 feet sewer in Magnolia Avenue, Kalamazoo Street to Lot 304, Leslie Park Sub.

400 feet sewer in Sycamore Street from Genesee Street to Lapeer.

Curb and gutter on Jenison Drive from Shiawassee to Genesee Streets.

Grading and graveling, Magnolia Avenue from Kalamazoo Street to P. M. R. R. Right of Way.

Grading and graveling Francis Street, Franklin Avenue to Saginaw.

Grading and graveling Foster Avenue, Vine Street to Fernwood Street.

Grading and graveling Francis Street from Michigan Avenue to N. line of Prospect Street.

Respectfully submitted,  
JOHN S. BENNETT,  
Assessor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

Due to the rusted condition of some members of the River Street bridge and the inherent weakness of the bridge for present day traffic I recommend that the bridge be closed to vehicular traffic.

Respectfully submitted,  
O. E. ECKERT,  
City Engineer.

By Ald. Avery—

That the recommendation be adopted.

Carried.

To the Honorable Mayor and City Council: Gentlemen:

As it will be necessary to publish the notice of the special election not later than Wednesday of this week, will you please instruct me in which paper or papers you wish the notice to appear.

Respectfully,  
BERTHA RAY,  
City Clerk.

By Ald. Templeton—

That the clerk be instructed to publish the notice of the special election to be held July 27th in the Lansing Capital News and The State Journal.

By Ald. Avery—

Resolved by the City Council of the City of Lansing:

That the Mayor and the City Clerk be and are hereby authorized and directed to execute,

on behalf of the City of Lansing, the annexed contract with John F. Collins, receiver of the Michigan United Railway Company, and the Michigan United Railway Company, relative to the removal of the Street Railway tracks from Shiawassee Street, and compensating said company for the damage resulting from the change of grade of Shiawassee Street opposite its said premises.

This Agreement, Made this ——— day of June, 1923, by and between the City of Lansing, party of the first part, and John F. Collins, Receiver of the Michigan United Railways Company, party of the second part, and the Michigan United Railways Company, of the third part, Witnesseth:

Whereas, the City of Lansing is about to make a certain public improvement on Shiawassee Street in said city by which the grade of said street is changed in front of the premises and car barns of the Michigan United Railways Company, and

Whereas, Such change of grade necessitates the removal of the tracks of the Michigan United Railways Company from said street and an alteration in said car barns whereby the said railway company will enter its premises off from Cedar Street as shown on attached blue print No. T-4-14h and made a part hereof, and

Whereas, the parties hereto have mutually agreed that the damages that should be awarded to the said John F. Collins as Receiver and said Michigan United Railways Company for said change of grade and expenses necessitated by the change and alteration of said car barns and the relaying of tracks, etc., is the sum of Twenty Thousand (\$20,000) Dollars in addition to removing the dirt as provided in paragraph four of this agreement.

Now Therefore, It is mutually agreed as follows:

(1) The said John F. Collins, as Receiver, with the approval of the court, and the said Michigan United Railways Company hereby consent and agree to remove the tracks and trolley wire of the said Michigan United Railways Company on Shiawassee Street to make entry into said car barns off from Cedar Street, as shown by attached blue print, as soon as said work can be reasonably performed; and said party of the first part will at its own expense do what paving and changing of grade of the street it so desires after said tracks and trolley wire have been removed from said Shiawassee Street.

(2) The City of Lansing agrees, in consideration of the removal of said tracks and as compensation for the damages and expenses involved in said removal and the change of grade of said street, to pay to the said John F. Collins as Receiver, as aforesaid, the sum of Twenty Thousand (\$20,000) Dollars, to be paid and allowed to said Receiver by a credit upon the paving taxes assessed against the Michigan United Railways Company by the said City of Lansing for the East Michigan Avenue pavement, said credit to be made as of April 1, 1923, a receipt for such tax is to be duly issued to the said John F. Collins, as Receiver, by the City Treasurer of the said City of Lansing.

(3) The City of Lansing gives and grants unto the said John F. Collins, Receiver, as

aforesaid, and the said Michigan United Railways Company, and to its successors and assigns, permission to enter its premises off from Cedar Street as shown on the blue print hereto attached, and to use said street for said purpose.

(4) The City of Lansing agrees to excavate and remove all earth to the proper grade, as approved by the Chief Engineer of said second and third parties, for the installation of the tracks, buildings, and driveways between Cedar Street and the west line of the Railway Company's property and southerly from the Car House to the south line of the Railway Company's property, at its own expense, as it is understood that the expense of excavating and removing this earth is additional damages from that set forth in paragraph two (2) of this agreement.

In consideration of the foregoing, the said John F. Collins, as Receiver, and the said Michigan United Railways Company hereby each waive all further claims and demands for damages to its said premises or for expenses incurred in connection therewith, as above set forth, against the said City of Lansing by reason of said public improvement.

In Witness Whereof, the parties hereto have caused this instrument to be signed by the Mayor and City Clerk of the said City of Lansing, and by the said John F. Collins, as Receiver, and the Michigan United Railways Company, the day and year first above written.

The Committee on Ordinances to whom was referred the resolution of Ald. Trager to take from the table Ordinance to amend sections 4, 5, 6 and 19 of ordinance known as "Traffic Ordinance," begs leave to report as follows:

We recommend that the ordinance be adopted as amended and as hereto attached.

E. S. AVERY,  
A. H. LEONARD,  
W. E. TRAGER,  
Committee on Ordinances.

Committee on Ordinances.

An ordinance to amend sections numbered 4, 5, 6, and 19 of the ordinance entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the City of Lansing," adopted August 25, 1920.

The City of Lansing ordains:

Section 1.—That sections numbered 4, 5, 6, and 19 of the ordinance entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any

of the streets of the City of Lansing," be amended so that said sections shall read as follows:

Section 4. Drivers or operations of vehicles, before turning, stopping or changing their course, shall make sure that, such movement can be made with safety, and before so doing shall give a timely warning signal to other drivers by extending the arm beyond and outside of the side of the vehicle, holding the same in such position for a sufficient time to appraise approaching drivers of vehicles of his intention to change his course or stop, as the case may be. Any vehicle driving into another street to the right shall turn the corner as near to the right-hand corner as practicable. Vehicles driving into the street to the left shall pass to the right of and beyond the center of the street intersection before turning. Vehicles crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street toward which the crossing is made. Vehicles moving slowly must keep as close to the right-hand curb as possible, allowing more swiftly passing vehicles passage to the left. No vehicle shall have the right of way through any procession or parade without the permission of a police officer, except vehicles carrying United States mail. No vehicle shall cross any street upon which there is any traffic officer, without the permission of such officer, and if the traffic signal is against the driver he must bring his car to a full stop, at the near edge of the crosswalk or lot line until signaled to proceed by the traffic officer, except in case such vehicle is making a right-handed turn onto the intersecting street. No vehicle shall remain backed up to the curb unless for the purpose of loading or unloading, and in such case no longer than the usual loading or unloading requires. Any horse or horses attached to the vehicle backed up to the curb shall be turned at right angles to the vehicle, and in the direction in which the traffic on that side of the street is moving.

No vehicle shall be turned around in the center of the block within the 30 minute or one hour parking limit districts, hereinafter described, but must make the turn at the street intersection.

Section 5. The driver or operator of every vehicle shall give some plain or audible signal of his approach to other vehicles or pedestrians upon the streets. No driver or operator shall drive past a street car which is stopped to take on or let off passengers, except at such crossings where a traffic officer is stationed, or where there is a raised loading platform. No vehicle shall be driven with its muffler open. Heavily laden and slow moving vehicles shall not be driven abreast upon the street, but one must follow the other and keep as near to the right hand curb as possible. No vehicle shall stand on any street except within two feet of the curb, whether parked or in the presence of the driver or operator.

Section 6. All vehicles shall, except as hereinafter provided, be parked parallel to and within two feet of the curb, provided that on streets which are not equipped with a curb that such vehicles shall park parallel to and within two feet of the gutter line. Provided further, that all vehicles shall be parked par-

allel on but one side of the following streets, viz.: on Ottawa street west between Capitol avenue and Walnut Street on the North side of Ottawa street; on Allegan street west between Capitol avenue and Walnut street; on the south side of Allegan street; on Washington avenue south from the Grand Trunk tracks to Baker street on the west side of Washington avenue; on Baker street from Washington avenue to Cedar street on the south side of Baker street; on Isaac street from Chestnut street to Logan street on the north side of Isaac street; on Logan street south from Isaac street to the Grand Trunk railway tracks on the west side of Logan street; on Capitol avenue south from Kalamazoo street to Lenawee street on the east side of Capitol avenue; on Townsend street from Kalamazoo street to Lenawee street on the west side of Townsend street. Provided further, that on Washington avenue, from Lenawee street to the center of the block between Shiawassee street and Genesee street; on Grand avenue from Ottawa street to Washtenaw street; on Michigan avenue from Capitol avenue to the east side of the bridge over Grand river; on Ionia street from Capitol avenue to Grand avenue; on Ottawa street from Capitol avenue to Grand avenue; on Allegan street from Capitol avenue to Grand avenue; on Washtenaw street from Capitol avenue to Grand avenue and Kalamazoo street from Capitol avenue to Grand avenue, cars shall not be parked for a longer period than one hour. Provided further, that on both sides of the street in each block of above district a space not less than 50 feet in width shall be marked off by plain legible signs wherein the parking limit shall be 30 minutes. Provided further, that above mentioned parking limit restrictions shall only apply during the hours between 8 a. m., and 6 p. m. Provided further, that no vehicles shall be parked in the north half of the block on Washington avenue between Shiawassee street and Genesee street. Provided further, that on Washington avenue from Lenawee street to the center of the block between Shiawassee street and Genesee street and on Michigan avenue from Capitol avenue to the M. C. R. R. tracks all vehicles shall be parked to an angle of 45 degrees. Provided further, that on Turner street from Franklin avenue to Clinton street and on Washington avenue north from a point 68 feet south of Franklin avenue, and north to Willow street, all vehicles shall be parked at an angle of 45 degrees. No vehicles shall be parked for a distance of thirty feet in front of the entrance of hotels and theatres, provided that the chief of police causes suitable "No Parking" signs to be placed in front of said theater and hotel entrances. No vehicles shall double park on any street. No vehicle shall stop on any crosswalk. No vehicle shall park within fifteen feet of any fire hydrant. Every vehicle, when left standing on any street, if not in the immediate presence or control of the driver or operator shall, if propelled by horse, the said horse shall be hitched, and if a motor vehicle shall have its engine or other propelling mechanism or motive power stopped and not running.

Section 19. All vehicles approaching a street on which street cars are operating, shall come to a full stop before entering upon such street. On other street crossings the vehicle ap-

proaching from the right shall have the right of way.

Received and placed on file.

The Special Committee to whom was referred the settlement with the Michigan Railways Co., in the matter of damages, begs leave to report as follows:

The Committee calls attention to Sec. (11) of Ordinance (No. 50) which plainly states that the city is not liable to the Railway Co. on account of change of grade or other improvement. We therefore recommend that the City Attorney take the necessary steps to compel the Michigan Railways Co. to remove at once such portion of their tracks as may be necessary to allow the completion of the Shiawassee Street Bridge.

By Ald. Avery—

Resolved by the City Council of the City of Lansing:

That the Mayor and the City Clerk be and are hereby authorized and directed to execute, on behalf of the City of Lansing, the annexed contract with John F. Collins, receiver of the Michigan United Railway Company, and the Michigan United Railway Company, relative to the removal of the Street Railway tracks from Shiawassee Street, and compensating said company for the damage resulting from the change of grade of Shiawassee Street opposite off from Cedar Street as shown on attached its said premises.

This Agreement, Made this \_\_\_\_\_ day of June, 1923, by and between the City of Lansing, party of the first part, and John F. Collins, Receiver of the Michigan United Railways Company, party of the second part, and the Michigan United Railways Company, of the third part, Witnesseth:

Whereas, the City of Lansing is about to make a certain public improvement on Shiawassee Street in said city by which the grade of said street is changed in front of the premises

and car barns of the Michigan United Railways Company, and

Whereas, Such change of grade necessitates the removal of the tracks of the Michigan United Railways Company from said street and an alteration in said car barns whereby the said railway company will enter its premises blue print No. T-4-14h and made a part hereof, and

Whereas, the parties hereto have mutually agreed that the damages that should be awarded to, the said John F. Collins as Receiver and said Michigan United Railways Company for said change of grade and expenses necessitated by the change and alteration of said car barns and the relaying of tracks, etc., is the sum of Twenty Thousand (\$20,000.00) Dollars in addition to removing the dirt as provided in paragraph four of this agreement.

Now Therefore, It is mutually agreed as follows:

(1) The said John F. Collins, as Receiver, with the approval of the court, and the said Michigan United Railways Company hereby consent and agree to remove the tracks and trolley wire of the said Michigan United Railways Company on Shiawassee Street to make entry into said car barns off from Cedar Street, as shown by attached blue print, as soon as said work can be reasonably performed; and said party of the first part will at its own expense do what paying and changing of grade of the street it so desires after said tracks and trolley wire have been removed from said Shiawassee Street.

(2) The City of Lansing agrees, in consideration of the removal of said tracks and as compensation for the damages and expenses involved in said removal and the change of grade of said street, to pay to the said John F. Collins as Receiver, as aforesaid, the sum of Twenty Thousand (\$20,000) Dollars, to be paid and allowed to said Receiver by a credit upon the paving taxes assessed against the Michigan United Railways Company by the said City of Lansing for the East Michigan Avenue pavement, said credit to be made as of April 1, 1923, a receipt for such tax is to be duly issued to the said John F. Collins, as Receiver, by the City Treasurer of the said City of Lansing.

(3) The City of Lansing gives and grants unto the said John F. Collins, Receiver, as aforesaid, and the said Michigan United Railways Company, and to its successors and assigns, permission to enter its premises off from Cedar Street as shown on the blue print hereto attached, and to use said street for said purpose.

(4) The City of Lansing agrees to excavate and remove all earth to the proper grade, as approved by the Chief Engineer of said second and third parties, for the installation of the tracks, buildings, and driveways between Cedar Street and the west line of the Railway Company's property and southerly from the Car House to the south line of the Railway Company's property, at its own expense, as it is understood that the expense of excavating and removing this earth is additional damages from that set forth in paragraph two (2) of this agreement.

In consideration of the foregoing, the said John F. Collins, as Receiver, and the said

Michigan United Railways Company hereby each waive all further claims and demands for damages to its said premises or for expenses incurred in connection therewith, as above set forth, against the said City of Lansing by reason of said public improvement.

In Witness Whereof, the parties hereto have caused this instrument to be signed by the Mayor and City Clerk of the said City of Lansing, and by the said John F. Collins, as Receiver, and the Michigan United Railways Company, the day and year first above written.

The report of the Gas Inspector for the month of June and for the week ending June 30, 1923, was received and placed on file.

To Hon. Mayor and Common Council of the City of Lansing, Michigan.

Gentlemen:

We have insufficient room to accommodate the business of this court. The room occupied by the clerks is much too small, and there is no way of making it larger except by removing one of the partitions. This can be done at small expense and would give us ample room for some time to come.

As matters stand now, our quarters are so cramped that we cannot work with speed or convenience and an increase in room is quite imperative.

Hoping this will be given consideration. I am  
 Yours respectfully,

RICHARD RAUDABAUGH.

### CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons in-

terested in the construction of approximately 1,460 feet of sewer in Saginaw street from Cedar Street to Summit in the 32, 25, 35 sewer and drain districts of the City of Lansing, having been duly given as required by the charter of said city, and the said Common Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said Common Council that such sewer is a necessary public improvement; and it is determined by such Common Council to construct the same as originally set forth in a resolution adopted by such Common Council on the 11th day of June, A. D. 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said Common Council, for the construction of said sewer passed upon the 11th day of June, A. D. 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$14,700.00 of which one-sixth or \$2,450.00 shall be paid from the general sewer fund and the remainder or \$12,250.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the districts above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said districts in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—16.

The following resolution was then before the Council:

By Ald. Avery—

Resolved by the City Council of the City of Lansing:

That the Mayor and the City Clerk be and are hereby authorized and directed to execute, on behalf of the City of Lansing, the annexed contract with John F. Collins, receiver of the Michigan United Railway Company, and the Michigan United Railway Company, relative to the removal of the Street Railway tracks from Shiawassee Street, and compensating said company for the damage resulting from the change of grade of Shiawassee Street opposite off from Cedar Street as shown on attached its said premises.

This Agreement, Made this \_\_\_\_\_ day of June, 1923, by and between the City of Lansing, party of the first part, and John F. Collins, Receiver of the Michigan United Railways Company, party of the second part, and the Michigan United Railways Company, of the third part, Witnesseth:

Whereas, the City of Lansing is about to make a certain public improvement on Shiawassee Street in said city by which the grade of said street is changed in front of the premises and car barns of the Michigan United Railways Company, and

Whereas, Such change of grade necessitates the removal of the tracks of the Michigan United Railways Company from said street and an alteration in said car barns whereby the said railway company will enter its premises blue print No. T-4-14h and made a part hereof, and

Whereas, the parties hereto have mutually agreed that the damages that should be awarded to the said John F. Collins as Receiver and said Michigan United Railways Company for said change of grade and expenses necessitated by the change and alteration of said car barns and the relaying of tracks, etc., is the sum of Twenty Thousand (\$20,000.00) Dollars in addition to removing the dirt as provided in paragraph four of this agreement.

Now Therefore, It is mutually agreed as follows:

(1) The said John F. Collins, as Receiver, with the approval of the court, and the said Michigan United Railways Company hereby consent and agree to remove the tracks and trolley wire of the said Michigan United Railways Company on Shiawassee Street to make entry into said car barns off from Cedar Street, as shown by attached blue print, as soon as said work can be reasonably performed; and said party of the first part will at its own expense do what paving and changing of grade of the street it so desires after said tracks and trolley wire have been removed from said Shiawassee Street.

(2) The City of Lansing agrees, in consideration of the removal of said tracks and as compensation for the damages and expenses involved in said removal and the change of grade of said street, to pay to the said John F. Collins as Receiver, as aforesaid, the sum of Twenty Thousand (\$20,000) Dollars, to be paid and allowed to said Receiver by a credit upon the paving taxes assessed against the Michigan United Railways Company by the said City of Lansing for the East Michigan Avenue pavement, said credit to be made as of April 1, 1923, a receipt for such tax is to be duly issued to the said John F. Collins, as Receiver, by the City Treasurer of the said City of Lansing.

(3) The City of Lansing gives and grants unto the said John F. Collins, Receiver, as aforesaid, and the said Michigan United Railways Company, and to its successors and assigns, permission to enter its premises off from Cedar Street as shown on the blue print hereto attached, and to use said street for said purpose.

(4) The City of Lansing agrees to excavate and remove all earth to the proper grade, as approved by the Chief Engineer of said second and third parties, for the installation of the tracks, buildings, and driveways between Cedar Street and the west line of the Railway Company's property and southerly from the Car House to the south line of the Railway Company's property, at its own expense, as it is understood that the expense of excavating and removing this earth is additional damages from that set forth in paragraph two (2) of this agreement.

In consideration of the foregoing, the said John F. Collins, as Receiver, and the said Michigan United Railways Company hereby

each waive all further claims and demands for damages to its said premises or for expenses incurred in connection therewith, as above set forth, against the said City of Lansing by reason of said public improvement.

In Witness Whereof, the parties hereto have caused this instrument to be signed by the Mayor and City Clerk of the said City of Lansing, and by the said John F. Collins, as Receiver, and the Michigan United Railways Company, the day and year first above written.

By Ald. Avery—

Whereas, It appears that J. Henry Moores in his lifetime undertook to convey to Phoebe M. Cronk, a parcel of land in the City of Lansing, described as the east twenty-seven (27) feet of lot one (1) and the east twenty-seven (27) feet of the north twenty two (22) feet of lot two (2) of block one hundred sixty-four (164);

And whereas also, It appears that said parcel of land was not twenty-seven feet in width, but was, in fact, twenty-three and one-half feet, leaving a shortage of three and one-half feet in the amount of land actually conveyed;

And whereas also, It appears by a certificate of valuation signed by the appraisal committee of the Lansing Real Estate Board that the estimated value of said three and one-half feet is Seven Hundred and Fifty Dollars, said amount being the loss or damage to Mrs. Cronk in the conveyance of the lands to her.

And whereas also, The Detroit Trust Company, Trustee under the will of said J. Henry Moores is willing to re-imburse the said Phoebe M. Cronk for her damages, as aforesaid, if it is consented to by the residuary legatees under the will of the said J. Henry Moores, the said residuary legatees being the City of Lansing, Howard O. Moores and Herbert M. Weed;

And whereas, It also appears that said Moores and Weed have consented that the Detroit Trust Company may use and apply said sum of money in paying the damage to Mrs. Cronk as aforesaid.

In view whereof, it is resolved by the City Council that the City of Lansing is willing to consent to the payment of the aforesaid sum of money to the said Phoebe M. Cronk in full settlement of her damage aforesaid, and that the Mayor and Clerk of the City of Lansing be authorized and empowered to execute on behalf of the City such proper written consent as may be required by said

Trust Company in the adjustment of this matter.

Nays—Ald. McKale.—1.

### COMMITTEE REPORT.

We, your City Building Inspectors to whom was referred the bill of Roy F Brown for erecting canopies over entrance doors, repairing doors throughout, and filling and grading the grounds at City Hospital, beg leave to report, as follows:

We have examined this work, the material used, and have gone very carefully over the bill rendered for services and material, and we find material bills o. k., but it would be impossible to check the labor bills.

And we recommend that item on bill of \$1,257.99 plus 10 per cent be allowed, \$1,383.78.

We do not find where it has ever been customary to add 10 per cent overhead on any work in the City of Lansing.

O. J. SCHUON,  
B. K. SMITH,  
O. HILDRETH,

Building Inspectors.

By Ald. Leonard—

That we concur in the report of Building Committee and that it be referred again to Committee on Claims and Accounts.  
Carried.

### REPORTS OF CITY OFFICERS.

The report of the City Gas Inspector for the week ending July 14, 1923, was received and placed on file.

To the Honorable Mayor and City Council:  
the City of Lansing:

Gentlemen:

On account of ill health, I herewith tender you my resignation as City Assessor to take immediate effect. Thanking you for the courtesy shown me in the past, I am,

Your respectfully,  
ERNEST DELL,

July 16, 1923.

By Ald. Howe—

That the resignation be accepted.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Trager, Vandervoort,—14.

Nays—None.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

I herewith report that on July 12, I sold in Detroit to Bishop, Holmes, Hammond & Jackson, 60 hogs weighing 16,600 lbs. at \$7.75 per hundred and received a check for \$1,220.20 which was credited to garbage disposal.

Respectfully,

GEO. A. CANFIELD,  
Supt. of Garbage.

Received and placed on file.

To the Hon. Mayor and City Council,

Gentlemen:

Upon checking up the securities turned over to the City from the estate of J. H. Moores, deceased, I find that on or about January 20, 1922, a number of securities were deposited with the City Treasurer and not entered on the books of the City.

At the present time I am making a complete list of all securities and when completed, an additional entry will have to be made in the journal to show a true condition of the ledger account, known as "Moores and Francis Park Special Reserve."

I will have this completed and final balance sheet in the hands of the Auditors not later than Thursday, July 19th, and I respectfully request that the Auditors, J. J. Jerome & Co., be given until next Monday night, July 23rd, in which to make their final report.

Respectfully,

F. H. PRESLEY,  
Ex. City Comptroller.

Received and placed on file.

To the Honorable Mayor and City Council:

Gentlemen:

In reference to the claim of the Standard Sanitary Manufacturing Company, permit me to say that I have investigated their claim and as far as I am able to learn and ascertain from the Bills of Lading and contract between the City and said parties, that the City is still indebted to them for the amount claimed as a balance upon said bill, amounting to \$267.83. I may not be absolutely correct as to the balance of these items, but I determined the same from the bills rendered and understand that the City is objecting to the payment thereof, by reason and on the grounds that the same was broken when received, but the same was shipped f. o. b. and it is my

opinion that the City should look to the railroad company for reimbursement.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

In accordance with your instructions, I herewith submit plans, specifications and estimated cost of constructing a sewer in North Street, from High Street to a point about 214 feet east.

Assessed portion .....	\$425.00
City's 1-6 .....	85.00

Respectfully submitted,

O. E. ECKERT,  
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council:  
Gentlemen:

The matter having been referred to me in relation to the purchasing of certain lands adjacent to the property owned by the City,

which is now occupied by an asphalt plant from the Reo Motor Car Company, which proposition was heretofore made by the said company to the said City for \$1,800, and subsequently withdrawn.

Upon investigation I find that the Reo Motor Car Company wish to retain a right to maintain a right of way over said property for a power line in case the City should fail to furnish sufficient power.

I would recommend that the purchase be made as heretofore considered, subject to the right of the Reo Motor Car Company under the following conditions:

That said right be retained by them subject to any buildings or erections that may be built upon said property. In other words if they wish at any time to put a power line over the same, that it will in no way injure the property then upon the premises.

Vervy respectfully,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

### ORDINANCES.

By Ald. Avery—

That the ordinance providing for amending Sections 4, 5, 6 and 19 of the ordinance known as the "Traffic Ordinance" be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Trager, Vandervoort.—14.

Nays—None.

The ordinance under consideration was then read a third time as follows:

An ordinance to amend sections numbered 4, 5, 6, and 19 of the ordinance entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets or the City of Lansing," adopted August 25, 1920.

The City of Lansing ordains:

Section 1.—That sections numbered 4, 5, 6, and 19 of the ordinance entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the City of Lansing," be amended so that said sections shall read as follows:

Section 4. Drivers or operators of vehicles, before turning, stopping or changing their

course, shall make sure that, such movement can be made with safety, and before so doing shall give a timely warning signal to other drivers by extending the arm beyond and outside of the side of the vehicle, holding the same in such position for a sufficient time to appraise approaching drivers of vehicles of his intention to change his course or stop, as the case may be. Any vehicle driving into another street to the right shall turn the corner as near to the right-hand corner as practicable. Vehicles driving into the street to the left shall pass to the right of and beyond the center of the street intersection before turning. Vehicles crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street toward which the crossing is made. Vehicles moving slowly must keep as close to the right-hand curb as possible, allowing more swiftly passing vehicles passage to the left. No vehicle shall have the right of way through any procession or parade without the permission of a police officer, except vehicles carrying United States mail. No vehicle shall cross any street upon which there is any traffic officer, without the permission of such officer, and if the traffic signal is against the driver he must bring his car to a full stop, at the near edge of the crosswalk or lot line until signaled to proceed by the traffic officer, except in case such vehicle is making a right-handed turn onto the intersecting street. No vehicle shall remain backed up to the curb unless for the purpose of loading or unloading, and in such case no longer than the usual loading or unloading requires. Any horse or horses attached to the vehicle backed up to the curb shall be turned at right angles to the vehicle, and in the direction in which the traffic on that side of the street is moving.

Section 5. The driver or operator of every vehicle shall give some plain or audible signal of his approach to other vehicles or pedestrians upon the streets. No driver or operator shall drive past a street car which is stopped to take on or let off passengers, except at such crossings where a traffic officer is stationed, or where there is a raised loading platform. No vehicle shall be driven with its muffler open. Heavily laden and slow moving vehicles shall not be driven abreast upon the street, but one must follow the other and keep as near to the right hand curb as possible. No vehicle shall stand on any street except within two feet of the curb, whether parked or in the presence of the driver or operator.

Section 6. All vehicles shall, except as hereinafter provided, be parked parallel to and within two feet of the curb, provided that on streets which are not equipped with a curb that such vehicles shall park parallel to and within two feet of the gutter line. Provided further, that all vehicles shall be parked parallel on but one side of the following streets, viz.: on Ottawa street west between Capitol avenue and Walnut Street on the North side of Ottawa street; on Allegan street west between Capitol avenue and Walnut street; on the south side of Allegan street; on Washington avenue south from the Grand Trunk tracks to Baker street on the west side of Washington avenue; on Baker street from Washington avenue to Cedar street on the

south side of Baker street; on Isaac street from Chestnut street to Logan street on the north side of Isaac street; on Logan street south from Isaac street to the Grand Trunk railway tracks on the west side of Logan street; on Capitol avenue south from Kalamazoo street to Lenawee street on the east side of Capitol avenue; on Townsend street from Kalamazoo street to Lenawee street on the west side of Townsend street; on east Saginaw street between Larch street and Pennsylvania avenue, on the south side of Saginaw street. Provided further, that on Washington avenue, from Lenawee street to the center of the block between Shiawassee street and Genesee street; on Grand avenue from Ottawa street to Washtenaw street; on Michigan avenue from Capitol avenue to the east side of the bridge over Grand river; on Ionia street from Capitol avenue to Grand avenue; on Ottawa street from Capitol avenue to Grand avenue; on Allegan street from Capitol avenue to Grand avenue; on Washtenaw street from Capitol avenue to Grand avenue and Kalamazoo street from Capitol avenue to Grand avenue, cars shall not be parked for a longer period than one hour. # CITY OF LANSING

July 19, 1923.

Board met in regular session and was called to order by the President, Member Bishop.

Roll Call.

Present—Members Affeldt, Bishop, Gibbons, Helm, McIntyre, Troyer.—6.

Absent—Members Campbell and Spurway.—2.

The minutes of the previous session were read and approved.

### RESIGNATIONS

The resignation of H. B. Fassett, City Dentist, was received and accepted.

### COMMITTEE REPORTS.

In compliance with the directions of this Board adopted June 21, 1923, the Child Welfare Committee met with a committee from the Ingham County Tuberculosis Society and discussed the work being done at the Fresh Air Camp, regarding the co-operation of the Board of Health with the Society. The committee now reports as follows:

We recommend that the Board of Health, on behalf of the City of Lansing, enter into a contract with the Ingham County Tuberculosis Society to care for twenty children more or less, at the Fresh Air Camp, residents of Lansing, for a period of sixty days, more or less, and that the names of the children be made a part of the voucher when presented for payment.

LAIRD J. TROYER.

The report was adopted and accepted.

On request of Dr. Hill, Health Officer, a special committee was appointed to confer with him and draft rules in regard to Lansing City Hospital. The committee appointed by the president are Members McIntyre, Troyer and Spurway.

**REPORT OF COMMITTEES.**

The Committee on Bonds and Contracts to whom was referred the application from Bryant H. Parker to conduct Pool Room at 117½ Oakland Building, begs leave to report as follows:

We recommend that application be granted.  
A. DE CAMP,  
ELMER CLAPHAM,  
Committee on Bonds and Contracts.

By Ald. DeCamp—

That the report of the committee be adopted.  
Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, McComb, Phillips, Trager, Vandervoort.—13.

By Ald. Phillips—

That the report of the committee be adopted.  
Carried.

The Committee on Auditing, to whom was referred the matter of report of Jerome Schaffer Co., begs leave to report as follows:

They have been in conference with Mr. Jerome as to their report and find that the same is and will be unsatisfactory and incomplete by reason of the fact that the same is only an audit of the amounts reported to them as being in the different funds, and does not determine whether or not the said amounts are correct or not. Your committee feel that the books of the several funds and several departments should be fully determined and that a full and complete audit and accounting of all of the several departments and funds should be made and the same run back to "1917."

We further recommend that Jerome Schaffer Co. be employed to assist the City Comptroller in making such audit and accounting and that the City Comptroller shall audit said books as provided by Sec. III of the City Charter as amended, by and with the assistance of Jerome Schaffer Co., and the cost of same to be charged to Contingent Fund.

W. H. MCKALE,  
E. D. KLOCK,  
A. H. PHILLIPS,  
Committee on Auditing.

By Ald. McKale—

That the report of the committee be adopted.  
Adopted by the following vote:

To the Honorable Mayor and City Council of the City of Lansing:

I herewith present you with plans and estimate of cost for a curb and gutter on Martin street from Garden street to Ishell street.

Estimated cost .....	\$860.00
Intersections .....	\$120.00
20% of balance .....	148.00    268.00

To be assessed .....	\$592.00
----------------------	----------

Respectfully submitted,  
O. E. ECKERT,  
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

I find that provision has not been made to relieve some of the older and smaller sewers by diverting storm water from them into the newer larger sewers. This work should be done to avoid trouble during heavy rains. We have started making some of these connections and have charged the cost of doing the work

against the sewer job where the connections are made. As the actual cost has been reported on these jobs and no provision made for making the connections above referred to, I respectfully ask that you approve the charging of this work to the several sewer jobs or direct payment for the work to be made in some other way.

Respectfully submitted,  
O. E. ECKERT,  
City Engineer.

Referred to Committee on Sewers and Drains.

**CITY OF LANSING**

### MOTIONS, RESOLUTIONS AND NOTICES

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That it is the sense of this Council that Washington Avenue be widened from the Grand Trunk Railway tracks to Mount Hope Avenue to provide for wider sidewalks, wider roadway and double tracking of the street car line.

Laid on the table.

By Ald. Howe—

Whereas there appears in the issue of the Lansing Capital News, of date, Monday, July 23rd, not only an item of news in regard to the change of the Charter, and also a lengthy editorial headed "Low Brow Politics," which editorial is as follows:

#### "LOW BROW POLITICS"

On Friday the people are to be asked to vote on an amendment to the city charter which would change the fiscal year from May 1 to January 1. The proposition has much merit. There is force in the statement that under the present system the best half of the year for outdoor work is wasted in the process of getting ready. It is doubtless true that in the early spring the aldermen are so busy campaigning that they have little time to get interested in starting public improvements, and there are other good reasons why the city fiscal year should conform to the calendar year.

There is, however, one unfortunate proviso in the manner in which the subject is submitted to the voters, and that is that it adds eight months to the terms of the present city officers, not only alderman but also to every other elective official. Mayor Doughty, who was elected to fill the balance of the unexpired term of the late Mayor Ferle, instead of serving one year, as his original election provided, will serve one year and eight months. Aldermen who were elected over a year ago will have their terms extended eight months without giving the people a change to say whether their ser-

vice has been satisfactory or not. In other words, if the voters do not wish their aldermen to continue longer than the term for which they were elected, they must vote against a proposition which has fundamental merits.

That many persons will do this very thing is becoming more and more evident every day. Right or wrong, many voters have gathered the idea that the big motive back of the proposition to amend the charter was solely for the purpose of stretching official terms beyond the period for which the men were chosen to serve. While the Capital News does not subscribe entirely to that viewpoint in every case, we feel that it was unfortunate that the council did not take that phase of the subject into consideration and provide some other way to make the change in the charter. It is always unfortunate when the people lose confidence in the motives of their public servants.

As this paper pointed out during the recent city campaign, there are several points wherein the city charter is proving cumbersome. The greatest fault of the document, in the mind of the writer, is the provision that prevents an official seeking election to another office during the time for which he was originally elected. That provision prevented the people from expressing themselves on the administration of Silas S. Main, who served with singular ability for several months after the death of Mayor Ferle. Every consideration of fairness should have given Mr. Main an opportunity of seeking election to the office in which he was giving the city constructive service, but for some reason the council has not seen fit to grant the people an opportunity of wiping that particular provision from the charter which prevented them from continuing in office a man who was making good.

Several exceedingly meritorious propositions are to be considered next Friday, and it is very unfortunate that anything so unwise as the proposition of extending the terms of city officials for eight months should have been injected into the issues to be voted on."

And, Whereas, this amendment is a matter that has been discussed by the Council and citizens for several years, and in the judgment of a great many of the thinking people, it is a matter that should be passed for the interest and behalf of the city; and

Whereas, the editorial and the headlines are of such a nature that it has a tendency to slander every member of this council; therefore be it

Resolved, That this Council go on record, not only in support of the amendment to the charter, but also in taking exception to the editorial so headed.

By Ald. Avery—

That the Mayor and Clerk be and are hereby directed to sign and execute the contract presented to this council and attached hereto between the City of Lansing and John F. Col-

lins, Receiver, and the Michigan Railways Company, relative to the removal of the tracks of said company from Shiawassee Street.

Lost by the following vote:

Yeas—Ald. Avery, DeCamp, Howe, Main, McComb, McKale, Phillips, Vandervoort.—8.

Nays—Ald. Clapham, Dymond, Kircher, Klock, Leonard, Trager.—6.

The contract attached to the foregoing contract is as follows:

Memoranda of Agreement made and entered into, this \_\_\_\_\_ day of July, 1923, by and between the City of Lansing, a Municipal Corporation of Michigan, and John F. Collins, Receiver of the Michigan United Railways Company, party of the second part, and the Michigan United Railways Company, party of the third part, Witnesseth:

Whereas, The City of Lansing is now making a certain public improvement on Shiawassee Street, to-wit: the building of a bridge over Grand River and over the New York Central Railroad tracks; and

Whereas, It becomes necessary to make such improvement and properly complete the job, that the tracks on Shiawassee Street of the said Michigan United Railways Company leading into the car barns be removed from Shiawassee Street as the same is an obstruction to said street and hinders the completion of said work; and

Whereas, By reason of the change in grade to the said street made necessary, as well as the removal of said tracks from the said street and alterations in the said car barns whereby the said Michigan United Railways Company will enter it's premises off from Cedar Street, according to an attached blueprint No T-4-14, and made a part hereof; and

Whereas, It is mutually agreed between the parties hereto that the said John F. Collins, as Receiver of the said Michigan United Railways Company, and the said Michigan United Railways Company will be put to considerable expense in making the necessary changes, removals and alterations in order to comply with the conditions that exist and the understanding of the parties hereto. Therefore it is mutually agreed as follows:

### I.

The said John F. Collins, as Receiver of the said Michigan United Railways Company, and the said Michigan United Railways Company, with the approval of the United States District Court of the Eastern District of Michigan, hereby consent and agree to remove the tracks and trolley wires of the said Michigan United Railways Company on Shiawassee Street and make entry into it's said car barns off from Cedar Street, as shown by the attached blueprint, as soon as the work can be reasonably performed, and the said City of Lansing will, at it's own expense do what paving and changing of grade may be necessary in the streets if it so desires after said tracks and trolley wires have been removed from the said Shiawassee Street.

### II.

The City of Lansing agrees, in consideration of the removal of said tracks and the com-

pensation for the damages and expenses involved in the said removal, to pay to the said John F. Collins, Receiver as aforesaid, the full amount of all costs and expenses incurred by him or the said Michigan United Railways Company in carrying out their part of this Agreement and understanding, and especially the cost, including the material and labor, of the moving of said tracks from Shiawassee Street; the construction of necessary new tracks and turnouts on Cedar Street for entering the property aforesaid from Cedar Street, as shown on the blueprint hereinbefore referred to; the changing of grade on the premises so as to make the same practical and available for the changing use, and the alteration of the car barns so as to be used and available for the entry of cars off from the tracks entering from Cedar Street, and the like, it being expressly understood that no cost or expense is to be paid by the said City of Lansing for any engineering work done in connection with this business.

It is further understood and agreed that the said City of Lansing shall have the right and privilege at all times to maintain an inspector upon said job during the carrying out of the same and that all bills paid out by the Michigan United Railways Company or John F. Collins, Receiver, shall be preserved as exhibits and open to the inspection of the City of Lansing or it's proper officers at any and all times, all of which the said John F. Collins, Receiver aforesaid agrees to furnish upon the completion of the said contract.

It is further understood and agreed that as soon as the work is completed and the bills audited, the City of Lansing will give the said John F. Collins, Receiver, and the Michigan United Railways Company, its successors or assigns, a receipt for said amount, to be endorsed and allowed by the said John F. Collins, and the Michigan United Railways Company, its successors or assigns, upon the taxes which have heretofore been assessed against the Michigan United Railways Company by the City of Lansing for the East Michigan Avenue pavement.

### III.

The City of Lansing gives and grants unto the said John F. Collins, Receiver as aforesaid, and the Michigan United Railways Company, its successors or assigns, or their successors or assigns, permission to enter it's premises off from Cedar Street as shown on the blueprint hereto attached, and to use said street for such purpose.

In consideration of the foregoing the said John F. Collins, as Receiver, and the said Michigan United Railways Company hereby each waive any further claims and demands for damages to it's said premises or for expense incurred in connection therewith as above set forth against the City of Lansing by reason of said public improvement.

In witness whereof the parties hereto have caused this instrument to be signed by the Mayor and Clerk of the said City of Lansing and by the said John F. Collins, as Receiver and the Michigan United Railways Company, the day and year first above written.

#### CONSTRUCTION OF SEWERS AND DRAINS, NO. II.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That it is the intention of said Council to construct approximately 528 feet of 8-inch and 12-inch sewer in Riverview Street from Isaac Street to Mfg. R. R., and that the plat and diagram thereof made and returned by the City Engineer be received and placed on file in the office of the City Engineer where the same may be found for examination;

Further that the City Council meet at the City Council rooms on Monday, the 30th day of July, 1923, at 8:00 p. m. to consider any suggestions and objections that may be made by parties interested with respect to said sewer, and that the City Clerk publish a notice thereof in accordance with section 275 of Chapter 18 of the Charter.

The property deemed especially benefited by this improvement is lots 6 and 7, lots 14 to 18 incl. and 19 to 24 incl. in Taylor's Riverview Subdivision excepting from above described property all streets and public alleys and lands not benefited by this improvement.

Adopted by the following vote:

#### CONSTRUCTION OF SEWERS AND DRAINS, NO. III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of approximately 270 feet of sewer in North street from High Street to a point about 214 feet East in the 32nd sewer and drain district of the City of Lansing, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement,

and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 16th day of July, A. D. 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 16th day of July, A. D. 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$510.00 of which one-sixth or \$85.00 shall be paid from the general sewer fund and the remainder or \$425.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Trager, Vandervoort.—14.

Nays—None.

### Report of Committee on Automobile and

#### Apparatus.

Board of Police and Fire Commissioners:

Gentlemen:

Your Committee on Automobile and Apparatus beg to report they have taken up the matter of purchasing new Ford cars with both Ford Agencies in the city and have received the better bid from the F. J. Blanding Company. They propose to furnish two new Ford Touring cars fully equipped for \$885.44, allowing \$560.44 for the old cars—a balance to pay amounting to \$325.00. Both of the old cars have been driven over 13,000 miles and are beginning to require considerable attention and expense.

We respectfully recommend the purchase of two new Ford Touring cars from the Blanding Co., Agency.

Respectfully submitted,

To the Honorable Mayor and City Council of the City of Lansing

Gentlemen:

Sometime ago the matter of crossings of the streets of the different railroad companies was referred to the Mayor and City Attorney. I beg leave to report on this matter that I same has been taken up with the different railroad companies who have tracks running through the city, and we at once found that it was necessary to have the city prepare to fix that part of the street abutting on the portion to be repaired and kept in repair by the railroad companies, and if this part of the program needs looking after I would recommend that the special duty of ascertaining and determining the condition of the streets at

railroad crossings and putting the same in condition, as far as it is required by the city, be referred to some Department of the City, to be looked after and attended to. It may not be in manner for me to suggest any Department but my opinion is that it properly belongs to the Engineering Department.

The Act under which the railroad companies are now regulated is Act 270 of the Public Acts of 1921. This Act reads in part as follows: "Within five years from and after the taking effect of this Act, the owners and persons in operation of each and every railroad and railway within this state \* \* \* shall make the street or highway roadbed at each and every street and highway crossing at grade on their lines smooth and even between all of their tracks, and shall thereafter maintain the same in such condition."

As appears from the foregoing, they have five years in which to do this work, and that one-fifth of the same shall be done each and every year, and subject to the orders of the Michigan Public Utilities Commission so as soon as the other matters of the city progress we will immediately take the same up with the Public Utilities Commission, and this being the second year of the Act we can undoubtedly get a considerable portion of our crossings fixed up soon.

Very respectfully,  
D. G. F. WARNER,  
City Attorney.

Received and placed on file.

Gentlemen of the Council:

As you are no doubt aware there has been considerable dissatisfaction from the people living in the assessment districts of the various Trunk Line Sewers completed and under construction.

I have asked the City Attorney to give a ruling on several sections of the Charter relative to Main and Trunk Line Sewer rules and I am going to ask that a committee be appointed to go very carefully into the question of relieving the residents of these various districts of a greater proportion of the cost of these Trunk Line sewers.

Yours truly,  
ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

Hon. Alfred H. Doughty, Mayor City of Lansing:

Lansing, Mich.

Dear Sir:

In reply to your interrogatory relative to the construction of Chapter 18 of the Charter, and especially as to the assessment in relation to main or trunk sewers, I beg leave to submit the following:

As will be noted by Sections 272 and 273 of the Charter, the city should be divided into Sewer Districts, and Section 274 provides "Such part as the Council shall determine, being not more than one-sixth of the cost and expenses of any main district sewer, or of the cost of any lateral branch, or local sewer, constructed within a special sewer district, shall be paid from the general sewer fund," and, as will be understood, the balance to be paid spread in that district. However Section

274 also provides "The cost and expenses of establishing and making any main or trunk sewers, constructed without reference to sewer districts, shall be paid from the general sewer fund, excepting such portions thereof as the council shall deem to be of benefit to private property." I construe that part and portion of this Section as follows:

Where a main or trunk sewer is established without reference to any district, although the same may run through one or more districts, the same may be paid for by the City at large. In this regard the Council may also, if they should find that it was a special benefit to private property, spread some special assessments for a portion of the same against that property, which amount would be determined by the council. I am of the opinion that in establishing these main or trunk sewers, a special district might be created whereby a special assessment would be spread regardless of the original sewer districts, for the payment of the same. As for instance if a trunk line is being built on the west side and there is no possible benefit to be derived by the citizens on the east or north side, it might be well to make an assessment district in relation to the same, although it is not necessary, and as heretofore stated, it may be spread at large.

It might further be said that these trunk lines will undoubtedly be built so as to reach all parts of the city sometime in the near future, that is, east, north, south and west, and as the assessment was made on the entire city and the system adopted, it would work no particular injustice in the future, although one main trunk sewer might be built in one part of the city before the others. Whichever system is adopted of making assessment districts for public improvements for these main sewers or assessing them at large, it would make no difference in the future if the scheme is carried out.

Trusting I have made myself clear, I am  
Very respectfully,  
D. G. F. WARNER,  
City Attorney.

## OF THE

# CITY COUNCIL

## CITY OF LANSING

### ACTING AS A BOARD OF CANVASSERS

PROCEEDINGS AUG. 2, 1923

The City Council met as Board of Canvassers under authority of Section 20 of the City Charter.

Roll call:

Present—Ald. Avery, Clapham, Dymond, Howe, Kircher, Klock, Leonard, Phillips, Templeton, Trager, Vandervoort.—11.

Absent—Ald. DeCamp, Fowler, Main, McKee, McComb.—5.

By Ald. Leonard—

That the City Council acting as a Board of Canvassers proceed to canvass the results of the election held on July 27, 1923.

Carried.

State of Michigan } ss.  
County of Ingham }

The undersigned, qualified electors, who voted in the City of Lansing at the special election held on the twenty-seventh day of July, 1923, hereby respectfully petition for and demand a recount of the votes cast in said election in the second, third, fourth, sixth and seventh wards of said City of Lansing at said election, on the question submitted at said election of amending sections thirteen, twenty-one, thirty-three, forty-three, ninety-nine, one hundred eighteen and one hundred twenty-six of the charter of the City of Lansing. Said recount is demanded because the undersigned believe that there has been fraud and error committed by the inspectors of election in their canvass and return of the votes cast at said election on said question; and the nature of the mistakes and frauds complained of is:

First, That votes were counted in favor of such amendments that were not in fact marked in favor thereof;

Second, That votes marked in opposition to said amendments were not counted in opposition thereto;

Third, That ballots not properly initialed according to law were counted in favor of said amendments;

Fourth, Ballots containing distinguishing

marks were counted in favor of said amendments.

DR. WM. K. WILSON,  
CHAS. BATES,  
G. H. KUHN.

Subscribed and sworn to before me, a notary public in and for Clinton county, this 2nd day of August, 1923.

MYRTLE SMALLEY,

Notary Public, Clinton County, Mich.

My Commission will expire March 19, 1927.

## EXECUTIVE OFFICE

Alfred H. Doughty, Mayor.

August 16th, 1923.

Gentlemen of the Council:

I am of the opinion that we should, in order to make more effective and complete, have our ordinances relative to our Department of Weights and Measures, gone very carefully over and incorporate therein sections and parts of sections of the various public acts of the Legislature recently passed, and for that reason I should like to have a com-

mittee of your honorable body appointed for this purpose

Yours truly,  
ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

The City Attorney reported orally on steps taken by him to compel the Michigan Railways Company to remove portions of their tracks on Shiawassee Street and submitted a resolution prepared by him, embodying a contract between the City and the Company.

By Ald. DeCamp—

Resolved by the City Council of the City of Lansing:

Whereas, The City of Lansing is now making a certain public improvement on Shiawassee Street, to-wit: the building of a bridge over Grand River and over the New York Central Railroad tracks; and

Whereas, It becomes necessary in order to make such improvement and properly complete the job that the tracks on Shiawassee Street belonging to the Michigan United Railways Company leading into the car barns be removed from Shiawassee Street as the same is an obstruction to said street and hinders the completion of said work; and

Whereas, By reason of the change in grade to the said street made necessary, as well as the removal of said tracks from said street and alterations in said car barns whereby said Michigan United Railways Company will enter it's premises off from Cedar Street according to the attached blue print made a part hereof, the said blue print being the one that has been before this Council on other occasions; and

Whereas, There has been considerable negotiations between the City of Lansing and John F. Collins, Receiver of, and the Michigan United Railways Company in regard to the moving of the said tracks from Shiawassee Street and placing them upon Cedar Street, but said negotiations having failed and the parties having been unable to reach an agreement in regard thereto: Therefore the City Council of the City of Lansing makes the following proposition and offer to the said John F. Collins as Receiver of, and the said Michigan United Railways Company, and if the same be accepted by the said John F. Collins as Receiver of, and the said Michigan United Railways Company, that it shall constitute a contract and agreement between the parties hereto; Therefore, be it

Resolved, That the City of Lansing, by and through it's Council, make the following proposition:

Resolved, That if the said John F. Collins as Receiver of, and the said Michigan United

Railways Company, will remove the tracks and trolley wires of the Michigan United Railways on Shiawassee Street and make entry into it's said car barns off from Cedar Street, as shown and indicated by the attached blue print as soon as the work can reasonably be performed, that the City of Lansing will, and hereby agrees to do and carry out the following propositions in consideration thereof:

1. That the said City of Lansing will, at it's own expense, do what paving and changing of grade may be necessary in the streets if it so desires after said tracks and trolley wires have been removed from Shiawassee Street;

2. That the City of Lansing agrees, in consideration of the removal of said tracks and as compensation for damages and expenses involved in said removal and the change of grade, to pay to the said John F. Collins as Receiver aforesaid, the sum of five thousand (\$5,000) dollars to be paid and allowed said Receiver by a credit upon the paving taxes assessed against the Michigan United Railways Company by the said City of Lansing for the East Michigan Avenue pavement, said credit to be made as of April 1, 1923, a receipt for such tax to be duly issued to the said John F. Collins as Receiver by the City Treasurer of the City of Lansing;

3. The City of Lansing further agrees to give and grant unto the said John F. Collins, Receiver as aforesaid, and the Michigan United Railways Company and to it's successors and assigns, permission to enter it's premises off from Cedar Street as shown on the blue print hereto attached and to use said street for said purposes;

4. The City of Lansing further agrees to excavate and remove all earth to the proper grade as approved by the Chief Engineer of the said Michigan United Railways Company and the City Engineer of the City of Lansing for the installation of the tracks, buildings and driveways between Cedar Street and the west line of the Railway Company's property and southerly from the Car House to the south line of the Railway Company's property, at it's own expense;

Be it further resolved that the Clerk be and is hereby directed upon the passage of this Resolution to immediately notify John F. Collins, Receiver, of the foregoing proposition and serve him with a copy thereof.

Adopted by the following vote:

Nays—Ald. Klock, McComb.—2.

By Ald. Avery—

Whereas, The City is now constructing a bridge over Grand River on Shiawassee Street; and

Whereas, It becomes necessary in order to complete said bridge that certain of the tracks of the Michigan United Railways Company to be removed and others of the tracks raised to a grade; therefore, be it

Resolved, That John F. Collins, Receiver of the Michigan United Railways Company and the Michigan United Railways Company be

and are hereby directed and requested to remove such part of its tracks from Shiawassee Street as may be necessary to the completion of said bridge and to raise the other of said tracks to such a grade as may be necessary for the completion of said bridge and gradings of said street, in accordance with the plans now on file with the City Engineer;

Resolved further, That the Clerk of the City of Lansing be and is hereby directed to serve a certified copy of this resolution upon John F. Collins, Receiver and upon the Michigan United Railways Company.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:—Your City Plan Commission, which was instructed to draft a Zoning Ordinance, presents herewith a tentative draft of said ordinance and requests that time be set for public hearings on the proposed ordinance.

Respectfully submitted,

CITY PLAN COMMISSION,

By O. E. Eckert,  
Secretary.

### Zone Ordinance.

An ordinance to regulate and restrict the location of trades and industries and the location of buildings designed for specified uses, to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the percentage of lot occupancy, and to regulate and determine the area of yards, courts and other open spaces surrounding buildings, to limit and restrict the maximum number of families which may be housed in dwellings hereafter erected or altered, and for said purposes to divide the city into districts and prescribe penalties for the violation of its provisions.

The city of Lansing ordains:

Section 1.—Definitions.

For the purpose of this ordinance, certain terms and words are herewith defined, as follows:

Words used in the present tense include the future; words in the singular include the plural number, and words in the plural number include the singular number; the word

"building" includes the word "structure"; the word "shall" is mandatory and not directory. (Any word not herein defined shall be construed as defined in the Housing Code of Michigan, Act 167, Public Acts of 1917, and amendments thereto.)

**Alley:** A public thoroughfare not over twenty-four (24) feet wide.

**Apartment House:** See "Multiple Dwelling."

**Apartment Hotel:** An apartment hotel is a multiple-dwelling in which are provided dining room accommodations for the joint use of the apartment house tenants only.

**Apartment:** A household unit in a multiple dwelling, tenement or apartment house, suitable for occupancy for one or more persons.

**Area:** See "Building Area."

**Basement:** A story partly under ground, but having at least one-half of its height above the highest level of the adjoining ground. A basement, if not occupied for living purposes by other than the janitor or his family, shall not be included as a story for purpose of height measurement.

**Boarding House:** A boarding house is a building or place wherein table board is provided to five or more individuals pursuant to previous arrangement and not to any who may apply.

**Building:** A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building except as provided in section 15.

**Building Area:** The maximum horizontal projected area of a building and its accessory buildings, excluding open steps, terraces, and cornices projecting not more than thirty (30) inches.

**Cellar:** A cellar is a story having more than one-half of its height below the highest level of the adjoining ground and not occupied for living purposes. A cellar shall not be counted as a story for the purpose of height measurement.

**Curb Level:** The curb level is the level of the established curb in front of the building measured at the center of such front. Where no curb has been established the city engineer shall establish such curb or its equivalent for the purpose of these regulations.

**Depth of Rear Yard:** The mean horizontal distance between the rear line of the building and the center line of the alley, where an alley exists; otherwise the rear lot line.

**Depth of Lot:** The mean horizontal distance between the front and rear lot lines.

**Dwelling:** Is any house or building, or portion thereof, which is occupied in whole or in part as the home or residence of one or more human beings.

**District:** A section of the city of Lansing for which the regulations governing the height, the area or the use of buildings and premises are the same.

**Group House:** A group of not more than four (4) one-family dwellings, erected simul-

taneously as one building, under the same roof.

**Height of Building:** The vertical distance measured from the curb level opposite the middle of the front of the building to the highest point of the roof for flat roofs; to the deck line for mansard roofs, and to the mean height level (between eaves and ridge) for gable and hip roofs. Where a building is located upon a terrace the height may be measured from the average ground level of the terrace at the building wall.

**Height of Yard:** The vertical distance from the lowest level of such yard to the highest point of any bounding wall.

**Hotel:** A hotel is a building in which lodging is provided with or without meals (for more than fifty (50) persons) and offered to the public for compensation. As such it is opened to transient guests in contradistinction to a boarding house, a lodging house, an apartment house or an apartment hotel which are herein specifically defined.

**Lodging House:** A lodging house is a building or place providing lodgings to individuals pursuant to previous arrangement and not to any one who may apply.

**Lot:** Land occupied or to be occupied by a building and accessory buildings and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.

**Lot, corner:** Lot, triangular: A lot fronting on two or more streets at their junction, said streets forming with each other an angle of 45 degrees or more, is a corner lot. When the angle formed by the intersecting street is less than 45 degrees, such a lot shall be known as a triangular lot. For the purpose of determining the percentage of lot occupancy, corner and triangular lots shall be assumed to have an area not greater than 5,000 square feet and a frontage not greater than 100 feet on either of the intersecting streets.

**Lot, interior:** A lot other than a corner lot or triangular lot.

**Lot, through:** An interior lot having frontage on two streets.

**Lot lines:** The lines bounding a lot as defined herein.

**Multiple dwelling:** Is a dwelling which is occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups, includes tenement houses, flats, apartment houses, apartment hotels, and all other dwellings similarly occupied, whether specifically enumerated herein or not.

**Non-conforming use:** A building or premises occupied by a use that does not conform with the regulations of the use district in which it is situated.

**One family dwelling:** Is a building occupied as a dwelling by not more than one family.

**Percentage of lot occupancy:** That portion of the area of a lot, as herein defined, which is occupied or which may be occupied under this ordinance as building area.

**Place:** An open unoccupied space dedicated to purposes of access for abutting property.

**Private garages:** A garage with a capacity for not more than three steam or motor-driven vehicles.

**Public garage:** Any premises used for housing or care of more than three steam or motor-driven vehicles, or where any such vehicles are equipped for operation, repaired, or kept for remuneration, hire or sale, not including exhibition or show rooms for model cars.

**Private stable:** A stable with a capacity for not more than four horses, all but one of which shall be the property of one owner.

**Public stable:** A stable with a capacity for more than four horses.

**Rear Yard:** An open unoccupied space (excluding accessory buildings, see Sec. 15) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot.

**Setback:** The minimum horizontal distance between the front line of the building (excluding steps and unenclosed porches) and the front line of the lot.

**Side yard:** An open unoccupied space on the same lot with a building between the building and the side line of the lot extending through from the front building line to the rear yard.

**Street:** A public thoroughfare more than twenty-four (24) feet wide.

**Story:** That portion of a building included between the surface of any floor next above it, or if there be no floor above it then the space between such floor and the ceiling next above it.

**Half story:** That portion of a building in the 35-foot height district, between the eaves and ridge lines of a pitched roof, which may or may not be used for tenant purposes.

**Structural alterations:** Any change in the supporting members of a building, such as bearing walls or partitions, columns, beams or girders, excepting such alterations as may be required for the safety of the building.

**Tenement house:** See "Multiple-Dwelling."

**Terrace:** A natural or artificial earthen embankment between a building and its street front. The "height of terrace" shall be the difference in elevation between the average curb level, and the average elevation of the terrace at the building wall.

**Tower:** A subordinate enclosed structure projecting above the roof line of a main building and having a roof line of a main building and having a roof supported by columns or walls. Such tower may or may not be used for tenant purposes.

**Two-family dwelling:** Is a building occupied as a dwelling by not more than two families.

#### Section 2.—Use District Regulations.

In order to regulate and restrict the location of trades and industries and the location of buildings erected or altered for specific uses, the city of Lansing is hereby divided into "use districts," of which there shall be five, known as:

"A" Residence District.

"B" Residence District.

"C" Commercial District.

"D" Industrial District.

"E" Unrestricted District.

The City of Lansing is hereby divided into five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "use district map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided, no building shall be erected or altered nor shall any building or premises be used for any purpose other than is permitted in the "use district" in which such building or premises is located.

#### Section 3.—"A" Residence District.

In the "A" Residence District no building or premises shall be used and no building shall be hereafter erected or altered, unless otherwise provided in this ordinance, except for one or more of the following uses:

1. One and two-family dwellings.
2. Group houses.
3. Churches and temples.

67. And in general those uses which have been declared a nuisance in any court of record, or which may be noxious, or offensive by reason of the emission of odor, dust, smoke or noise.

#### Section 7.—"E" Unrestricted District.

In the "E" unrestricted district building and premises may be used for any purpose whatsoever, provided the provisions of the present or hereafter adopted ordinance of the city of Lansing, regulating the location or maintenance of nuisances, are complied with.

#### Section 8.—Non-Conforming Uses.

The lawful use of a premises existing at the time of adoption of this ordinance, although such use does not conform to the provisions hereof, may be continued, but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance.

The lawful use of a building existing at the time of the adoption of this ordinance may be continued, although such does not conform

with the provisions hereof, and such use may be extended throughout the building provided no structural alterations, except those required by law or ordinance are made therein. If no structural alterations are made, a non-conforming use of a building may be changed to a use of the same or higher classification according to the provisions of this ordinance, and provided further that whenever a Use District shall be hereafter changed, any then existing non-conforming use in such changed district may be continued or changed to a use of a similar or higher classification, provided all other regulations governing the new use are complied with. Whenever a non-conforming use of a building has been changed to a higher classification or to a conforming use, such use shall not thereafter be changed to a use of a lower classification.

#### Section 9.—Height and Area District Regulations.

In order to regulate and limit the height and bulk of buildings hereafter erected or altered; to regulate and limit the percentage of lot occupancy; to regulate and determine the area of yards, courts and other open spaces, and to limit and restrict the maximum number of families which may be housed in dwelling hereafter erected or altered, the city of Lansing is hereby divided into districts of which there shall be five, known as:

- "A" Height and Area District.
- "B" Height and Area District.
- "C" Height and Area District.
- "D" Height and Area District.
- "E" Height and Area District.

The City of Lansing is hereby divided into the five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "Height and Area District Map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided no building shall be erected or altered to exceed in height and limit herein established for the district in which such building is located. Provided further that no new building shall be erected, nor shall an existing building be altered, enlarged or rebuilt, nor shall any open spaces surrounding any building be encroached upon or reduced in any manner except in conformity with the regulations hereby established for the district in which such building is located.

#### Section 10.—"A" Height and Area District.

In the "A" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter shall exceed thirty-five (35) feet or two and one-half (2½) stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two or two and one-half story build-

ing, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than that required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

**Side Yard:** There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard requirement, except on the side adjacent to "A" residence property.

**Setback:** There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distance and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

**Building Area and Number of Families per Acre:** No building with its accessory buildings shall occupy in excess of 40% of an interior lot, nor in excess of 50% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than ten (10) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by ten (10).

#### Section 11.—"B" Height and Area District.

In the "B" Height and Area District and height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter erected shall exceed forty-five (45) feet or three stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two story building, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its

legal light as required by the state housing code from such rear yard.

**Side Yard:** There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that a side yard shall in no case be less than one (1) inch in width for each foot of building length, and provided further that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard requirement, except on the side adjacent to "B" or "A" residence property.

**Setback:** There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets thirty-six hundred (3600) square feet have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such set back line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

**Building Area and Number of Families Per Acre:** No building with its accessory buildings shall occupy in excess of 50% of an interior lot, not in excess of 60% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than eighteen (18) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by eighteen (18).

#### Section 12.—"C" Height and Area District.

In the "C" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth as follows: Sixteen (16) feet for a one (1) story building, eighteen (18) feet for a two (2) story building, twenty (20) feet for a three (3) story building, twenty-four (24) feet for a four (4) story building, twenty-eight (28) feet for a five (5) story building and thirty-two (32) feet for a six (6) story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lot abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half, provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

**Side Yard:** There shall be a side yard on each side of the lot having a width of not

less than three (3) feet. In no case shall the width of the side yard be less than one (1) inch for each foot of building length.

**Set back:** There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of passage of this ordinance.

**Building Area and Number of Families per Acre:** No building with its accessory buildings shall occupy in excess of 60% of an interior lot, nor in excess of 70% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than seventy-five (75) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any plot of ground shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by seventy-five (75).

#### Section 13.—"D" Height and Area District.

In the "D" Height and Area District buildings used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of the buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre, for all other buildings shall be as follows:

**Height:** No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

**Rear Yard:** There shall be a rear yard of not less than fifteen (15) feet.

**Side Yard:** A side yard, if provided, shall be not less than three (3) feet wide, nor less than three-fourths (¾) of an inch in width for each foot of building length.

**Building Area and Number of Families per Acre:** No building with its accessory buildings shall occupy in excess of eighty (80) per cent of an interior lot, nor in excess of ninety (90) per cent of a corner lot.

#### Section 14.—"E" Height and Area District.

In the "E" Height and Area District building used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of building, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre for all other buildings shall be as follows:

**Height:** No building hereafter erected shall exceed one hundred (100) feet or eight (8) stories.

**Rear Yard:** There shall be a rear yard of not less than ten (10) feet.

**Side Yard:** A side yard, if provided, shall be not less than three (3) feet; nor less than three-fourths of an inch wide for each foot of building length.

**Building Area:** A building with its accessory buildings may occupy the entire lot on the first floor, provided the required provision for a rear yard is complied with. Above the first floor a building shall not occupy in excess of ninety (90) percent of a corner lot, nor in excess of eighty (80) per cent of an interior lot.

#### Section 15.—Height and Area District Exceptions.

The foregoing requirements in the height and area district shall be subject to the following exceptions and regulations:

##### Heights—

**First:** That in the "A" and "B" Height and Area Districts, public or semi-public buildings, hospitals, sanitariums or schools may be erected to a height not exceeding sixty (60) feet, when set back from all lot lines not less than one foot for each foot such building exceed thirty-five (35) and forty-five (45) feet respectively in height.

**Second:** A one family dwelling in the "A" Height and Area District may be increased in height by not more than ten (10) feet when two (2) side yards of not less than fifteen (15) feet each are provided. Such dwellings, however, shall not exceed three (3) stories in height.

**Third:** Churches, cathedrals and temples, which have side yards on all sides and comply with the area restrictions of the "A" Height and Area District may be erected as to the height and regulations in accordance with existing or hereafter adopted ordinances of the City of Lansing.

**Fourth:** Chimneys, cooling towers, elevator bulkheads, fire towers, gas tanks, grain elevators, light-houses, pent houses, stacks, stage towers or scenery lofts, sugar refineries, tanks, water towers, ornamental towers and spires, wireless towers or necessary mechanical appurtenances may be erected as to their height in accordance with existing or hereafter adopted ordinances of the City of Lansing. A tower may be erected on a building having a minimum frontage of one hundred (100) feet on a street, provided such tower occupies not more than 50% of the frontage of the street, is removed twenty-five feet from any adjoining property line and shall have a maximum horizontal area not to exceed thirty-six hundred (3600) square feet. A tower may be erected on a building having a frontage on three streets, but such tower shall have a maximum horizontal dimension of not more than 50% of the average frontage of the building on all streets, shall be removed at least twenty-five (25) feet from any adjoining property line, and shall have a maximum horizontal area not to exceed thirty-six hundred (3600) square feet.

**Fifth:** On "through" lots one hundred (100) feet or less in depth the height of a building may be measured from the curb level on either street. On through lots more than one hundred (100) feet in depth the height regulations and basis of height measurement for the street permitting the greater height shall apply to a depth of not more than one hundred (100) feet from that street.

##### Area—

**First:** For purposes of the area regulations a semi-detached dwelling in the "A" Residence District, or group house in the "B" Residence District may be considered as one building and occupying one lot.

**Second:** Buildings on through lots and running through from street to street may waive the requirements for a rear yard when complying with the percentage of lot occupancy by furnishing other open spaces in lieu of such required rear yard.

**Third:** In computing the depth of a rear yard or the width of a side yard for any building where such yard opens onto an alley or street, one-half of such alley or street may be assumed to be a portion of the yard.

**Fourth:** In computing the percentage of lot occupancy in the "D" and "E" Height and Area Districts where a lot abuts on an alley, one-half the width of the abutting alley may be assumed to be a portion of the lot.

**Fifth:** Every part of a required yard shall be open from its lowest point to the sky unobstructed, except for the ordinary projections of skylight above the bottom of such yard, and except for the projection of sills, belt courses, cornices and ornamental features not to exceed four (4) inches.

**Sixth:** No cornice shall project over the street line more than three (3) per cent of the width of such street, and shall in no case project more than three (3) feet.

**Seventh:** Open or lattice enclosed fire escapes, fireproof outside stairways and solid floored balconies opening upon fire towers, projecting into a yard not more than five (5) feet, and the ordinary projections of chimneys and flues, may be permitted by the Building Commissioner where same are so placed as not to obstruct the light and ventilation.

**Eighth:** One or more accessory buildings may be erected within a required rear yard when built to a height not exceeding twelve (12) feet and which occupy an area of not more than thirty (30) per cent of the area of such required rear yard.

#### Section 16.—Board of Appeals.

**Creation of Membership:** A Board of Appeals is hereby established. The word "Board" when used in this section shall be construed to mean the Board of Appeals. The Board shall consist of five members, of whom not less than two (2) shall be members of the City Planning Commission, appointed by the Mayor for terms of one (1) for one year, two (2) for two years, and two (2) for three years, respectively, in the first instance, and thereafter appointments shall be for three (3) years each. The chairman of the Board shall be annually elected by the members of the Board. All members of the Board shall serve without compensation.

**Meetings:** Meetings of the Board shall be held at least once a month and at such other times as the Board may determine. There shall be a fixed place of meeting and all meetings shall be open to the public. The Board shall adopt its own rules of procedure and keep a record of its proceedings, showing the action of the Board and the vote of each member upon each question considered. The

presence of four members shall be necessary to constitute a quorum.

**Appeal.** Appeal from the ruling of the Building Commission concerning the enforcement of the provisions of this ordinance may be made to the Board of Appeals within such time as shall be prescribed by the Board by general rule. The appellant shall file with the Building Commission and with the Board of Appeals a notice of appeal, specifying the grounds thereof. The Building Commissioner shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed for was taken.

**Stay:** An appeal stays all proceedings in furtherance of the action appealed from unless the Building Commissioner, from whom the appeal is taken, certifies to the Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by the Circuit Court, on application, on notice to the Building Commissioner from whom the appeal is taken and on due cause shown.

**Jurisdiction:** The Board of Appeals may, in specific cases, after public notice and hearing, and subject to appropriate conditions and safeguards, determine and vary the application of the use, height and area district regulations herein established in harmony with their general purposes and intent as follows:

(1) Grant a permit in a residence district for a temporary building for commerce or industry incidental to the residential development, such permit to be issued for a period of not more than one (1) year.

(2) Grant a permit for the reconstruction within twelve (12) months of a building destroyed by fire or other causes to the extent of not more than one-half of its assessed value when such building is located in a district restricted against its use.

(3) Grant a permit for the extension of a use or height and area district for a distance of not more than twenty-five (25) feet where the boundary line of a district divides a lot in a single ownership at the time of the adoption of this ordinance.

(4) Grant a permit for the enlargement of existing building or buildings, or erection on the same lot or plot of ground of additional buildings for a trade, business or industrial located in a district restricted against its use, where such enlargement or expansion of such trade, business or industry will not be detrimental to or tend to alter the character of the neighborhood.

(5) Grant a permit for the erection and use of a building or the use of a premises in any location to a public service corporation or for public utility purpose which the Board admits reasonably necessary for the public convenience or welfare.

(6) Interpret the provisions of this ordinance in such a way as to carry out the intent and purpose of the plan, as shown upon the maps fixing the several districts accompanying and

made a part of this ordinance where the street layout actually on the ground varies from the street layout as shown on the maps aforesaid.

(7) Adopt from time to time such rules and regulations as may be deemed necessary to carry into effect the provisions of this ordinance.

(8) "Grant permit for the erection of a one-family dwelling on a lot held under a separate and distinct ownership from the adjacent lots and of record at the time of the passage of this ordinance which has less area than the lot area per family requirements of this ordinance for the district in which such lot is located.

#### Section 17.—Certificate of Occupancy and Compliance.

No premises shall be occupied or used and no building shall hereafter be erected or altered, nor any building existing at the passage of this ordinance be altered or changed in its use, until certificates called a "Certificate of Occupancy and Compliance," shall have been issued by the Building Commissioner, stating that the building or proposed use of building or premises complies with all building and health laws and ordinances of the city and with the provisions of this Zoning Ordinance.

This Certificate of Occupancy and Compliance shall be applied for at the same time as the application for a building permit and shall be issued at any time, not exceeding ten (10) days, after the erection or alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Commissioner and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building affected. No fee shall be charged for the original Certificate of Occupancy and Compliance when applied for at the same time as the application for a building permit, for all other certificates or copies of any original certificate there shall be a charge of one dollar each. No building permit shall be issued before application has been made for Certificate of Occupancy and Compliance.

#### Section 18:—Plats.

All applications for building permits shall be accompanied by a plat in duplicate drawn to scale showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plats shall be kept in the office of the building commissioner. No yard, court or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court or other open space for another building.

#### Section 19:—Use Permit.

No change shall be made in the use of a building without a permit having first been issued by the building commissioner, and no permit shall be issued to make such a change unless it is in accordance with the provisions of this ordinance or amendment thereto hereafter duly enacted.

### Section 20:—Interpretation. Purpose and Conflict.

In interpreting and applying the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. It is not intended by this ordinance to interfere with or abrogate or annul any ordinance, rules, regulations or permits previously adopted or issued, and not in conflict with any of the provisions of this ordinance or which shall be adopted or issued, pursuant to law relating to the use of buildings or premises, nor is it intended by this ordinance to interfere with or abrogate or annul any easements, covenants, or other agreements between parties, provided, however, that where this ordinance imposes a greater restriction upon the use of building or premises or upon height of building or requires larger open spaces than are imposed or required by such ordinances, rules, regulations or permits, or by easements, covenants, or agreements, the provisions of this ordinance shall control.

### Section 21:—Violation; Penalty.

Every person, firm or corporation violating, neglecting or refusing to comply with any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than twenty-five (\$25) dollars, nor more than two hundred (\$200) dollars.

Each and every day's continuance of the violation of this ordinance shall constitute a separate offense and be punishable as such.

The City of Lansing or any private citizen may take steps to cause the abatement of any violation of this ordinance.

### Section 22:—Boundaries of Districts.

Where uncertainty exists with respect to the boundaries of the various districts as shown on the maps accompanying and made a part of this ordinance the following rules shall apply:

(a) The district boundaries are either streets or alleys unless otherwise shown and where the designation on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by streets or alley lines, said street or alley shall be construed to be the boundary of such district;

(b) Where the district boundaries are not otherwise indicated and where the property has been or may hereafter be divided into blocks and lots, the district boundaries shall be construed to be lot lines, and where the designations on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by lot lines, said lot lines shall be construed to be the boundary of such district, unless said boundaries are otherwise indicated on the maps.

### Section 23:—Validity and Administration.

Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

It is hereby made the duty of the Building Commissioner to administer this ordinance.

### Section 24:—Changes and Amendments.

The city planning commission may, of its own motion or upon petition signed by the owners of a majority of the property according to frontage in any district or portion thereof, prepare an ordinance amending, supplementing, or changing the district boundaries or the regulations herein established. The city planning commission shall cause to be prepared a notice indicating the proposed change in the regulations or in the district boundary lines and describing the boundaries of the territory to be affected, which notice shall set a date for a public hearing for consideration of such proposed amendment, supplement or change. After due publication and posting and public hearing of such proposed amendment, supplement or change, as required by law, the city planning commission may cause such ordinance to be introduced in the city council of the city of Lansing. Whenever a written protest against such proposed amendment, supplement, or change, signed by the owners of twenty (20) per cent of the frontage proposed to be altered, or by the owners of twenty (20) per cent of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty (20) per cent of the frontage directly opposite the frontage proposed to be altered, shall have been filed with the city planning commission, the ordinance providing for such proposed amendment, supplement or change shall not be passed except by the favorable vote of three-fourths of the members of the city council. If any area is hereafter transferred to another district by a change in district boundaries by an amendment, as above provided, the provisions of this ordinance in regard to buildings or premises existing at the time of the passage of this ordinance shall apply to buildings or premises existing at the time of the passage of such amendment in such transferred areas.

### Section 25:—Conflicting Provisions Repealed.

All ordinances or parts of ordinances in conflict with any of the provisions of this ordinance are hereby repealed.

### Section 26:—When Effective.

This ordinance shall be in effect from and after its passage, publication and recording, according to law, thirty days after publication.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Michigan:

Gentlemen:

As Receiver of the Michigan United Railways Company, I am writing you this letter to accept the matters contained in your resolution adopted August 20, 1923, respecting the change of grade of Shiawassee Street in the City of Lansing, in accordance with the order of the United States District Court for the Eastern District of Michigan, Southern Division, entered in the receivership cause on the 24th day of August.

I am enclosing herewith a copy of the order referred to, and agreeable therewith, request you to take up the matter of the proposed amendment to the street railway franchise as therein requested.

In accordance with the above, I will put the ten-cent cash fare into effect Monday morning, August 27th, and trust that you will pass the ordinance respecting the routing of suburban motor busses, as has been suggested.

Yours very truly,

JOHN F. COLLINS,  
Receiver.

United States of America—District Court of the United States—for the Eastern District of Michigan—Southern Division.

Columbia Trust Company, as Trustee,  
under Deed of Trust Securing First and Refunding Mortgage Gold Bonds, dated May 1, 1906,

Plaintiff,

vs.

Michigan United Railways Company and  
John F. Collins, as Receiver of the Michigan United Railways Company,

Defendants.

Consolidated Cause—In Equity—  
No. 521.

At a session of said court held at the Federal Building in the City of Detroit, on the 24th day of August, 1923:

Present: The Honorable Arthur J. Tuttle, District Judge.

On reading and filing the petition of John F. Collins, Receiver herein, from which it appears that the City Council of the City of Lansing has adopted resolutions, one providing that it will change the grade of Shiawassee street, pay this estate five thousand (\$5,000) dollars by way of credit on taxes to apply on damage done to its car barn property, that it will remove and excavate earth at the premises to bring the same to proper grade. That another resolution provides that John F. Collins, Receiver, be and is directed to remove the tracks of this estate from Shiawassee Street, and by another that this Receiver be entitled to charge ten cents (10c)

for single cash fares in the operation of the city street railway in the City of Lansing, and it further appearing that it is estimated the damage done to the so-called Michigan United Railways Company's car barn property by the change of said grade is estimated at twenty-nine (\$29,000) dollars;

Now, Therefore, It Is Ordered, That John F. Collins, Receiver herein, be and he is hereby authorized and directed to accept the proposition of the City Council of the City of Lansing respecting the paving of Shiawassee Street; the payment of \$5,000 to this estate by crediting the same upon a paving tax against this estate; permission to lay tracks on Cedar Street and the City of Lansing to excavate at the Michigan United Railways Company car barn property, as contained in the resolution adopted by said City Council on the 20th day of August, 1923, on the condition, however, that the purchaser or its assigns of the property of this estate file its written consent to this order in this cause.

It Is Further Ordered, That said Receiver request said City Council of the City of Lansing to initiate an amendment to the franchise or ordinance under which said city electric railway system is operated providing by said amendment that the City Council shall in the future have the legal right and power to fix the rate of fare to be charged by the Receiver herein, his successors and assigns under said franchise in the operation of the city street railway system in the City of Lansing and submit the same to the general electors at the next general election in said City of Lansing.

(Signed) ARTHUR J. TUTTLE,  
District Judge.

Received and placed on file.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

Whereas, The Lansing Fuel & Gas Company of the City of Lansing, Michigan recently petitioned the City Council, which petition was presented to the Council on June 25, 1923, and referred to the Committee on Streets and fourth ward alderman, as follows:

"The undersigned respectfully petitions your honorable body to vacate that portion of Emerson Street lying north of the south line of Lot seventeen (17), Block five, (5) of Glendale Place, in said city, and also that portion of Cypress Street lying east of the east line of Christopher Street in said city, for the following reasons:

1. The undersigned is the owner of all of the property on both sides of the portions of said streets above referred to.

2. Said portions of the streets referred to are not used or useful for any other lots or properties adjacent to said streets.

3. Lots eight (8) to seventeen (17) inclusive, of said block five (5) of Glendale Place, owned by the undersigned, is needed by the undersigned in the extension of it's plant, which cannot be done economically until the portions of said streets referred to are vacated by your honorable body.

4. The undersigned will place a fence on the lot line between lots eight and nine and lots seventeen and sixteen, reserving full fifty foot lots eight and seventeen for use as a street on the south side of fence from Emerson Street to Christopher Street, so that there will be no dead end on Emerson Street.

Respectfully submitted,

LANSING FUEL & GAS CO.

(Signed) Chester Grey,  
Manager."

Whereas the said Committee reported in favor of the Petitioner and recommended that said petition be granted; and

Whereas upon the careful examination of the premises and investigation of the same, it is deemed advisable and for the best interest of the City at large that the recommendation of the said Committee be accepted and the petition granted; and

Whereas it further appears that the said streets so asked to be vacated do not lead to the river or water front within the said City; therefore be it

Resolved, That that part and portion of the Street described in said petition be and is hereby vacated and the same to be no longer used for public purposes, and the responsibility of the City to cease in regard to maintaining or caring for the same in every way.

Laid on the table.

By Ald. Templeton—

## PUBLIC IMPROVEMENT II.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted May 7, 1923, for constructing a curb and gutter on Linval Street, from Mt. Hope Avenue to Baker Street are hereby adopted.

That the portion of city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Linval Street within the North line of Mt. Hope Avenue and the South line of Baker Street and extending back from said Linval Street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$3,590.00.

That the expense of such improvement in public street and alley intersections is \$670.00 which shall be paid by the city out of the general paving fund.

That 80% of the remainder of said estimated expense, to wit, the sum of \$2,336.00 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses

and lands within said described district to be benefited thereby, in proportion as near as may be to the advantages which each shall acquire by the making of such improvement, and the remainder of such expense, to wit, \$584.00 shall be paid by the City out of the general paving fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council within two weeks of the passage of this resolution.

## CONSTRUCTION OF SEWERS AND DRAINS, NO. III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of approximately 175 feet of sewer in Buffalo Street from Main Street to St. Joseph Street, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 20th day of August, A. D. 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further resolved, that the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 20th day of August A. D. 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$336.60 of which one-sixth or \$56.10 shall be paid from the general sewer fund and the remainder or \$280.50, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantages which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the

next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—16.

# OFFICIAL PROCEEDINGS OF THE BOARD OF CEMETERY AND PUBLIC PARK COMMISSIONERS CITY OF LANSING

September 7, 1923.

Board met in regular session and was called to order by the president, Com. Poxson.

Roll Call: Beck, Bishop, Gibbs, Johns, Poxson, Woodworth.—6.

Absent—Baumgras, Sanders.—2.

The minutes of the last meeting were read and approved.

## COMMUNICATIONS.

The communication from the Central Michigan Gravel Co. was taken from the table, and the City Forester instructed to get the opinion of the city attorney in relation to the same.

A communication was received from property owners on the west side of Moores Park asking that the four lights recently placed along the west border of the park be kept lighted throughout the night.

By Com. Gibbs—

That the request be granted and lights be left on during the balance of park season.

Carried.

A communication was received from Harry A. Silsbee, Trustee, relative to taking over a certain note for \$6,000.00 held by the city.

Referred to the Committee on Finance.

## REPORTS OF COMMITTEES.

By the Committee on Finance—

That the Moninger Greenhouse Company, having submitted the best and lowest bid for the construction of an addition to the Oak Park Greenhouse, be awarded the contract of furnishing a house of semi-iron construction as detailed in their estimate of July 17, 1923, being their estimate No. 546, with heating material, including one No. 266 Moninger Sectional Hot Water boiler, for the price of \$1,485.28 f. o. b. Chicago.

JOSEPH BECK,  
ERNEST D. GIBBS,

Com. on Finance.

By Com. Beck:

That the committee report be adopted and the contract be awarded the Moninger Company.

Carried.

Report of the Recreation Committee on the dedication of the "J. H. Moores Memorial Natatorium" on August 31, 1923:

The following program was given:

2:30—Chairman, C. F. Poxson, President of Park Board.

Address of Welcome—Hon. Alfred H. Doughty.

Address—Judge Chas. B. Collingwood.

Dedication—Dr. E. W. Bishop.

3:30—Public Inspection of Pool.

4:00—Red Cross Life Saving Exhibition by Commodore Longfellow.

The weather was very fine and a very appreciative audience enjoyed the program.

The absence of Mayor Doughty from the city left the opening address to President Poxson, who handled the situation very capably.

The thanks of the board should be extended to Judge Collingwood and Dr. E. W. Bishop for a very remarkable address and dedication service.

The public appreciation was very favorable toward the pool itself and the work of Commodore Longfellow in his role of "Neptune," in which he presented the pool to the "God of the Seas" and the Red Cross demonstration of life-saving which followed attracted a great deal of applause and was very capably handled. We feel that the program was greatly appreciated.

The Board was honored with the presence of Mrs. J. H. Moores and members of her family.

E. B. JOHNS,  
A. G. BISHOP,

Recreation Committee.

Received and placed on file.

The Cemetery Committee reported on lots which were subject to the forfeiture for non-payment of notes given in payment for same, and recommended that notices be sent by registered mail to those who were delinquent, notifying them that if payment is not made in full with interest the lots will be declared forfeited as provided in the contracts drawn up between the city and the purchasers. A list of delinquents were attached.

By Com. Gibbs—

That the report of the committee be adopted.

Carried.

The Superintendent of the Parks and Cemetery reported giving a financial statement of the funds of these departments, which was received and placed on file.

## RESOLUTIONS.

By Com. Gibbs—

That the condition of the river and the odor therefrom be referred to the Park Committee to investigate and report what action could be taken to remedy such conditions.

Carried.

By Com. Beck:

That all lots in section T which are offered for sale from this date be sold only with perpetual care.

Carried.

Board adjourned.

Received and placed on file.

Honorable Mayor and City Council, Lansing, Michigan:

Gentlemen:

In regard to the resolution heretofore introduced in this council, to wit: "By Ald. Phillips—Resolved by the City Council of the City of Lansing: That hereafter all regular meetings of the Board of Police and Fire Commissioners, Board of Health, Board of Water and Electric Light Commissioners, and Board of Cemetery and Public Park Commissioners shall be open

meetings held in the council chamber and the public shall be invited and may attend."

It will be observed by the resolution that the same is an undertaking to designate the place of holding the meetings of the several commissions of the city and declaring that the same shall be public.

Before arriving at a conclusion in this matter let us examine what the Charter has to say as to the meetings of these several boards.

As to the Board of Police and Fire Commissioners, the Charter does not state when they shall hold meetings or where they shall hold them.

As to the Board of Health, the Charter, Section 286, provides for its holding meetings, and among other things says:

"The Mayor, who shall be ex-officio, a member of the Board of Health, shall on the first Tuesday in May, in each year, or as soon thereafter as possible, call a meeting of said Board designating a time and place of such meeting. Said board shall elect one of its members president, and it shall provide by rule for the time and place of its regular meetings and for the calling of special meetings."

So it appears that the Charter has pointed out how the Board of Health shall hold their meetings and directs that they appoint the time and place for the same.

The Board of Water and Electric Light Commissioners are directed by the Charter, Section 302, as follows:

"The board shall hold not less than two regular meetings each month and a special meeting may be called at any time by the President."

As to the Board of Cemetery and Public Park Commissioners the Charter does not appear to designate particularly as to their meetings, leaving it up to some of the Boards by rule or regulation to call meetings at such time and place as they may deem proper or necessary.

These different bodies are features of the Charter and form a component part of the city government, and it is very questionable whether the city council could destroy the right of the said boards to hold their meetings as they might determine, as long as they kept within reason. Again the duties of these boards, while they are handling public matters, are not always of such a nature as would be advisable for the public to know of or be informed of in advance. Many business transactions are carried on which are in many instances of a comparatively private nature, and it would not seem advisable to say that they must open the doors and that the public be invited in to hear all matters pertaining to the affairs of the different departments.

I do not wish to be understood as indicating that these boards are entirely outside of the scope of the city council, but their duties generally are laid down by the charter, and should the council pass the resolution in question, the only possible way of enforcing it would be if the board ignored the order, to remove the board. By so doing it would make these boards entirely subservient to

the will of the council, which was not intended by the framers of the Charter. These boards are supposed to exercise discretion in the affairs which they are called upon to discharge.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

Received and placed on file.

## REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending Sept. 15th was received and placed on file.

To the City Council of the City of Lansing, State of Michigan.

Gentlemen:

I deem it advisable to exercise the authority given me by the Charter, and veto the resolution passed at the regular meeting of this council on the evening of September 10th, 1923, which resolution was in substance:

By Alderman Phillips—as follows:

"That the plan for the plat of Avis Subdivision be approved."

And the vote of the council adopted the said resolution is hereby vetoed and suspended from going into effect.

My reasons for vetoing this resolution at the present time are that there is not a proper and suitable plan of the said subdivision submitted, and also from the plan presented, it is impossible to determine whether the streets as proposed in said subdivision are complete, so as to coincide with the streets in the city now in use, and I think it dangerous precedent to establish and approve these plans until the Engineering Department of the city have had a chance to check up on the same.

# COUNCIL PROCEEDINGS

September 17, 1923

We all fully realize the experience of the past in matters of this kind, and the expense and trouble the city has been put to, by not properly scrutinizing the plans of proposed plats; so that we can fully determine whether they are as they should be or not.

Respectfully yours,

ALFRED H. DOUGHTY,  
Mayor.

By Ald. McKale—

That the Mayor's veto be sustained.

Carried.

To the Honorable Mayor and City Council:

I herewith submit a report of condition of department funds in detail covering period from May 1st, 1923, to September 1st, 1923, according to the books of this office.

Respectfully,

J. E. PRATT,  
City Comptroller.

By Ald. Klock—

Resolved by the City Council of the City of Lansing:

Whereas, The Pere Marquette Railway Company now has a petition before the Utilities Commission of the State of Michigan asking and praying for permission to lay an industrial track across and over Franklin Avenue at a point about 200 feet west of Larch street; and

Whereas, It is the opinion of this council that a railway track across and over said street at said location would be unreasonable and objectionable for the reason that said street in said street in said vicinity is now crossed by an electric road and a steam road, and that an extra track would have a great tendency to cause delay in traffic and endanger

life and property, and it appears to this council that it is unnecessary, especially in view of the fact that said street is a main thoroughfare and in the near future, by reason of improvements, will be much more of a main thoroughfare than at present;

Therefore, Be it resolved, That the Mayor and City Attorney be and are hereby requested to attend the meeting of the Utilities Commission on September 27th, that being the date of the hearing of said application and use all honorable means and efforts in opposition to the said application.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort—15.

Nays—None.

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That the Mayor appoint a committee of several aldermen from the different wards to act in regard to the opening of Howe street, Indiana avenue, Harton street, and Clifford street, and to get options on land which would be necessary to open these streets.

Also, that the City Attorney be authorized to prepare blanks for the several aldermen to record thereon their findings and report back to this council.

# OFFICIAL PROCEEDINGS OF THE BOARD OF CEMETERY AND PUBLIC PARK COMMISSIONERS CITY OF LANSING

Lansing, Mich., Oct. 5, 1923.

Board met in regular session and was called to order by the President, Com. Poxson.

Roll call:

Present—Com. Beck, Bishop, Gibbs, Johns, Poxson, Sanders.—6.

Absent—Com. Baumgras, Woodworth.—2.

The minutes of the previous session were approved as read.

## COMMUNICATIONS.

Communications were received from Wyllis O. Dodge, 709 Prudden Building, Lansing, Mich., offering the Board nine lots in the rear of Marion Reasoner Park for \$4,500.00, subject to immediate sale.

By Com. Gibbs—

That it is the sense of this Board that the lots mentioned, in the rear of Marion Reasoner Park, would make a very desirable addition to the park as it would allow the addition of tennis courts and playground equipment and would give the park a street frontage. Considering the desirability of the lots mentioned and the reasonable price at which they are offered, the Board of Park Commissioners do hereby recommend that the lots be purchased and that a copy of this resolution be sent to the Council for their action.

Carried.

Communication was received from Tom Bendelow, 610 Crilly Building, 35 S. Dearborn St., Chicago, Ill., relative to the laying out of a municipal golf course.

Received and placed on file.

The following communication was received from the City Attorney and on the motion of Commissioner Bishop was received and ordered printed:

September 18, 1923.

Board of Park Commissioners:  
Lansing, Michigan.

Gentlemen:

In reply to your inquiry in relation to the sale of cemetery lots which are only partially paid for at the time, I will say that I

have carefully examined the situation and given it full consideration, and I am of the opinion that the receipt which you give for payments, and the opportunity of the purchaser to pay is very generous on the part of the Board.

The Board has an option of two things. They can either sue and collect upon the notes or consider the contract at an end and repossess the lot as stipulated in your agreements. Undoubtedly the latter will be followed most generally, and it is my opinion that there are no steps necessary for the Board to take in order to foreclose their part of the contract. Simply take possession of the lot and resell it in the course of business. However as a matter of good conscience and equity I would recommend that where you have the address of the parties, to notify them that you intend to conclude the matter and give them an opportunity to pay should they want to, and if you do not know where the parties are located, it might be advisable to insert a notice in the paper to the effect that they were in default and unless paid within a reasonable time the lot would re-possessed by the Board.

Understand, I do not think these last suggestions are strictly necessary to be carried out, but recommend the same as stated.

Very respectfully,

(Signed) D. G. F. WARNER,  
City Attorney.

A communication was received from the City Suburban Realty Company regarding the erection of a store and apartment on the northeast corner of Lindengrove and East Genesee Street which requested the signature of the Board as frontage consent.

Received and placed on file.

## COMMITTEE REPORTS.

The Committee on Finance to whom was referred the communication from Harry A. Silsbee, Trustee for the George E. Ranney Estate, relative to taking over a certain note in the amount of \$6,000.00, held by the City, beg leave to report as follows:—

That the transaction was carried out through

the City Attorney, the note turned over to the George E. Ranney Estate, and the City paid the face of the note and the interest.

(Signed) JOSEPH BECK,  
Chairman.

By Com. Beck—

That the report of the committee be accepted.

Carried.

The Cemetery Committee recommends that the following forfeitures be made because of non-payment of notes:

Dorman Pearl—W. ½ of Lot 45, Section V. Deed Subs. 7 and 8. Forfeit Subs. 6, 9 and 10.

Mike Danielowski—Lot 43, Section M. Forfeit Subs. 6 and 7. Deed the balance of the lot.

Francis W. McKinney—Lot 111, Section U. Recommend deeding Subs. 1, 2 and 3 and forfeiting Subs. 4 and 5 and the west half of lot.

Oscar King—Lot 5, Section X. Deed the west half of lot and forfeit the east half.

John W. Parmater—Lot 49, Section V. Recommend deeding Subs. 1, 2 and 3 and forfeiting Subs. 4, 5 and 6 and a portion of 7.

We recommend that a list of the lots forfeited be furnished the City Clerk with instructions to correct her records, and that the City Treasurer be, and is hereby authorized to cancel all notes which he has in his possession given as part payment of the above mentioned lots which are recommended for forfeiture.

Cemetery Committee,  
By ERNEST D. GIBBS,  
Chairman.

By Com. Gibbs—

That the committee report be adopted.

Carried.

The Park Committee is granted a month's extension of time in which to report on the means of improving the condition which has existed during the low water season on the river.

By Com. Gibbs—

That a special committee consisting of the Recreation Committee and the President, Vice-President and City Forester take up the question of playgrounds with the committee appointed by the Board of Education.

Carried.

By Com. Gibbs—

That the question of insurance on park buildings be referred to the Building Committee with power to act and report back action to the Board at the November meeting.

Carried.

By Com. Johns—

That the City Forester notify the Central Michigan Gravel Co. that the Park and Cemetery Board does not recognize any purported transfer of the contract by the Burwell Gravel Co., and that the Central Michigan Gravel Co. are considered simply tenants by courtesy.

Carried.

By Com. Beck—

That the Cemetery buy the Reo Speed Wagon which has been in use at the Cemetery during the past week, subject to repairs which are necessary, for \$600.00.

Carried.

By Com. Beck—

That the City Forester be authorized to inspect trees and shrubs which will be needed for park and street planting this fall and the coming spring.

Carried.

By Com. Gibbs—

That it is the sense of this Board that Section 4 of the City Tree Ordinance should be amended by the City Council to read—"Section 4. No shade or ornamental tree, plant or shrub shall be planted in any of the streets or public highways of the City of Lansing until the City Forester shall have first approved the kind, size and the variety of the same, designated the location therefor and granted a permit for the planting of same. It is provided further that no willow, poplar, box elder, black ash or common catalpa "catalpa speciosa" shall be set out hereafter on the public streets or highways, nor any other tree unless it be free from infectious disease and has a diameter of 1½ inches or over, one foot above the ground level." These trees are ruled out because of the excessive sewer damage caused by the box elder; the black ash should not be planted because of the damage caused by oyster shell scale, and the common catalpa because the tree is undesirable in growth and because of the litter which is continually dropping into the streets.

Carried.

The City Forester reported progress on the work at the City greenhouse and on the stadium at the Moores Park Swimming Pool.

Financial report was read for the month of September at Mt. Hope Cemetery showing Perpetual Care as having reached the amount of \$80,154.93.

Board adjourned.

BERTHA RAY,  
City Clerk.

Gentlemen:

The following resolution was adopted by the Board of Cemetery and public Park Commissioners at a meeting held on Oct. 5, 1923:

"By Com. Gibbs—

That it is the sense of this Board that the lots mentioned, in the rear of Marion Reasoner Park, would make a very desirable addition to the park as it would allow the addition of tennis courts and playground equipment and would give the park a street frontage. Considering the desirability of the lots mentioned and the reasonable price at which they are offered, the Board of Park Commissioners do hereby recommend that the lots be purchased and that a copy of this resolution be sent to the Council for their action.

Carried."

The lots referred to are nine lots in the rear of Marion Reasoner Park for \$4,500.00.

Whereas, there is now before this Council a communication from the Board of Water Works and Electric Lighting, reciting the necessity of acquiring certain lands and premises lying east of Potter Park and north of the Cedar River; and

Whereas, such lands and premises are more particularly described as follows:

#### PARCEL NO. 1.

That part of section twenty-three (23), Town four (4) north, range two (2) west, lying north of the Cedar River, and south of the right of way of the Grand Trunk Western Railway Company, said parcel being in the City of Lansing.

#### PARCEL NO. 2.

That part of outlot "C" of Leslie Park Subdivision of the township of Lansing, (now part of the City of Lansing), described as beginning at a point on the north line of the right of way of the Grand Trunk Western Railway Company, seven hundred ninety-two (792) feet east of the west line of section twenty-three (23), town four (4) north, range two (2) west, thence north five hundred ninety-five and two tenths (595 2-10) feet, thence east sixty-six (66) feet, thence north to south line of the right of way of the Pere Marquette Railroad Company, thence southeasterly along said line of said right of way to a point on the east line of the west one-half (½) of the northwest quarter of said section twenty-three (23), thence south along said line to the

Cedar River, thence southerly along the main course of the Cedar River to the right of way of the Grand Trunk Western Railway Company, thence west to the point of beginning.

#### PARCEL NO. 3.

That part of the east one-half ( $\frac{1}{2}$ ) of the northwest quarter of section twenty-three (23), town four (4) north, range two (2) west, described as beginning at a point on the west line of the east one-half ( $\frac{1}{2}$ ) of the northwest quarter of said section one hundred sixty-six (166) feet north of the right of way of the Pere Marquette Railroad Company, thence east along said right of way six hundred ninety-two (692) feet, thence north thirty-three (33) degrees east to a point thirty (30) rods west of the north and south quarter line of said section twenty-three (23), thence south parallel with the west line of said section to the Cedar River, thence southwesterly along the Cedar River to the west line of the east one-half ( $\frac{1}{2}$ ) of the northwest quarter of said section twenty-three (23), thence north along said line to the point of beginning, except the right of way of the Pere Marquette Railroad Company, said parcel being in the City of Lansing.

#### PARCEL NO. 4.

That part of the northeast quarter ( $\frac{1}{4}$ ) of section twenty-three (23), town four (4) north, range two (2) west, lying north of Cedar River, and that part of the east thirty (30) rods of the northwest quarter ( $\frac{1}{4}$ ) of said section twenty-three (23) lying north of Cedar River, also that part of the southeast quarter ( $\frac{1}{4}$ ) of section fourteen (14) town four (4) north, range two (2) west, described as follows:

Beginning at a point on the south line of the plat of Urhandale number one (1) and the east line of Howard Street, thence east to a point thirty (30) feet east of the east line of Homer Street, thence south thirty-five and one-fourth ( $35\frac{1}{4}$ ) degrees west two hundred sixty-eight (268) feet, thence south twenty (20) degrees east fifty-four and one-half ( $54\frac{1}{2}$ ) feet to the Cedar River, thence along Cedar River to the south line of said section fourteen (14), thence west along south line of said section fourteen (14) to a point due south of the east line of Howard Street, thence north to the point of beginning. Said parcel being in the township of Lansing;

And Whereas, it is deemed by this Council, that the acquirement of said property for the purpose of constructing and maintaining wells, pipe lines, pumping stations and for other purposes incident to furnishing the City of Lansing with an adequate supply of water is necessary for the use and benefit of the public, and is required for the use of said City of Lansing, and the same is necessary and convenient for the public good, and that it is necessary to appropriate such property for the purposes aforesaid; and

Whereas, the said City of Lansing through its duly authorized officers and agents, have endeavored to acquire the said lands and premises, and, have been unable to agree with the owners thereof for the purchase thereof, now, therefore, be it

Resolved, by the City Council of the City of

Lansing, that the City Clerk be, and is hereby directed to cause a notice of the proposed acquirement and appropriation of said property, for the purposes aforesaid, of said public improvement, and of the pendency of this resolution, to be given to all persons interested therein, by publishing a true copy of this resolution according to law, that the Council will meet on Monday the 15th day of October, 1923, at 8:00 o'clock p. m., at the City Council rooms in the City Hall of the said City of Lansing, for the purpose of hearing suggestions and objections, if any, relative to the acquirement of said property for the purposes aforesaid and to every other matter in this resolution contained; and that such publication of this resolution be at least four days before the time herein fixed for hearing of suggestions and objections, if any, as aforesaid.

Resolved further, that the final passage of a resolution declaring and determining it to be a public necessity to take for the use and benefit of the public, for the purposes hereinbefore specified, the private property hereinbefore described, and any and all interested therein, be deferred until after the hearing herein provided for and such adjournments thereof as the City Council may deem necessary, and after such alterations and amendments as the City Council shall make thereto, if any, as provided by the City Charter, and that after such hearing or hearings and after such alterations and amendments as may be legally made thereto, said resolution shall be placed upon its final passage pursuant to the provisions of the charter of the City of Lansing.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—16.

Nays—None.

By Ald. McComb—

Resolved by the City Council of the City of Lansing:

Whereas this Council did heretofore to-wit: on the 18th day of June, 1923, by Resolution unanimously adopted, declare it to be a public necessity and a necessary public improvement for the safety and needs of the inhabitants of the City of Lansing, that an addition and extension to the present light and power plant, together with the necessary machinery for the distribution of electricity be built, added to and equipped to the present plant now in operation in the said city, so as to supply the necessary electric energy for lighting, power and domestic purposes in said City of Lansing, and that an estimated indebtedness of \$1,000,000 will be incurred in the construction of the same, and;

Whereas this Council heretofore to-wit: on the 27th day of July, 1923, at a special election duly and legally called did submit the question of the said extension, addition and improvement to the present light and power plant as aforesaid, and the issuance of the bonds of the City of Lansing in the amount of \$1,000,000 for the purpose of defraying the expense of the construction of said addition

to the said power plant to a vote of the qualified electors of the City of Lansing; and

Whereas the qualified electors of the said city, by a three-fifths vote of those voting thereon at the election held in said city on the 27th day of July, 1923, determined and approved the issuance of the bonds of the said city in the sum of \$1,000,000 for the purpose of adding to and extending the present light and power plant and the necessary machinery for the distribution of electricity, and that said bonds should be issued as proposed in said Resolution; now therefore be it

Resolved by the City Council that the bonds of the City of Lansing, to be designated "City of Lansing Electric Light and Power Bonds" in the sum of \$1,000,000 for the purpose of adding to and extending the electric light and power plant in the City of Lansing, with it's necessary distribution system, be issued by said city. That such bonds shall be in denominations of \$1,000 each, and be dated January 2, 1924, and be due and payable as follows: \$50,000 on the 2nd day of January each year from 1934 to 1953 inclusive. The said bonds shall bear interest at the rate of 4½% per annum payable semi-annually on the 2nd day of January and the 2nd day of July in each year beginning on the 2nd day of July, 1924, both interest and principal payable at the Guaranty Trust Company, New York, N. Y.

Resolved further, that there shall be printed on the back of said bonds the following provisions for registration as to principal and interest:

In accordance with a provision of this bond the coupon sheet issued herewith has been surrendered by the holder of this bond, and the coupons have been cancelled by the City Treasurer. The semi-annual interest on this bond is hereafter to be paid to the registered holder named in the registration blank below or order upon the proper acknowledgement of the receipt thereof.

Dated Lansing, Mich., ....., 19..

City of Lansing Electric Light & Power Bonds.

Know all men by these presents that the City of Lansing, State of Michigan, hereby acknowledges itself justly indebted and for value received promises to pay the bearer, or if registered to the registered holder thereof, the sum of \$1,000.00 lawful money of the

United States of America, on the 2nd day of January, 19.. at Guaranty Trust Co., New York, N. Y., with interest at the rate of 4½ percent, semi-annually on the 2nd day of January and the 2nd day of July of each and every year, beginning with the 2nd day of July, 1924, on presentation and surrender of the proper interest coupons hereto attached as they severally become due, and for the prompt payment of this bond and interest thereon the full faith and credit of the City of Lansing is hereby irrevocably pledged.

This bond is one of a series of 1,000 of like tenor, except as to date of maturity, aggregating the sum of \$1,000,000, issued under and in pursuance of the provision of the Charter of the City of Lansing and by authority of the laws of the State of Michigan, and duly authorized by a three-fifths vote of the qualified electors of said City of Lansing at an election held in said city on the 27th day of July, 1923. This issue of bonds is for the purpose of raising funds to defray the expenses of extending and adding to the present light and power plant, together with the necessary machinery for the distribution of electricity, as prescribed in a certain resolution adopted by this Council on the 18th day of June, 1923. It is hereby recited and certified that all the acts, conditions and things required to be done precedent to and in the issuance of said bonds in order to make them valid and binding obligations of the City of Lansing have been done, happened and been performed in regular and due form, as required by law, and that the total indebtedness of the City of Lansing, including this issue of bonds, does not exceed any charter, statutory or constitutional limitation. This bond is exempt from taxation in the State of Michigan.

This bond may be registered as to principal in the name of the holder upon the books to be kept by the City Treasurer and similarly noted hereon, after which registration the principal hereof shall be payable to the registered holder until this bond has been discharged from registration by being registered as payable to bearer. The registration of this bond as to principal shall not restrain the negotiability of the coupons by delivery merely, but the coupons may be surrendered and thereafter the principal and interest of this bond will be payable only to the registered holder.

In witness whereof the Mayor and Clerk of the said City of Lansing, Ingham County, Michigan, have by order and direction of the City of Lansing officially hereunto subscribed the corporate name of the said City of Lansing, and attached the corporate seal thereof and executed the bond for and on behalf of the City of Lansing; this bond bearing date of January 2d, 1924 by order of said Council.

This issue of bonds is for the purpose of raising funds to defray the expenses of driving additional wells, extending water mains and also to reinforce some of the water mains now in use, as prescribed in a certain resolution adopted by this Council on the 25th day of June, 1923. It is hereby recited and certified that all the acts, conditions and things re-

quired to be done precedent to and in the issuance of said bonds in order to make them valid and binding obligations of the City of Lansing have been done, happened and been performed in regular and due form, as required by law, and that the total indebtedness of the City of Lansing, including this issue of bonds, does not exceed any Charter, statutory or constitutional limitation. This bond is exempt from taxation in the State of Michigan.

This bond may be registered as to principal in the name of the holder upon the books to be kept by the City Treasurer and similarly noted hereon, after which registration the principal hereof shall be payable to the registered holder until this bond has been discharged from registration by being registered as payable to bearer. The registration of this bond as to principal shall not restrain the negotiability of the coupons by delivery merely, but the coupons may be surrendered and thereafter the principal and interest of this bond will be payable only to the registered holder.

In witness whereof the Mayor and Clerk of the said City of Lansing, Ingham County, Michigan, have by order and direction of the City of Lansing officially hereunto subscribed the corporate name of the said City of Lansing, and attached the corporate seal thereof and executed the bond for and on behalf of the City of Lansing; this bond bearing date of January 2d, 1924 by order of said Council.

### CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 825 feet of sewer in Logan Street from Michigan Avenue to Ionia Street in the 1st and 19th sewer and drain district of the City of Lansing, having been duly given as required by the Charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 1st day of October, A. D., 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is

hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 1st day of October, A. D. 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$13,168.00 of which one-sixth or \$2,194.65 shall be paid from the general sewer fund and the remainder or \$10,973.35, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 385 feet of sewer in Lincoln Avenue from Cedar street to Maplewood Street, having been duly given as required by the Charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it it hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 1st day of October, A. D., 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 1st day of October, A. D., 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improve-

ment is \$648.00 of which one-sixth or \$114.00 shall be paid from the general sewer fund and the remainder or \$570.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—16.

Nays—None.

# OFFICIAL PROCEEDINGS OF THE BOARD OF POLICE AND FIRE COMMISSIONERS OF THE CITY OF LANSING

Lansing, Michigan, October 12, 1923.

Board met in regular session and was called to order by the president, Com. Jones.

## Roll Call.

Present: Cady, Foster, Cavanaugh, Jones, Lewis, Kimes, Potter.—7.

Absent: Reutter.—1.

The minutes of the last meeting were read and approved.

## COMMUNICATIONS.

Lansing, Michigan,

October 2, 1923.

To the Honorable Board of Police and Fire Commissioners, Lansing, Michigan:

Gentlemen:

The undersigned, Archie Wilbur, respectfully represents that he has been a member of the Police force in the said City of Lansing for four and one-half years and upwards, and that he has at all times endeavored to perform his duty and obey the rules and orders of the Department.

Your petitioner further represents that on the 26th day of September, he was suspended by Chief Seymour without just cause.

Your petitioner, therefore, asks your Honorable Body for a hearing relative to said suspension and that he be restored to his former position.

ARCHIE WILBUR.

By Com. Potter—

That the communication be referred to the Committee on Men and Discipline.

Adopted by the following vote: Yeas, 7; nays, 0.

Hon. Board of Police & Fire Commissioners:  
Gentlemen:

On September 26th I suspended Patrolman Archie Wilbur for the following reasons:

Patrolman Wilbur at one time attempted to arrest a man who he suspicioned of being in possession of liquor in an automobile. The party abandoned the auto and escaped from

Wilbur. The automobile was held at the station for a considerable period, then repaired and placed in service for the Police Department; which apparently did not meet with the approval of Patrolman Wilbur, as on different occasions he had made remarks to Mechanic William Hale that the car rightfully belonged to him and that he was going to take some steps to find out why he did not get it. Patrolman Hale reported these remarks to me from time to time and I waited for officer Wilbur to approach me on the subject, but he never did.

At about the time of the beginning of the police investigation by the City Council an insurance agent by the name of Zeeland Goodell came to me and reported that Dr. W. K. Wilson and Allen Ferle had been to his office trying to trace up the ownership of this certain automobile. Also I learned that the same parties had been to the Ford service station operated by F. J. Blanding Company looking up details in regard to the same car.

On September 26th, Officer Wilbur was subpoenaed to appear before the investigating committee. His entire testimony was on the seizure and disposition of this automobile. The way in which the questions were asked and answers given, which questions were frequently answered before they had concluded the question, satisfied me there was a clear understanding between Mr. Cummins and officer Wilbur in regard to this automobile. Feeling satisfied that officer Wilbur had gone outside the Departments with complaints which should have been brought to me or to your Honorable Body, I immediately suspended him from duty and he is so carried on the rolls at the present time.

All of the above statements I am in position to substantiate and leave it to your Honorable Body as to what disposition shall be made.

Respectfully submitted,

ALFRED SEYMOUR,  
Chief of Police.

P. S.—I cite you to Article 31, page 13, of the Police Manual.

Referred to the Committee on Men and Discipline.

Hon. Board of Police & Fire Commissioners:  
Gentlemen:

There is a matter concerning myself which I respectfully request your Honorable Body to investigate. Patrolman Harry Snider reported to me that one evening some time ago, as he was passing through the City Hall yard and also past the windows to my office, he saw me with a bottle up to my mouth. He reported this matter to Lieut. Fouts, who was then in charge at the desk, and according to his story, never mentioned it to any other person.

Shortly after the police investigation started, Patrolman Snider was approached on his beat by Dr. W. K. Wilson and asked particulars concerning this incident. He, Dr. Wilson, knew all the particulars and in fact the language used by Patrolman Snider to Lieut. Fouts.

Respectfully yours,  
ALFRED SEYMOUR,  
Chief of Police.

By Com. Potter—

That the communication be referred to the Committee on Men and Discipline.

Hon. Board of Police & Fire Commissioners:  
Gentlemen:

I respectfully request that the following transfers be made to cover overdrawn accounts:

Transfer \$92.70 from 1-B-7 to 1-A-5.  
Transfer \$100.00 from 1-F-10 to 1-C-15.

Respectfully submitted,  
ALFRED SEYMOUR,  
Chief of Police.

By Com. Potter—

That the transfers be made as recommended by the Chief of Police.

Adopted by the following vote:

Yeas—6.

Nays—None.

A letter of appreciation for the work of the Fire Dept and a gift of cigars for the firemen was received from the Reo Motor Car Co.

### REPORTS.

### REPORT ON INVESTIGATION OF POLICE DEPARTMENT.

The Committee of the Whole of the City Council of the City of Lansing acting under instructions of said Council to conduct an investigation into the affairs and conduct of the Police Department of the said City, beg leave to report as follows:

That said Committee has, with considerable care, conducted such investigation, has heard the testimony of a large number of witnesses and has endeavored to learn the true facts with reference to all matters concerning which testimony was taken and we further beg leave to report the following findings:

#### The Case of George Sitterding.

1. The committee finds that in this case on Sunday, the 10th day of June, 1923, said George Sitterding was arrested and placed in jail until sometime on the following day. And we find that said arrest was wholly illegal and without any authority of law whatever and constituted an act of false imprisonment on the part of the officers making the same. We find that the Chief of Police was not in the city at the time of such arrest and did not know the facts concerning the same at the time thereof, but that those in authority next to him were familiar with the facts and that such facts should have brought about prompt disciplinary measures against the officers making the arrest.

2. We further find it to be a fact that said George Sitterding after being brought to the city jail and while being confined there was attacked and beaten by police officers. There is considerable conflicting testimony on this point, but the testimony is convincing that when he was taken to the jail he was not suffering from any physical injury of any consequence and that at the time of his release he had been in some manner and by some persons, seriously beaten. This having occurred while he was under the immediate charge of police officers and no explanation whatever having been offered therefor we can come to no conclusion but that it came about substantially in the way testified by Mr. Sitterding.

3. We further find that while so confined in the city jail, said George Sitterding was denied the right to communicate with his friends, and while we do not wish to be understood as finding that indiscriminate or unlimited opportunities to use the telephone should be accorded to prisoners, we do find that in every instance a prisoner committed to the jail should be allowed, under the supervision of the officers and with full knowledge on their part of the communication sent out, to communicate with his friends in order that they may take such steps as would be lawful in his behalf.

#### The Case of Goodnecht.

We find that on two occasions the Police Department conducted illegal searches of the premises of the said Goodnecht and illegal seizures of his property, and on two occasions

arrested him and confined him in jail illegally owing to the fact that they had at the time of such search and seizure no search warrant, and at the time of each said arrests no warrant for his arrest, and he was not in either case arrested on reasonable suspicion of a felony committed by him or for any misdemeanor committed in the presence of the officers.

#### The Case of John Spaniola.

In this case we find that the officers conducted an illegal search and seizure of the premises occupied by said John Spaniola, and illegally arrested him and confined him in jail, said arrest being without warrant and without any evidence against said Spaniola except such as was gained by means of an illegal search. Said Spaniola testified that he was denied the right to communicate with any one while in the jail, although he expressly requested the right to communicate with counsel; and though he explained to the officers that he had a large quantity of perishable fruit on hand which would suffer if it did not have his immediate care.

Were it not for the testimony of officers of the Police Department relating to the matter of allowing prisoners to communicate with outsiders, we might hesitate to find that this claim was true. But it has been admitted by evidence of the officers on the part of the Police Department that it was the policy in such instances to deny such communication until the party had been arraigned before the court.

#### Case of Charles Stone.

In this case no charge of any kind was made or contemplated against Mr. Stone. Notwithstanding that fact police officers went to his residence and forcibly required him to leave his home and go some distance up the street to confer with other police officers, including the Captain of Police. While there he was threatened with being forcibly taken to Police Headquarters. The conduct of the officers was immediately brought to the attention of the Chief of Police. Such conduct was illegal and constituted a grave infringement upon the rights of Mr. Stone, and should have resulted in bringing about prompt disciplinary measures against the officers who were guilty of such conduct. No such measures whatever were taken.

#### Case of George Wixom.

In this case it is not disputed that Mr. Wixom was placed under arrest by a police officer while at the city market in the city. He had stated to friends of his that on a certain occasion the police officers had beaten him. No justification was offered for his arrest other than the fact that he had made such statements. These statements, whether true or false, constituted no ground for his arrest at the time and place and in the manner testified to.

#### The Case of "Poots" Madden.

In this case officer Miles shot Madden through his shoulder and lung while Madden was driving a truck on Michigan Avenue East. The only reason offered for shooting Madden was that he refused to stop the truck

when ordered to do so by the officer. Said Madden was not wanted for any crime theretofore committed and the effort of the officer to stop him was solely because of a breach of a traffic ordinance. Such shooting was a gross abuse of authority and was of such character as should have called for an immediate dismissal from the police force. It did not result in any disciplinary measures whatever, although the facts were fully known to the Chief of Police.

#### Case of William Crowley.

In this case, two police officers had made the arrest of two men who were drunk and disturbing the peace. The arrests were unquestionably lawful, but we find that while said officers were conducting the arrested men to police headquarters, officer Keith Laing cruelly and brutally beat said Crowley over the head with his police club and that this was without any justification whatever and at a time when no resistance to said officer was being made by said Crowley and purely as a result of insulting remarks made by said Crowley to said officer. We further find that the injury inflicted upon said Crowley was such as should have had immediate medical attention and that no such medical attention was provided and said Crowley was not even allowed to wash the blood from his hair which was matted with blood. We find that said Keith Laing for this gross misconduct should have been immediately dismissed from the said force and that the officers in charge of the city jail were subject to severe censure for not having seen to it that the wounds of said Crowley were cared for and given proper attention.

#### Party Arrested in Front of Lawrence Apartments.

In this case a party of two men and two women were arrested by police officers, about two o'clock in the morning, in front of the Lawrence apartments. They had previously been occupying, with others, an apartment in said building where they had been sufficiently noisy to attract the attention of police officers on the outside and where they had been drinking intoxicating liquors. When arrested they were under the influence of liquor to such an extent that they were very talkative and noisy and were planning to drive to Pine Lake to go swimming. They were in possession of a bottle of Gordon Gin partially consumed and which one of the men tried to pour out at the time of the arrest. They were caught in the open violation of the liquor law and made no claim of having any defense thereto. Notwithstanding these facts and notwithstanding the fact that the officer had in all respects conducted the arrest lawfully they were ordered released by the Chief of Police without investigation, other than a telephone communication from one Mrs. Phelps, and the statement of the sergeant in charge at the police station that while the party was under the influence of liquor they were not drunk. We condemn a release of parties known to be guilty of offenses against the liquor law by any police officer without taking the parties before the court as wholly improper, illegal and strongly tending to encourage the violation of such laws.

#### Louis Moore's Case

The facts in this case are not in dispute. It appears that one DeCoursey, representing the SeaGraves Engine Company occupied a room at the Hotel Downey. About one o'clock in the morning a police officer found said DeCoursey in said room with four quart whisky bottles, a number of glasses and bottles of mineral water on a table. The whisky bottles were nearly empty. One Louis Moore, at the time a member of the Police and Fire Commission, had just left the room in company with a one Mr. Sheets who was an employee of the city, employed as a driver for the car of the Chief of the Fire Department. There is no evidence that said Sheets had been in the room or that he had partaken in any way of any intoxicating liquor. He was delegated by the Chief of the Fire Department to drive said Moore's car. When said Moore left said room he had with him two unopened quart bottles of bonded liquor. Said Moore and Sheets went to the Wolverine Restaurant and while they were there an officer took the two quart bottles of whisky from Moore's car. Immediately thereafter said Moore and Sheets went in said car to a point in front of number 305½ North Washington Avenue, when said Moore went up the stairway and eight minutes thereafter returned with two other quart bottles of whisky. When he went up said stairway he did not have this whisky. Officers of the city, thereafter, in the proper performance of their duty arrested said Moore and Sheets and took them to the police station. Said Moore was grossly intoxicated. Shortly thereafter his release was ordered by the Chief of police by telephone. No record was made of the arrest nor of the seizure of the liquor in the books where such seizures were customarily recorded. No report of the seizure of the liquor was made to the State Department of Public Safety as required by law. No effort was made to prosecute DeCoursey or Moore or one McElvey who occupied the premises from which Mr. Moore procured the second two bottles of liquor. It is claimed that Mr. Moore declined to make any statements concerning the transaction. No effort was made to procure affidavit of Mr. Sheets relating to the facts within his knowledge. At the investigation Mr. Sheets testified freely and frankly concerning the same. Mr. Moore has been absent from the city during the entire investigation.

We find the Police Department to have been grossly neglectful of its duty in the handling of this case. The facts known to Mr. Sheets would have justified the immediate procurement of a search warrant to search the premises of said McElvey. A prompt and vigorous prosecution of all the guilty parties was the only course open to the Police Department, and would have been of immense benefit in the enforcement of the liquor law.

#### In Re One Ford Car.

It appears that on one occasion, officer Wilbur arrested a man who was driving a Ford automobile. After making the arrest the party resisted him and broke away from him and escaped leaving the car behind him which was found to contain a quantity of bonded whisky. The car was injured by running into the Shia-

wassee Street bridge at the time of the arrest. Said car was afterwards appropriated by the Police Department and after being used for some months by the Department was traded in towards a new car. This action on the part of the Police Department was wholly illegal and contrary to law, and we condemn such action on the part of the Police Department as strongly tending to encourage others in the violation of the law.

#### **Release of Automobiles Seized By Police Department.**

It is admitted by the Police Department that quite a large number of automobiles have been seized by police officers when being used for the illegal transportation of intoxicating liquors and that in every instance such cars have been turned over to the owner or to persons claiming liens or interests therein, by the Department. It is claimed that this has been done upon the verbal direction of the Prosecuting Attorney of the County. No reports whatever as to the seizure of such cars have been made to the Department of Public Safety of the State of Michigan. No court proceedings have been had to determine whether or not they should be retained or released. The statute expressly requires that an immediate report and inventory be made to the Department of Public Safety of all such seizures, and to insure the making of such report, any officer failing to make the required report and inventory is declared guilty of a misdemeanor and subject to a fine of not more than Two Hundred Dollars or six months imprisonment or both in the discretion of the court. The course to be pursued and the method of procedure is very carefully laid down by the statute. Nothing is left to the discretion of the police officers in such cases, nor, it may be said, to the discretion of the Prosecuting Attorney. The procedure detailed in the statute was manifestly carefully thought out by the legislature for the purpose of aiding in the enforcement of the liquor law. Notwithstanding all that, the law has been intentionally and wholly disregarded. In other words the Police Department has assumed to nullify, so far as the City of Lansing is concerned, the deliberate judgment of legislature as to what should be the course pursued in this class of cases. No claim is made that the law is invalid. The only justification offered by the Police Department is the claim that this course is directed by the Prosecuting Attorney, and the Chief of Police openly avows that even though the law was perfectly plain he felt himself under obligation to disobey it if so directed by the Prosecuting Attorney. The Prosecuting Attorney was not sworn in the case and we have no means of knowing whether it is true that he did so direct, but for the purpose of this investigation we find that whether true or not it furnishes no excuse for violating a law which is perfectly plain and unambiguous in its terms. It is not claimed that the Prosecutor advised him that the law was invalid or that there was any doubt about its meaning and we find it to be no part of the functions of the Prosecuting Attorney to advise or direct disobedience to law, where neither the validity or the meaning of the law are in dispute.

#### **The Box Car Episode.**

It appears that on one occasion a number of Police officers were sent out with a marked ten dollar bill either for the purpose of inducing one Ada Crandall and another woman to make an illegal sale of intoxicating liquor or for the purpose of procuring evidence against them as prostitutes. Whichever purpose was in mind the details of the enterprise appears to have been left to officers Beebe and Johnson, Beebe being at that time a sergeant. They were under the charge of Lieutenant Dickerson who testified that the purpose was to obtain evidence of illegal violations and that he knew nothing of the details of what was afterwards done and no one testified that he had any part in planning the details of the enterprise. By methods that were disgusting and disgraceful to any one knowing the participants in the plan as carried out in its details, a perfect case was obtained against the women. But the method used was so repugnant to all sense of decency that the Chief of Police desired to avoid any publicity of the same and directed the discharge of the women and disciplined one of the police officers, namely, Patrolman Johnson. On the other hand Sergeant Beebe has since been promoted to Lieutenantcy. Giving Sergeant Beebe's conduct the most favorable construction to him it indicated a lack of discretion and judgment which in the judgment of this committee wholly unfits him for a responsible position in the Police Department. We think instead of being promoted, he should have been dismissed.

#### **The Suspension of Lieutenant Wilbur.**

During the progress of the investigation, Patrolman Wilbur of the Police Department in response to a subpoena was placed upon the witness stand and freely told the facts relating to the appropriation of the Ford car hereinbefore mentioned, seized by him while being used in the illegal transportation of liquor. It is admitted that he told nothing but the truth relating thereto. Immediately after he left the witness stand he was suspended by order of the Chief of Police. The only excuse offered for such suspension was that Patrolman Wilbur had, a long time previous, disclosed facts relating to the Police Department to outsiders but there was no evidence whatever of any such disclosure and no evidence of any kind or character showing any misconduct on the part of Lieutenant Wilbur, except that in the winter of 1921, shortly after the seizure of the Ford car, he had said to an employee of the Police Department, William Hale, that the car ought to belong to him. We find as a fact that said suspension did not take place for the reasons stated, but that it took place because of the fact that said Wilbur has testified in this investigation and we can find no other reason or motive for such suspension except that of deterring other police officers from testifying. It was expressly admitted by the Chief of Police that the testimony of Mr. Wilbur had been true in every particular.

We expressly find that the matters hereinbefore set forth when considered in connection with the testimony as to the general policy of the Police Department in such matters show

gross misconduct in office on the part of the police officers. And we further find that the failure of the Police and Fire Commission to take notice of and remedy such conditions shows that there should be a reorganization of the entire Police Department, including the Board of Police and Fire Commissioners, and we recommend to the Mayor and City Council the immediate taking of steps looking to that end, all of which is respectfully submitted.

By Ald. Avery—

Whereas, this council did on the 8th day of October, 1923, in a certain resolution then pending before it, and which said resolution was on said 8th day of October, 1923, duly adopted with the concurrence of two-thirds of all the aldermen-elect, of said Council, recite that it was deemed by said Council that the acquirement of certain property for the purposes of constructing and maintaining wells, pipe lines, pumping stations, and for other purposes incident to furnishing the city with an adequate supply of water is necessary, and that the same is required for the use of said city, and that the same is necessary and convenient for the public good, and that it is necessary to take such private property for the purposes aforesaid without the consent of the owners thereof;

And, Whereas, this council did in said resolution of October 8, 1923, fix Monday, the 15th day of October, 1923, at 8:00 o'clock P. M. at the City Council Rooms at the City Hall, in said City of Lansing, as the time and place for the purposes of hearing suggestions and objections, if any, relative to the acquirement of said property for the purpose aforesaid, and to every other matter and thing in said resolution contained, and did by said resolution direct the City Clerk to cause notice of said resolution and of the matters and things therein, to be given in the manner described in said resolution, with which said direction the City Clerk did comply;

And, Whereas, this council did meet on Monday, the said 15th day of October, 1923, at the City Council Rooms in the City Hall at 8:00 o'clock p. m., in the City of Lansing, and did give an opportunity to the persons interested in said public improvement to be then and there heard; and all objections and suggestions made to, or filed with the council in opposition to or concerning said proposed improvement have been duly heard and considered;

And, Whereas, this council is of the opinion that said parcels of land in said resolution mentioned, and herein described should be appropriated and taken without the consent of the owners thereof, for the purposes described in said resolution above named;

Now, Therefore, be it resolved by the City Council of the City of Lansing, that this Council does deem and declare it necessary to make the public improvement contemplated by said resolution, and does deem and declare it to be necessary to take certain private property therefore to-wit: The parcels of land herein described, for the use and benefit of the public without the consent of the owners, viz.:

## FRATERNAL ORDER OF COW PUNCHERS

Incorporated

Three degrees'

Protective Order Cowboys

The Benevolent Commandry

Grand Vigilance Committee

Auxiliary

Cowgirls of the World

Cowboys' Home, 713 East Union St.,  
Seattle, Wash., Oct. 15, 1923.

Mayor of the City

Honorable Sir:

This is a personal appeal. Humanity calls from the wilderness. Will you answer?

As the largest organization of Cowboys in the world, we are taking the liberty of writing you, as we have been requested by a number of our members who live in lonely remote places.

These Boys, fearless hunters of the mountain and desert, wild riders of the plains, who spend many lonesome hours on the range, have the idea that you, as Chief Executive of your City can place them in touch with honorable girls, women, men and boys of your community, who would be interested in outdoor life, for an exchange of correspondence, to lighten life along the long, long trail.

These Cowboys practice brotherly preservation, benignity of manner and broadness of character.

Trusting that we shall receive a message from you for the Boys, by letter or through your local press, we remain,

Very respectfully,

FRATERNAL ORDER OF COW PUNCHERS

Charles Chenoweth,

Supreme Protective Cowboy.

Referred to City Clerk and Asst. City Clerk.

A petition was received from Mr. Fred Hummell, owner of Lots 23 and 24, Block 5, Es-

panore, asking that his sidewalks be constructed to conform with the grade of Ver Linden Avenue.

Referred to City Attorney, City Engineer, and Committee on Streets.

### REPORT OF COMMITTEE.

The Committee on Streets to whom was referred the petition for graveling Cawood Avenue from Saginaw Street running north to end of street in Saginaw Park Sub., begs leave to report as follows:

We recommend that the petition be to grade and gravel, as the street is in no shape to gravel.

A. H. PHILLIPS,  
F. S. VANDERVOORT,  
O. C. HOWE,  
E. D. KLOCK,

Committee on Streets.

By Ald. Phillips--

That the report of the committee be adopted.  
Carried.

The Committee on Streets, to whom was referred the petition to grade alley in Block 4, Mfg. Add. No. 1, from Parker Street, west to alley intersection, and north to East St. Joe Street, begs leave to report as follows:

We recommend that petition be granted.

A. H. PHILLIPS,  
F. S. VANDERVOORT,  
O. C. HOWE,  
E. D. KLOCK,

Committee on Streets.

By Ald. Phillips--

That the report of the committee be adopted.

To the Members of the City Council, Lansing, Michigan:

Gentlemen:

On October 15th the majority of you signed a report in relation to the investigation of the Police Department and the Board of Police and Fire Commissioners of the City of Lansing and after making your findings you concluded, as follows:

"We further find that the failure of the Police and Fire Commissioners to take notice of and remedy such conditions shows that there should be a reorganization of the entire Police

Department including the Board of Police and Fire Commissioners and we recommend to the Mayor and City Council the immediate taking of steps looking to that end."

This report having included the Mayor and recommending him to take certain steps forces me by virtue of said recommendation to either adopt the report as made or state my reasons for not so doing as all must and should understand by virtue of the council resolving itself into a committee of the whole and choosing its own chairman the Mayor had no part in the action of the committee, but when the

matter comes before the council it then becomes my duty to recognize the same and discharge my duties which I am called upon to do as Mayor of the City of Lansing and in so doing I shall do the same fearlessly, honestly and to the best of my ability as I have undertaken to discharge all my duties since I have been incumbent of the Office.

At the outset I wish it to be known and wish to be understood that in the discharge of my duties I have been undertaking and shall in the future undertake to have the different Departments of the City work in conjunction and for the best interests of our City. No City working under a Charter such as we have can be successful until its departments function and work together and when one Department undertakes to tear down or work to the detriment of the other we are destroying that part and portion of our City Government. Our Police Force is one of the great bodies of our commonwealth. They are men that have been chosen to protect our property and our rights, to enforce the laws and carry out their execution. In this regard it must be remembered that our Police and Commissioners, and all of us, are human beings, subject to the frailties of humanity and liable to err, but the great and principal question is, are they working and exercising according to the best of their judgment and ability?

Our Police Force and Board of Police and Fire Commissioners have been charged and censured in your report, not only with a lack in the discharge of their duties, but of exceeding the authority given them by law. It would be indeed marvelous in a City like this if some of the Police Officers in the discharge of their duties and in making the many arrests that are made, did not overstep the letter of the law in a few instances, dealing as they do with "bootleggers," and criminals in general, being a class of people who do in every way attempt to evade the law and when detected endeavor to find some trivial excuse or reason whereby their prosecution may be defeated, and I am loathe to lend my influence in the support and aid of any of this class of people. For that reason I am forced to say that I cannot agree with the report as made, for it is my opinion that it is unjustified and has a great tendency to lend support and condolence to the "bootlegger" and "crook" and disparage the efforts of our present Police Force or any Police Force that might be in charge of our City in the future, and, plainly, I refuse to accede to or concur in the recommendations contained in your report.

In fairness to all, I deem it my duty to review the same in a general way and call attention especially to the some of the points which I believe to be the most objectionable, and in this respect I will take the same up in order in which the report was made.

#### In the Case of George Sitterding.

While I did not hear all the evidence given during the investigation, I feel that I am well informed in relation to the same generally. The Police in this regard are condemned for arresting this man Sitterding after they had been called. It appears that some women got into a quarrel over a clothesline and that this man Sitterding interfered in behalf of his

wife. As stated, the Police were called and when they got there they found conditions as they existed and the women claimed to have been assaulted severely by Sitterding, and from the evidence disclosed, the marks upon her body showed that she had been severely assaulted. The Police testified and said that they believed that this woman had been assaulted and injured to such an extent that the man had committed a felony and was liable for an assault with the intent to do great bodily injury. No one questions but that these officers acted in good faith and were discharging their duties as they honestly appeared to them as this time. Shall we condemn these officers who are undertaking to protect the people of our commonwealth, even though they overstepped in the discharge of their duties? I contend that they did not exceed their authority in regard to the arrest. Permit me to invite your attention to our Supreme Court record *People vs. Bressler*, 223 Michigan 601 (quoting from a former decision) says:

"Any constable or sheriff may arrest any person whom he suspects on reasonable ground of having committed a felony, whether in fact a felony has been actually committed or not."

This man Sitterding was brought to jail and afterwards brought to trial. He alleges that he was beaten and bruised by the officers. This is a mooted question. The officers denied it, as does one of the Michigan State Police Officers who was present. I do not feel that our Officers should be censured until proven guilty and it is our duty, as the governing body of this city, to stand by our Officials in questions of doubt.

In this matter it also appears that the man was arrested and confined in jail. Fault is further found with the Officers because there was some evidence that this man was denied the right to communicate with his friends. He was denied the use of the telephone for some time. I see nothing grievous in this matter, and nothing that should challenge particular censure. In fact, it is so small that it is beneath the dignity of this body to consider. The Police Force must have some opportunity to determine for themselves whether it was proper for the man to communicate or not, and until there is a serious abuse of the same no condemnation should be pronounced upon the Police Department.

#### In the Case of Goodnecht.

In this matter the Police Department was condemned off hand by the committee charging Goodnecht's premises were illegally searched and illegal seizures were made of his property. And he was not in either case arrested on reasonable suspicions of a felony committed by him. This statement is absolutely erroneous. It appears from the evidence that this man Goodnecht was running a store in Grand Avenue and the police suspected him of selling extracts containing alcohol for beverage purposes. It appears that he was arrested once and this case was not brought to trial. That they again searched his premises found the goods, he was convicted in the Circuit Court of violating the prohibition law of this State, he appealed to the Supreme Court and the decision of the Circuit Court was affirmed. He was then sentenced to jail and to pay a fine. Further, this man Good-

necht perjured himself upon the witness stand, stating that these were the only two times he had ever been arrested, the facts are that he had been arrested and convicted on two other occasions in the City of Lansing, and was arrested twice in Owosso in the last few years. He is the man who said that the officers took \$585.00 from his till and that he remained silent in relation to the same for over a year and comes upon the witness stand and makes a claim. If we can condemn our Police Force for bringing Bootleggers to justice we had better dispense with them entirely and tell the bootleggers and crooks that this is an open town and that they can ply their occupations without fear of molestation.

#### In the Case of John Spaniola.

In their findings in this case the committee states first: "In this case we find that the officers conducted an illegal search and seizure of the premises occupied by the said John Spaniola, and illegally arrested him and confined him in jail." Personally, I feel that this condemnation on the part of this committee of our Police Officers is unjustified, as the evidence discloses that at the time of the arrest of Spaniola he had, had a party in his place of business and that his place of business was a public place. That the same was on Sunday night and that they were creating a disturbance and that the officers went and discovered the party, and that also after going into the building where the disturbance was they discovered liquor. The possession of liquor at that time, as we all know, was a felony. That the Police Officers brought the respondent to the jail, together with the liquor, complaint was made against him, but for some reason was never prosecuted. Nothing is shown but what the officers did their duty faithfully and honestly.

It is charged further that he was cut off from communication during the next morning for some time. That was explained by the police department by the fact that for some time they did keep people from communication with the outside until an arrangement was made, as often it defeated the ends of justice. Can we condemn our Police Department for an honest undertaking to enforce the laws?

#### In the Case of Chas. Stone.

Substantially the facts in relation to this matter are, Mr. Stone, in company with some other man, who was later learned to be, a Mr. Fowler, was driving along North Washington Avenue at a point where the Streets were being repaired. An officer was on duty directing the traffic and these men did not obey the officer's directions, and nearly ran into him with their machine. In fact, as the officer discloses, he was pushed for some distance and was thrown upon the bumper of the car. The officer obtained the number of the car and the car was followed by Police Officers and Mr. Stone asked to come to the Station, which he did later where he and his companion were reprimanded by the Chief of Police. While they might have threatened Mr. Stone with arrest, there was nothing of a serious nature occurred in the officer's conduct towards him, and he was not detained. I certainly feel that the officers were justified in what they did.

#### In the Case of George Wixom.

While this is another matter in which the police were characterized as wrong-doers, the facts appear that this man George Wixom was at or around the City Market talking and telling people that the police had beaten him most severely. He was sent for and brought to police headquarters, where he acknowledged that the statements were false. There was no undertaking on the part of the Police Department, or any of its officers, in any way to inflict any punishment upon him. As a matter of fact, he was not arrested but was simply brought in for investigation. It would certainly be very detrimental to the efficiency of the Police Department were men permitted to go around promiscuously making statements derogatory to them, as this man appears to have been doing, and while there may be no written law authorizing the police to do what they did, they certainly would be beyond question, justified as a matter of principle in doing it. However, I am inclined to the opinion that this man, in making these statements of a slanderous nature, was committing an offense and that it would have been legal if an arrest had been made. But, as stated, it appears that all that was done was to take steps to suppress this man from making any further slanderous statements and that, that was done in a gentlemanly manner as far as the evidence discloses.

#### In the Case of "Poots" Madden.

The facts of this case are stated in the findings of your committee as follows:—"In this case Officer Miles shot Madden through the shoulder and lung while Madden was driving a truck on Michigan Avenue East. The only reason Officer Miles had for shooting Madden was that he refused to stop the truck when ordered to do so by the officer. He said Madden was not wanted for any crime heretofore committed and the effort of the officer to stop him was solely because of a breach of a traffic ordinance."

The facts as disclosed are that "Poots" Madden and another party were driving a truck on East Michigan Avenue at about two o'clock in the morning while under the influence of liquor and without any lights upon the car, not only in violation of the city ordinance but of the laws of the State of Michigan. (The officer ordered them to stop, they refused and made the explanation "I will run over the s... of a b....") Madden was known to be a bad man, having served time in prison prior to this occurrence. What should the officer have done, gotten out of the way and let the man continue on his course in violation of the laws of the State of Michigan and of the City of Lansing, and by reason of his running without lights perhaps caused the death of some innocent party? Or, was the Officer justified in doing what he did under the circumstances? I am frank to say that it is my opinion that had the officer permitted this man to have gone upon his way and not resorted to the means he did to stop him and some accident had occurred by reason of the same, that this committee would have censured the officer much more severely and more justly than they have done because of his discharging his duty in the manner he did. It will be remembered that the officers are called upon for immediate

decision and action and are liable to censure if they do or do not.

#### In the Case of William Crowley.

In the findings in this matter the committee finds that the arrest of this man Crowley was unquestionably lawful, but censure the officer, Officer Laing who made the arrest, for abusing and brutally beating Crowley, over the head with his police club at a time when no resistance of said officer was being made by the said Crowley.

The facts of this matter were that Crowley and another man were fighting. Crowley had the other man down and the officer took him off and that Crowley resisted the officer, tearing his clothing practically off from his body and injuring him quite severely in the back and otherwise. The officer finally took him to a place where he was to call the Police wagon and this man Crowley kept sticking his hands in the officer's face and when requested not to do so said he would do it as often as he wanted to. The officer did strike him with his club, but that the extent of his bruises and injuries were not severe.

Now, before condemning the officer for his conduct and asking for his dismissal let us take into consideration the condition of the officer at this time. He had been severely assaulted and his clothing torn and Crowley insisted on further resisting him, the officer being in a condition where he did not feel like further combating him. Let us see then if he was not justified in his conduct towards this man Crowley. As to the subsequent conduct of the officers towards this man in not allowing him to wash and get a Doctor, a Doctor was secured for him. I do not wish to be understood as advocating anything inhuman on the part of the Police Officers whatever, but I do know and understand that a Police Officer's duty is such, when it is taken into consideration the people they have to do with, that it looks much different to those who hear the story than it really was at the time of the occurrence. It will also be remembered that this man Crowley was a pugnacious fighting character. He admitted upon the witness stand that he had been in several places and had been arrested in every place he had been in, for fighting.

#### The Party Arrested in Front of the Lawrence Apartments.

Considerable has been said about this instance and I am frank to say in my judgment from the evidence that was given upon the hearing that if the officers at any time overstepped the bounds of their duty it was in this instance. It appears that these people had been having a party and were laughing and joking, but the undisputed evidence is that they were not intoxicated, although it is claimed they had been drinking some liquor. The law, however, does not authorize the arrest of a man because he has been drinking, provided he is not intoxicated or disturbing the peace. It further appears that a bottle with some gin was found with them. If they had no right to arrest them, they certainly had no right to search them and the liquor could not have been used in evidence against them. But, as to the legality of these matters I would prefer that they be submitted to some court or tribunal that is capable of pass-

ing upon the same. In this instance, as in other instances referred to in the report, if this committee that the parties have not been brought to justice, they, at any time, can go before a proper court, make complaint, and the matters would be fully and fairly sifted and the truth of the matters ascertained and the legality of the actions of the officers determined.

#### In the Matter of Louis Moore.

The facts concerning this case are fully set up in the report and I will not here undertake to go through the entire matter. It is well known that Mr. Moore was one of the Police Commissioners of the City of Lansing, and there is no question but his conduct was unbecoming at the time for a man discharging the duties of that position, and would have been unbecoming, in fact, to any citizen. When the matter was called to my attention I immediately asked for his resignation, received the same and it was accepted by this council. It appears from the evidence of the Police that Mr. Moore was taken to the Station and the Chief ordered him released until morning. He came in in the morning, the Chief reported the matter to the Prosecuting Attorney and the President of the Board of Police and Fire Commissioners, and it appears that it was deemed best by them, for the best interests of all that no prosecution be brought against Mr. Moore. Whether or not there was sufficient evidence to cause the arrest of the other party named, to-wit: one McElvey, I am not at present ready to determine and shall leave the same to the prosecuting officers of our county.

#### In Re: Ford Car.

It appears that this car was one Officer Wilbur took after undertaking to arrest its occupant, who fled and escaped abandoning the car. As stated, the car was injured by reason of running into the Shawwassee Street Bridge and the Officer took the car and offered to turn it over to the State, but that Colonel VanDercook who was then head of the State Police, owing to the small value of the car, told the Police Department to use the same. It is not shown that there was any effort on the part of the Police Department to secrete this matter or hypothecate the car without right. While the proceedings might have been irregular in some particulars, there was no case of depriving any one of his property illegally or any other particular neglect of duty. This, like many matters that come before public offices, called for them to exercise their judgment in relation to the same. Perhaps they did this erroneously, but when we take into consideration the expense of going through the entire routine a reasonable excuse is furnished for their action.

#### Release of Automobile Seized by Police Department.

It appears from the evidence in relation to this matter that automobiles have been taken from violators of the liquor law who were apprehended and that on divers occasions the cars have been returned to the parties, or those who claimed them. Not being a lawyer and versed in the technical understanding of all the Statutory provisions, I am unable to give a full and comprehensive opinion in relation to the same, and I might say that most of

us, including the committee, are forced to reply upon the judgment of Attorneys in relation to the construction of the statutes which we are called upon to enforce and observe. It appears that Acts of the Legislature 1921, Act 336, provide:

"Any officer making an arrest for any violation of this Act may seize all evidence of the commission of such violation, including any wagon, buggy, automobile \* \* \* or other vehicle or conveyance in which liquors are had, kept, transported or possessed contrary to law."

As heretofore stated, not being an Attorney at law or an expert in the construing of Public Acts, I do not consider myself competent to construe the meaning of this Statute. It does appear from the evidence that was offered upon the investigation that some cars were taken and have been released and returned to the parties who claimed them. The evidence discloses, however, that at any time the same was turned back to the parties who claimed them that the same was done under the instructions of the Prosecuting Attorney. In this regard I am forced to accept the explanation made by the Police Department that any car that was brought in by an Officer was held and was not returned to the owner or claimant, except under the advice of the Prosecuting Attorney. Whether the advice given by the Prosecuting Attorney was in accordance with the statute or otherwise, I am loathe to condemn the Police Officers for their conduct in so doing. Discretion and good judgment are called upon to be exercised by all officers in the enforcement of law, whether they be police officers or the legal advisers of the county and if the legal adviser of the county advised these acts to be done I think it would be ill-advised to condemn the police officers of our city for following his counsel; they may have been mistaken, but everybody knows and understands that the advice of counsel is justification for an act.

In this regard I am forced to the conclusion, without determining the legality of the acts of the Police Department, that they were justified in the same by virtue of the conditions that existed and the advice received.

#### The Box Car Episode.

This matter appeals to me as showing a lack of judgment on the part of certain officers. In this regard I refer to the officers who were in charge of the undertaking. It appears that two women were living in a certain neighborhood in the city, who had caused and created some disturbance in that neighborhood. Many complaints had come in, in relation to their conduct, and in the absence of the Chief of Police the officers in charge thought they would take drastic measures to bring these women to justice. The weight of evidence of the investigation shows that Officer Beebe and Officer Johnson were designated by the Captain of the Police Force, then in charge, and Lieutenant Dickerson to obtain evidence against these women. That one officer viz, Johnson, went to the house and made an appointment with these women whereby they were to meet officers, Beebe and Johnson, who were in citizens clothes, at a certain point and that officers Dickerson and Fenby were to apprehend them, that the instructions were carried out by the officers,

and these women met them and went with them to a box car. Some things occurred, which I do not deem proper to here reiterate, on the part of an officer who is now not upon the Police Force, but the evidence shows and discloses an undertaking to obtain evidence against these women and that when the attention of the Chief of Police was called to the whole matter he immediately condemned the whole proceedings, and permitted the women to return home, the same having been done without his knowledge or consent or encouragement. The Chief of Police was asked why he did not expose the same and discharge the officers and he gave the reason that he felt that the same was humiliating and disgraceful and absolutely wrong and that he did not discharge the officers at that time for the reason that he wanted to hush the matter. That should the same be made public it might be the cause of breaking up families, disgracing the Police Force to a certain extent, and that the good that might result from any exposition of the same would be negligible in comparison with the injury that would be caused. Lieutenant Beebe, who was one of the officers who undertook to aid the other officers in securing this evidence was then subordinate to those who directed him to do it, and while the committee says that he should be discharged, I feel that if anyone should be discharged it should have been the superior officer at that time. But, as stated by the Chief of Police, he thought for the good of all it was better to suppress the matter and for the good of society and better laws, I do not feel like lending my influence against the proposition especially under the showing that was made that the same was contrary to the will of the department and executed by overzealous subordinates. As to the discipline that should be administered the Police Department we must admit their capability of administering discipline as they see fit, and we from the outside viewing these matters cannot go in their place and position and as an act of criticism condemn their actions as to the matter of judgment.

#### The Suspension of Lieutenant Wilbur.

As to this matter I feel that it is a proposition that arose during the investigation and not properly before this committee nor a matter for them to decide upon, it does appear, however, that the man Wilbur was suspended by the Chief of Police and by our Charter the Board of Police and Fire Commissioners, have full and complete authority over the officers of the Police Force, the hiring and the discharging of the same. Mr. Wilbur was suspended, as stated, and it is now before the Board of Police and Fire Commissioners to determine whether the Chief of Police was justified in his act or not. It is their duty to investigate and take evidence in relation to the same and I think it was far fetched for this committee to assume the authority in this matter.

In conclusion, I wish to say that I have very carefully and thoroughly investigated the report made and signed by this Committee and I am forced to this conclusion that the conduct of the Board of Police and Fire Commissioners and of the officers constituting the Police Force, taken as a whole, is entitled to and worthy of the support of this council and

of the good citizens of the City of Lansing. The investigation covers a period of about four years yet with diligent search and willing assistance only nine cases of arrest are held as reprehensible in the report of your committee. Yet during this period a total of more than 12,500 arrests were made by the Department. I do not wish to be understood as saying that I find they are absolutely perfect in all things. There are unquestionable matters of commission and omission on the part of the Police Force that it would be better had the same not occurred, but as heretofore stated by me, these men are all human and if they have discharged all of the duties of their office in a city like ours without error, it would be marvelous and in fact more than we could expect of humanity. Taken as a whole I feel that they are worthy of credit. It is my opinion that should you go into any of the Cities of this State of any size or importance, and have an investigation as was had here, you would find commission and omission on the part of Police Departments in excess of those brought out upon the hearing recently concluded. The investigation which was had of the Police Department lasted for considerable time. Some people who are very anxious to see the Police Force torn asunder were ready and willingly and did lend their assistance, so unquestionably the worst that could be brought out was brought out, the same being conducted as it was along the lines more of a criminal trial than a full investigation into the merits and demerits of the Police Department.

The City of Lansing is fortunate indeed in being able to secure the type of citizens we do as members of our various Boards who are ready and willing to sacrifice valuable time from their business without compensation, other than the satisfaction that comes from the promotion of civic wellbeing, and devoted to serving the community in which they live are a part of, and as much concerned in its advancement as we ourselves are, and I decline to be a party to any censure or criticism of the members of the Board of Police and Fire Commission and the Police Department on the strength of evidence obtained from law breakers and evil doers, as contained in the report of your committee.

Yours very truly,

### MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Avery—

Whereas, this council did on the 8th day of October, 1923, in a certain resolution then pending before it, and which said resolution was on said 8th day of October, 1923, duly adopted with the concurrence of two-thirds of all the aldermen-elect, of said Council, recite that it was deemed by said Council that the acquirement of certain property for the purposes of constructing and maintaining wells, pipe lines, pumping stations, and for other purposes incident to furnishing the city with an adequate supply of water is necessary, and that the same is required for the use of said city, and that the same is necessary and convenient for the public good, and that it is necessary to take such private property for the purposes aforesaid without the consent of the owners thereof;

And, Whereas, this council did in said resolution of October 8, 1923, fix Monday, the 15th day of October, 1923, at 8:00 o'clock P. M. at the City Council Rooms at the City Hall, in said City of Lansing, as the time and place for the purposes of hearing suggestions and objections, if any, relative to the acquirement of said property for the purpose aforesaid, and to every other matter and thing in said resolution contained, and did by said resolution di-

rect the City Clerk to cause notice of said resolution and of the matters and things therein, to be given in the manner described in said resolution, with which said direction the City Clerk did comply;

And, Whereas, this council did meet on Monday, the said 15th day of October, 1923, at the City Council Rooms in the City Hall at 8:00 o'clock p. m., in the City of Lansing, and did give an opportunity to the persons interested in said public improvement to be then and there heard; and all objections and suggestions made to, or filed with the council in opposition to or concerning said proposed improvement have been duly heard and considered;

And, Whereas, this council is of the opinion that said parcels of land in said resolution mentioned, and herein described should be appropriated and taken without the consent of the owners thereof, for the purposes described in said resolution above named;

Now, Therefore, be it resolved by the City Council of the City of Lansing, that this Council does deem and declare it necessary to make the public improvement contemplated by said resolution, and does deem and declare it to be necessary to take certain private property therefor to-wit: The parcels of land herein described, for the use and benefit of the public without the consent of the owners, viz.:

		<u>\$2,794.37</u>

Respectfully,

GEO. A. CANFIELD,  
Supt. of Garbage.

Received and placed on file.

Gentlemen of the Council:

There has been numerous requests for some sort of transportation service over to the north west section of the city. I have checked up the number of residences and the approximate persons to be transported to and from work, and also where the transportation line should run, to render the greatest service to that community.

In compliance with the above I have directed the Michigan Railway to establish another Bus Route, operating on a thirty minute schedule, over the following Streets:

Commencing at the corner of Comfort Avenue to Redwood Street, South on Comfort to Willow Street, east on Willow to Walnut Street, south on Walnut to Ionia Street, east on Ionia to Washington Avenue, north on Washington to Ottawa Street, west on Ottawa to Walnut, back over the same route to Glenrose Avenue, north on Glenrose Avenue to Redwood Street.

We will try out this service and if it renders the proper transportation to the residents of that section, it would be well for your honorable body to establish this route permanently by resolution.

Very truly yours,

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

Bid of John Bray, \$3,012.00.  
Bid of Scott Const. Co., \$7,895.30.  
Bid of Wm. Miller, \$4,013.10.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the bid of John Bray for the construction of sewer in Wilson, Cedar and Avon Streets, for the sum of \$3,012.00 being the best and lowest bid, that same be and hereby is accepted, and be it further resolved that the Mayor and City Clerk be directed to execute a contract with the said John Bray in behalf of the City of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of city Clerk in accordance with Section 92 of City Charter.

Ald. Dymond arrived at 8 o'clock.

#### MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Leonard—

Resolved by the City Council of the City of Lansing:

That the City Engineer be and he is hereby directed to establish the grade of Willow Street from the old city limits to the new city limits.

Adopted by the following vote:

Yeas—Ald. Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—15.

Nays—None.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the City Clerk be directed to issue a license to Wm. R. Russell for peddling small articles, without charge, said Russell being incapacitated for work.

Adopted by the following vote:

Yeas—Ald. Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—15.

Nays—None.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the amount of \$200.00 be transferred from the Contingent Fund to Municipal Court 1-A-2. This transfer from Contingent is justified on the grounds that Municipal Court Fees, Fines, etc., are credited to Contingent Fund when collected. The original appropriation of \$500.00 to Municipal Court 1-A-2 has been insufficient, due to the increase in the number of Criminal Dockets, Summons, and other printed forms which are necessary at this time.

I hereby certify that funds are available for this transfer.

J. E. PRATT,  
City Comptroller.

Adopted by the following vote:

Yeas—Ald. Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—15.

# OFFICIAL PROCEEDINGS OF THE BOARD OF CEMETERY AND PUBLIC PARK COMMISSIONERS CITY OF LANSING

Lansing, Mich., Nov. 2, 1923.

Board met in regular session and was called to order by the President, Com. Poxson.

Roll call:

Present—Beck, Bishop, Johns, Poxson, Woodworth.—5.

Absent—Baumgras, Gibbs, Sanders.—3.

The minutes of the previous session were read and approved.

## COMMUNICATIONS.

A communication was received from James D. Standish relative to proposed golf links for Lansing, which was received and placed on file.

## COMMITTEE REPORTS.

The Special Committee appointed to report on condition of water in Grand River made a report which was received and placed on file.

The Special Committee which was to confer with the Committee from the Board of Education relative to playgrounds for the summer of 1924, wishes for an extension of time.

Granted.

The Building Committee of the Park Board wish to report that the residence at 721 E. Shiawassee has been insured for \$2,500.00 with the Dyer-Jenison-Barry Co. We also wish to report that we have instructed the City Forester to place \$1,500.00 in insurance on Moores Rest House and contents, \$1,000.00 on the new Cemetery Barn and contents, \$1,500.00 on 1248 Moores River Drive, \$250.00 on the concession building at Potter Park, \$150.00 on the tool house and contents at Oak Park, \$150.00 on the scale house and contents and \$1,500.00 on the greenhouse and service building at Oak Park.

A. G. BISHOP,

E. B. JOHNS,

Building Committee.

By Com. Bishop—

That the report of the committee be adopted.

Carried.

## REPORT OF SUPERINTENDENT OF MT. HOPE CEMETERY.

I have made an investigation of the manner in which we might handle the burial of infants on Perpetual Care sections at a reduced cost, and would recommend:

That the full ten ft. burial subdivision on the Perpetual Care section be divided into two 5 ft. sections and that all burials on such lot be restricted to the use of the regulation marker, and would further recommend that such markers be placed flush with the surface of the ground in order that such lots would not be detrimental to adjoining lots. The baby sub. with Perpetual Care would then sell for \$15.00.

H. L. BANCROFT,  
Supt. of Cemetery.

By Com. Beck—

That the recommendations of the Supt. of the Cemetery be concurred in.

Carried.

The Superintendent of the Cemetery made a report on the finances of the cemetery.

Received and placed on file.

The City Forester reported progress on the City Greenhouse now completed with new heating system, stadium at Moores Park all done but placing seats, and on the arch at Durant Park, which is about two thirds done.

The special committee from the city council appointed to confer with the Board relative to the proposed golf links was present. The proposition of the State of Michigan to lease perpetually to the City of Lansing certain lands to be used for golf links, recreation and park purposes was presented and the contract signed by State officials was read and considered.

By Com. Woodworth—

Whereas, the State of Michigan acting through the Governor, the State Corrections Commission, the State Administrative Board and the Department of Conservation has seen fit to offer the City of Lansing a perpetual

lease to 115 acres of ground to be used as a golf course, public park and recreational grounds and

Whereas, this Board believes that the ground offered is ideal for the purposes named in the lease to the city by the State, therefore be it

Resolved by the Board of Cemetery and Public Park Commissioners, that this Board recommends that the city council direct the Mayor and City Clerk to sign the lease for the City of Lansing, and that they be further directed to send a communication to the Governor and the Boards heretofore mentioned

thanking them on behalf of the City of Lansing for a very welcome and acceptable addition to the park system of the city.

Adopted by the following vote:

Yeas—Com. Beck, Bishop, Johns, Foxson, Woodworth.—5.

Nays—None.

Board adjourned.

To the Honorable Mayor and City Council:  
Gentlemen:

Your City Plan Commission, to whom was referred the matter of preparing a Zoning Ordinance (Council proceedings July 2, 1923), begs leave to report as follows:

A tentative draft of a proposed Zoning Ordinance was submitted to the Council on August 20, 1923. Public hearings were held in the Council Room before the City Plan Commission on September 11 and 12, 1923.

The Commission has carefully considered all points raised at the public hearings.

Your City Plan Commission submits, herewith, a proposed Zoning Ordinance as its final report and recommends its adoption.

Respectfully submitted,

R. H. SCOTT,  
A. B. C. HARDY,  
H. LEE BANCROFT,  
O. C. HOWE,  
C. E. BEMENT,  
MRS. C. A. STONE,  
O. E. ECKERT,  
City Plan Commission.

By Ald. Howe—

That the report be received and that the City Clerk be instructed to advertise a public hearing on the proposed ordinance for November 26, 1923, at 8 p. m., in the City Council Room.

Carried.

#### Zone Ordinance.

An ordinance to regulate and restrict the location of trades and industries and the location of buildings designed for specified uses,

to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the percentage of lot occupancy, and to regulate and determine the area of yards, courts and other open spaces surrounding buildings, to limit and restrict the maximum number of families which may be housed in dwellings hereafter erected or altered, and for said purposes to divide the city into districts and prescribe penalties for the violation of its provisions.

The city of Lansing ordains:

#### Section 1.—Definitions.

For the purpose of this ordinance, certain terms and words are herewith defined, as follows:

Words used in the present tense include the future; words in the singular include the plural number, and words in the plural number include the singular number; the word "building" includes the word "structure"; the word "shall" is mandatory and not directory. (Any word not herein defined shall be construed as defined in the Housing Code of Michigan, Act 167, Public Acts of 1917, and amendments thereto.)

Alley: A public thoroughfare not over twenty-four (24) feet wide.

Apartment House: See "Multiple Dwelling."

Apartment Hotel: An apartment hotel is a multiple-dwelling in which are provided dining room accommodations for the joint use of the apartment house tenants only.

Apartment: A household unit in a multiple dwelling, tenement or apartment house, suitable for occupancy for one or more persons.

Area: See "Building Area."

Basement: A story partly under ground, but having at least one-half of its height above the highest level of the adjoining ground. A basement, if not occupied for living purposes by other than the janitor or his family, shall not be included as a story for purpose of height measurement.

Boarding House: A boarding house is a building or place wherein table board is provided to five or more individuals pursuant to previous arrangement and not to any who may apply.

Building: A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building except as provided in section 15.

Building Area: The maximum horizontal projected area of a building and its accessory buildings, excluding open steps, terraces, and cornices projecting not more than thirty (30) inches.

Cellar: A cellar is a story having more than one-half of its height below the highest level of the adjoining ground and not occupied for living purposes. A cellar shall not be counted as a story for the purpose of height measurement.

Curb Level: The curb level is the level

of the established curb in front of the building measured at the center of such front. Where no curb has been established the city engineer shall establish such curb or its equivalent for the purpose of these regulations.

**Depth of Rear Yard:** The mean horizontal distance between the rear line of the building and the center line of the alley, where an alley exists; otherwise the rear lot line.

**Depth of Lot:** The mean horizontal distance between the front and rear lot lines.

**Dwelling:** Is any house or building, or portion thereof, which is occupied in whole or in part as the home or residence of one or more human beings.

**District:** A section of the city of Lansing for which the regulations governing the height, the area or the use of buildings and premises are the same.

**Group House:** A group of not more than four (4) one-family dwellings, erected simultaneously as one building, under the same roof.

**Height of Building:** The vertical distance measured from the curb level opposite the middle of the front of the building to the highest point of the roof for flat roofs; to the deck line for mansard roofs, and to the mean height level (between eaves and ridge) for gable and hip roofs. Where a building is located upon a terrace the height may be measured from the average ground level of the terrace at the building wall.

**Height of Yard:** The vertical distance from the lowest level of such yard to the highest point of any bounding wall.

**Hotel:** A hotel is a building in which lodging is provided with or without meals (for more than fifty (50) persons) and offered to the public for compensation. As such it is opened to transient guests in contradistinction to a boarding house, a lodging house, an apartment house or an apartment hotel which are herein specifically defined.

**Lodging House:** A lodging house is a building or place providing lodgings to individuals pursuant to previous arrangement and not to any one who may apply.

**Lot:** Land occupied or to be occupied by a building and accessory buildings and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.

**Lot, corner:** Lot, triangular: A lot fronting on two or more streets at their junction, said streets forming with each other an angle of 45 degrees or more, is a corner lot. When the angle formed by the intersecting street is less than 45 degrees, such a lot shall be known as a triangular lot. For the purpose of determining the percentage of lot occupancy, corner and triangular lots shall be assumed to have an area not greater than 5,000 square feet and a frontage not greater than 100 feet on either of the intersecting streets.

**Lot, interior:** A lot other than a corner lot or triangular lot.

**Lot, through:** An interior lot having frontage on two streets.

**Lot lines:** The lines bounding a lot as defined herein.

**Multiple dwelling:** Is a dwelling which is occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups, includes tenement houses, flats, apartment houses, apartment hotels, and all other dwellings similarly occupied, whether specifically enumerated herein or not.

**Non-conforming use:** A building or premises occupied by a use that does not conform with the regulations of the use district in which it is situated.

**One family dwelling:** Is a building occupied as a dwelling by not more than one family.

**Percentage of lot occupancy:** That portion of the area of a lot, as herein defined, which is occupied or which may be occupied under this ordinance as building area.

**Place:** An open unoccupied space dedicated to purposes of access for abutting property.

**Private garages:** A garage with a capacity for not more than three steam or motor-driven vehicles.

**Public garage:** Any premises used for housing or care of more than three steam or motor-driven vehicles, or where any such vehicles are equipped for operation, repaired, or kept for remuneration, hire or sale, not including exhibition or show rooms for model cars.

**Private stable:** A stable with a capacity for not more than four horses, all but one of which shall be the property of one owner.

**Public stable:** A stable with a capacity for more than four horses.

**Rear Yard:** An open unoccupied space (excluding accessory buildings, see Sec. 15) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot.

**Setback:** The minimum horizontal distance between the front line of the building (excluding steps and unenclosed porches) and the front line of the lot.

**Side yard:** An open unoccupied space on the same lot with a building between the building and the side line of the lot extending through from the front building line to the rear yard.

**Street:** A public thoroughfare more than twenty-four (24) feet wide.

**Story:** That portion of a building included between the surface of any floor next above it, or if there be no floor above it then the space between such floor and the ceiling next above it.

**Half story:** That portion of a building in the 35-foot height district, between the eaves and ridge lines of a pitched roof, which may or may not be used for tenant purposes.

**Structural alterations:** Any change in the supporting members of a building, such as bearing walls or partitions, columns, beams or girders, excepting such alterations as may be required for the safety of the building.

**Tenement house:** See "Multiple-Dwelling."

**Terrace:** A natural or artificial earthen embankment between a building and its street front. The "height of terrace" shall be the difference in elevation between the average

curb level, and the average elevation of the terrace at the building wall.

**Tower:** A subordinate enclosed structure projecting above the roof line of a main building and having a roof line of a main building and having a roof supported by columns or walls. Such tower may or may not be used for tenant purposes.

**Two-family dwelling:** Is a building occupied as a dwelling by not more than two families.

#### Section 2.—Use District Regulations.

In order to regulate and restrict the location of trades and industries and the location of buildings erected or altered for specific uses, the city of Lansing is hereby divided into "use districts," of which there shall be five, known as:

- "A" Residence District.
- "B" Residence District.
- "C" Commercial District.
- "D" Industrial District.
- "E" Unrestricted District.

The City of Lansing is hereby divided into five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "use district map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided, no building shall be erected or altered nor shall any building or premises be used for any purpose other than is permitted in the "use district" in which such building or premises is located.

#### Section 3.—"A" Residence District.

In the "A" Residence District no building or premises shall be used and no building shall be hereafter erected or altered, unless otherwise provided in this ordinance, except for one or more of the following uses:

1. One and two-family dwellings.
2. Group houses.
3. Churches and temples.
4. Schools and colleges.
5. Libraries.
6. Farming and truck gardening.
7. Accessory buildings incidental to the above uses and located on the same lot (not involving the conduct of a retail business) including one private garage, private stable, when located not less than fifty (50) feet from the front lot line or in a fireproof compartment as a part of the main building, providing that any barn, stable, chicken coop or other building or enclosure used for the purpose of securing or keeping animals or poultry is not nearer than thirty feet to any street line or to any dwelling and including also home occupations engaged in by the occupants of a dwelling not involving the conduct of a retail business on the premises, and including the office of the occupant for a trade, profession or occupation when situated in the same

dwelling or apartment used by such occupant as his or her private dwelling.

#### Section 4.—"B" Residence District.

In the "B" Residence District no building or premises shall be used and no building shall be hereafter erected or altered unless otherwise provided in this ordinance, except for one or more of the following uses:

1. Any use permitted in the "A" Residence District.

3. Hotels.
4. Private Clubs and Fraternity Houses.
5. Boarding and Lodging Houses.
6. Institutions of an educational, philanthropic or eleemosynary nature.
7. Accessory buildings incidental to the above uses and located on the same lot, not involving the conduct of a retail business.
8. A garage for storage purposes only and for the exclusive use of occupants of the premises when located not less than fifty (50) feet from all street lines.

#### Section 5.—"C" Commercial District.

In the "C" Commercial District all buildings and premises except as otherwise provided in this ordinance, may be used for any use permitted in the "B" Residence District or for any other use except the following:

1. Bakery (employing more than five (5) persons).
2. Blacksmith or horse shoeing shop.
3. Bottling works.
4. Building material storage yard.
5. Carting, express, hauling or storage yard.
6. Contractor's plant or storage yard.
7. Coal, coke or wood yard.
8. Cooperage works.
9. Dyeing and cleaning works (employing more than five (5) persons).
10. Ice plant or storage house in excess of five (5) tons capacity.
11. Laundry (employing more than five (5) persons).
12. Livery stable.
13. Lumber yard.
14. Machine shops.
15. Milk distributing station.
16. Stone yard or monumental works.
17. Stove polish manufacture.
18. All uses excluded from the "D" industrial district.
19. Any kind of manufacture or treatment other than the manufacture or treatment of products clearly incidental to the conduct of a retail business conducted on the premises.

A public garage may be established or erected in a commercial district if, when the permit is issued, there are on file with the building commissioners the written consents of the owners of 75 per cent of all commercial or residential property within two hundred (200)

feet of any part of the lot to be used for garage purposes.

#### Section 6.—“D” Industrial District.

In the “D” Industrial District all buildings and premises except as otherwise provided in this ordinance may be used for any use permitted in the “C” Commercial District or for any other use except the following:

1. Abattoirs.
2. Acetylene gas manufacture.
3. Acid manufacture.
4. Ammonia, bleaching powder or chlorine manufacture.
5. Arsenal.
6. Asphalt manufacture or refining.
7. Blast furnace.
8. Boiler works.
9. Brick, tile or Terra Cotta manufacture.
10. Candle manufacture.
11. Celluloid manufacture.
12. Coke ovens.
13. Crematory.
14. Creosote treatment or manufacture.
15. Disinfectants manufacture.
16. Distillation of bones, coal or wood.
17. Dyestuffs manufacture.
18. Exterminator and insect poison manufacture.
19. Emery cloth and sand paper manufacture.
20. Fat rendering.
21. Fertilizer.
22. Fish smoking and curing.

26. Glue, size or gelatine manufacture.
27. Gunpowder manufacture or storage.
28. Fireworks or explosive manufacture or storage.
29. Incineration or reduction of garbage, dead animals, offal or refuse.
30. Iron, steel, brass or copper works or foundry.
31. Lamp black manufacture.
32. Oil cloth or linoleum manufacture.
33. Oiled, rubber or leather goods manufacture.
34. Ore reduction.
35. Paint, oil, shellac, turpentine or varnish manufacture.
36. Paper and pulp manufacture.
37. Petroleum refining or storage.
38. Planing mill.
39. Plating works.
40. Potash works.
41. Printing ink manufacture.
42. Pyroxlin manufacture.
43. Rotted house.
44. Rock crusher.

45. Rolling mill.
46. Rubber or Gutta Percha manufacture or treatment.
47. Salt Works.
48. Sauer kraut manufacture.
49. Sausage manufacture.
50. Ship yard.
51. Shoe blacking manufacture.
52. Smelters.
53. Soap manufacture.
54. Soda and compound manufacture.
55. Stock yards.
56. Stone mill or quarry.
57. Storage or baling of scrap paper, iron, bottles, rags, or junk.
58. Sulphuric nitrate or hydrochloric acid manufacture.
59. Tallow, grease or lard manufacture or refining.
60. Tanning, curing or storage of leather, rawhides, or skins.
61. Tar distillation or manufacture.
62. Tar roofing or water proofing manufacture.
63. Tobacco (chewing) manufacture or treatment.
64. Vinegar manufacture.
65. Wool pulling or scouring.
66. Yeast plant.
67. And in general those uses which have been declared a nuisance in any court of record, or which may be noxious, or offensive by reason of the emission of odor, dust, smoke or noise.

#### Section 7.—“E” Unrestricted District.

In the “E” unrestricted district building and premises may be used for any purpose whatsoever, provided the provisions of the present or hereafter adopted ordinance of the city of Lansing, regulating the location or maintenance of nuisances, are complied with.

#### Section 8.—Non-Conforming Uses.

The lawful use of a premises existing at the time of adoption of this ordinance, although such use does not conform to the provisions hereof, may be continued, but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance.

The lawful use of a building existing at the time of the adoption of this ordinance may be continued, although such does not conform with the provisions hereof, and such use may be extended throughout the building provided no structural alterations, except those required by law or ordinance are made therein. If no structural alterations are made, a non-conforming use of a building may be changed to a use of the same or higher classification according to the provisions of this ordinance, and provided further that whenever a Use District shall be hereafter changed, any then existing non-conforming use in such changed district may be continued or changed to a use of a similar or higher classification, provided all other regulations governing the new use are

complied with. Whenever a non-conforming use of a building has been changed to a higher classification or to a conforming use, such use shall not thereafter be changed to a use of a lower classification.

#### Section 9.—Height and Area District Regulations.

In order to regulate and limit the height and bulk of buildings hereafter erected or altered; to regulate and limit the percentage of lot occupancy; to regulate and determine the area of yards, courts and other open spaces, and to limit and restrict the maximum number of families which may be housed in dwelling hereafter erected or altered, the city of Lansing is hereby divided into districts of which there shall be five, known as:

"A" Height and Area District.

"B" Height and Area District.

"C" Height and Area District.

"D" Height and Area District.

"E" Height and Area District.

The City of Lansing is hereby divided into the five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "Height and Area District Map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided no building shall be erected or altered to exceed in height and limit herein established for the district in which such building is located. Provided further that no new building shall be erected, nor shall an existing building be altered, enlarged or rebuilt, nor shall any open spaces surrounding any building be encroached upon or reduced in any manner except in conformity with the regulations hereby established for the district in which such building is located.

#### Section 10.—"A" Height and Area District.

In the "A" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

Height: No building hereafter shall exceed thirty-five (35) feet or two and one-half (2½) stories.

Rear Yard: On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two or two and one-half story building, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than that required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its legal

light as required by the state housing code from such rear yard.

Side Yard: There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard requirement, except on the side adjacent to "A" residence property.

Setback: There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distance and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

Building Area and Number of Families per Acre: No building with its accessory buildings shall occupy in excess of 40% of an interior lot, nor in excess of 50% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than ten (10) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by ten (10).

#### Section 11.—"B" Height and Area District.

In the "B" Height and Area District and height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

Height: No building hereafter erected shall exceed forty-five (45) feet or three stories.

Rear Yard: On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two story building, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

Side Yard: There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that a side yard shall in no case be less than one (1) inch in width for each foot of building length, and provided further that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard re-

quirement, except on the side adjacent to "B" or "A" residence property.

Setback: There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets thirty-six hundred (3600) square feet have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such set back line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

Building Area and Number of Families Per Acre: No building with its accessory buildings shall occupy in excess of 50% of an interior lot, nor in excess of 60% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than eighteen (18) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by eighteen (18).

#### Section 12.—"C" Height and Area District.

In the "C" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

Height: No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

Rear Yard: On interior lots there shall be a rear yard having a minimum depth as follows: Sixteen (16) feet for a one (1) story building, eighteen (18) feet for a two (2) story building, twenty (20) feet for a three (3) story building, twenty-four (24) feet for a four (4) story building, twenty-eight (28) feet for a five (5) story building and thirty-two (32) feet for a six (6) story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lot abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half, provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

Side Yard: There shall be a side yard on each side of the lot having a width of not less than three (3) feet. In no case shall the width of the side yard be less than one (1) inch for each foot of building length.

Set back: There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new build-

ings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of passage of this ordinance.

Building Area and Number of Families per Acre: No building with its accessory buildings shall occupy in excess of 60% of an interior lot, nor in excess of 70% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than seventy-five (75) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any plot of ground shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by seventy-five (75).

#### Section 13.—"D" Height and Area District.

In the "D" Height and Area District buildings used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of the buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre, for all other buildings shall be as follows:

Height: No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

Rear Yard: There shall be a rear yard of not less than fifteen (15) feet.

Side Yard: A side yard, if provided, shall be not less than three (3) feet wide, nor less than three-fourths (¾) of an inch in width for each foot of building length.

Building Area and Number of Families per Acre: No building with its accessory buildings shall occupy in excess of eighty (80) per cent of an interior lot, nor in excess of ninety (90) per cent of a corner lot.

#### Section 14.—"E" Height and Area District.

In the "E" Height and Area District building used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of building, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre for all other buildings shall be as follows:

Height: No building hereafter erected shall exceed one hundred (100) feet or eight (8) stories.

Rear Yard: There shall be a rear yard of not less than ten (10) feet.

Side Yard: A side yard, if provided, shall be not less than three (3) feet; nor less than three-fourths of an inch wide for each foot of building length.

Building Area: A building with its accessory buildings may occupy the entire lot on the first floor, provided the required provision for a rear yard is complied with. Above the first floor a building shall not occupy in excess of ninety (90) percent of a corner lot, nor in

excess of eighty (80) per cent of an interior lot.

#### Section 15.—Height and Area District Exceptions.

The foregoing requirements in the height and area district shall be subject to the following exceptions and regulations:

##### Heights—

First: That in the "A" and "B" Height and Area Districts, public or semi-public buildings, hospitals, sanitariums or schools may be erected to a height not exceeding sixty (60) feet, when set back from all lot lines not less than one foot for each foot such building exceed thirty-five (35) and forty-five (45) feet respectively in height.

Second: A one family dwelling in the "A" Height and Area District may be increased in height by not more than ten (10) feet when two (2) side yards of not less than fifteen (15) feet each are provided. Such dwellings, however, shall not exceed three (3) stories in height.

Third: Churches, cathedrals and temples, which have side yards on all sides and comply with the area restrictions of the "A" Height and Area District may be erected as to the height and regulations in accordance with existing or hereafter adopted ordinances of the City of Lansing.

Fourth: Chimneys, cooling towers, elevator bulkheads, fire towers, gas tanks, grain elevators, light-houses, pent houses, stacks, stage towers or scenery lofts, sugar refineries, tanks, water towers, ornamental towers and spires, wireless towers or necessary mechanical appurtenances may be erected as to their height in accordance with existing or hereafter adopted ordinances of the City of Lansing. A tower may be erected on a building having a minimum frontage of one hundred (100) feet on a street, provided such tower occupies not more than 50% of the frontage of the street, is removed twenty-five feet from any adjoining property line and shall have a maximum horizontal area not to exceed thirty-six hundred (3600) square feet. A tower may be erected on a building having a frontage on three or more streets, but such tower shall have a maximum horizontal dimension of not more than 50% of the average frontage of the building on all streets, shall be removed at least twenty-five (25) feet from any adjoining property line, and shall have a maximum horizontal area not to exceed thirty-six hundred (3600) square feet.

Fifth: On "through" lots one hundred (100) feet or less in depth the height of a building may be measured from the curb level on either street. On through lots more than one hundred (100) feet in depth the height regulations and basis of height measurement for the street permitting the greater height shall apply to a depth of not more than one hundred (100) feet from that street.

##### Area—

First: For purposes of the area regulations a semi-detached dwelling in the "A" Residence District, or group house in the "B" Residence District may be considered as one building and occupying one lot.

Second: Buildings on through lots and running through from street to street may waive the requirements for a rear yard when complying with the percentage of lot occupancy by furnishing other open spaces in lieu of such required rear yard.

Third: In computing the depth of a rear yard or the width of a side yard for any building where such yard opens onto an alley or street, one-half of such alley or street may be assumed to be a portion of the yard.

Fourth: In computing the percentage of lot occupancy in the "D" and "E" Height and Area Districts where a lot abuts on an alley, one-half the width of the abutting alley may be assumed to be a portion of the lot.

Fifth: Every part of a required yard shall be open from its lowest point to the sky unobstructed, except for the ordinary projections of skylight above the bottom of such yard, and except for the projection of sills, belt courses, cornices and ornamental features not to exceed four (4) inches.

Sixth: No cornice shall project over the street line more than three (3) per cent of the width of such street, and shall in no case project more than three (3) feet.

Seventh: Open or lattice enclosed fire escapes, fireproof outside stairways and solid floored balconies opening upon fire towers, projecting into a yard not more than five (5) feet, and the ordinary projections of chimneys and flues, may be permitted by the Building Commissioner where same are so placed as not to obstruct the light and ventilation.

Eighth: One or more accessory buildings may be erected within a required rear yard when built to a height not exceeding twelve (12) feet and which occupy an area of not more than thirty (30) per cent of the area of such required rear yard.

#### Section 16.—Board of Appeals.

Creation of Membership: A Board of Appeals is hereby established. The word "Board" when used in this section shall be construed to mean the Board of Appeals. The Board shall consist of five members, of whom not less than two (2) shall be members of the City Planning Commission, appointed by the Mayor for terms of one (1) for one year, two (2) for two years, and two (2) for three years, respectively, in the first instance, and thereafter appointments shall be for three (3) years each. The chairman of the Board shall be annually elected by the members of the Board. All members of the Board shall serve without compensation.

Meetings: Meetings of the Board shall be held at least once a month and at such other times as the Board may determine. There shall be a fixed place of meeting and all meetings shall be open to the public. The Board shall adopt its own rules of procedure and keep a record of its proceedings, showing the action of the Board and the vote of each member upon each question considered. The presence of four members shall be necessary to constitute a quorum.

Appeal. Appeal from the ruling of the Building Commission concerning the enforcement of the provisions of this ordinance may be made to the Board of Appeals within such

time as shall be prescribed by the Board by general rule. The appellant shall file with the Building Commissioner and with the Board of Appeals a notice of appeal, specifying the grounds thereof. The Building Commissioner shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed for was taken.

**Stay:** An appeal stays all proceedings in furtherance of the action appealed from unless the Building Commissioner, from whom the appeal is taken, certifies to the Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by the Circuit Court, on application, on notice to the Building Commissioner from whom the appeal is taken and on due cause shown.

**Jurisdiction:** The Board of Appeals may, in specific cases, after public notice and hearing, and subject to appropriate conditions and safeguards, determine and vary the application of the use, height and area district regulations herein established in harmony with their general purposes and intent as follows:

(1) Grant a permit in a residence district for a temporary building for commerce or industry incidental to the residential development, such permit to be issued for a period of not more than one (1) year.

(2) Grant a permit for the reconstruction within twelve (12) months of a building destroyed by fire or other causes to the extent of not more than one-half of its assessed value when such building is located in a district restricted against its use.

(3) Grant a permit for the extension of a use or height and area district for a distance of not more than twenty-five (25) feet where the boundary line of a district divides a lot in a single ownership at the time of the adoption of this ordinance.

(4) Grant a permit for the enlargement of existing building or buildings, or erection on the same lot or plot of ground of additional buildings for a trade, business or industry located in a district restricted against its use, where such enlargement or expansion of such trade, business or industry will not be detrimental to or tend to alter the character of the neighborhood.

(5) Grant a permit for the erection and use of a building or the use of a premises in any location to a public service corporation or for public utility purpose which the Board admits reasonably necessary for the public convenience or welfare.

(6) Interpret the provisions of this ordinance in such a way as to carry out the intent and purpose of the plan, as shown upon the maps fixing the several districts accompanying and made a part of this ordinance where the street layout actually on the ground varies from the street layout as shown on the maps aforesaid.

(7) Adopt from time to time such rules and regulations as may be deemed necessary to carry into effect the provisions of this ordinance.

(8) "Grant permit for the erection of a one-family dwelling on a lot held under a separate and distinct ownership from the adjacent lots and of record at the time of the passage of this ordinance which has less area than the lot area per family requirements of this ordinance for the district in which such lot is located.

#### Section 17:--Certificate of Occupancy and Compliance.

No premises shall be occupied or used and no building shall hereafter be erected or altered, nor any building existing at the passage of this ordinance be altered or changed in its use, until certificates called a "Certificate of Occupancy and Compliance," shall have been issued by the Building Commissioner, stating that the building or proposed use of building or premises complies with all building and health laws and ordinances of the city and with the provisions of this Zoning Ordinance.

This Certificate of Occupancy and Compliance shall be applied for at the same time as the application for a building permit and shall be issued at any time, not exceeding ten (10) days, after the erection or alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Commissioner and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building affected. No fee shall be charged for the original Certificate of Occupancy and Compliance when applied for at the same time as the application for a building permit, for all other certificates or copies of any original certificate there shall be a charge of one dollar each. No building permit shall be issued before application has been made for Certificate of Occupancy and Compliance.

#### Section 18:--Plats.

All applications for building permits shall be accompanied by a plat in duplicate drawn to scale showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plats shall be kept in the office of the building commissioner. No yard, court or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court or other open space for another building.

#### Section 19:--Use Permit.

No change shall be made in the use of a building without a permit having first been issued by the building commissioner, and no permit shall be issued to make such a change unless it is in accordance with the provisions of this ordinance or amendment thereto hereafter duly enacted.

#### Section 20:--Interpretation. Purpose and Conflict.

In interpreting and applying the provisions of this ordinance, they shall be held to be the

minimum requirements for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. It is not intended by this ordinance to interfere with or abrogate or annul any ordinance, rules, regulations or permits previously adopted or issued, and not in conflict with any of the provisions of this ordinance or which shall be adopted or issued, pursuant to law relating to the use of buildings or premises, nor is it intended by this ordinance to interfere with or abrogate or annul any easements, covenants, or other agreements between parties, provided, however, that where this ordinance imposes a greater restriction upon the use of building or premises or upon height of building or requires larger open spaces than are imposed or required by such ordinances, rules, regulations or permits, or by easements, covenants, or agreements, the provisions of this ordinance shall control.

#### Section 21.—Violation; Penalty.

Every person, firm or corporation violating, neglecting or refusing to comply with any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than twenty-five (\$25) dollars, nor more than two hundred (\$200) dollars.

Each and every day's continuance of the violation of this ordinance shall constitute a separate offense and be punishable as such.

The City of Lansing or any private citizen may take steps in court to cause the abatement of any violation of this ordinance.

#### Section 22.—Boundaries of Districts.

Where uncertainty exists with respect to the boundaries of the various districts as shown on the maps accompanying and made a part of this ordinance the following rules shall apply:

(a) The district boundaries are either streets or alleys unless otherwise shown and where the designation on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by streets or alley lines, said street or alley shall be construed to be the boundary of such district;

(b) Where the district boundaries are not otherwise indicated and where the property has been or may hereafter be divided into blocks and lots, the district boundaries shall be construed to be lot lines, and where the designations on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by lot lines, said lot lines shall be construed to be the boundary of such district, unless said boundaries are otherwise indicated on the maps.

#### Section 23.—Validity and Administration.

Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

It is hereby made the duty of the Building Commissioner to administer this ordinance.

#### Section 24.—Changes and Amendments.

The city planning commission may, of its own motion or upon petition signed by the owners of a majority of the property according to frontage in any district or portion thereof, prepare an ordinance amending, supplementing, or changing the district boundaries or the regulations herein established. The city planning commission shall cause to be prepared a notice indicating the proposed change in the regulations or in the district boundary lines and describing the boundaries of the territory to be affected, which notice shall set a date for a public hearing for consideration of such proposed amendment, supplement or change. After due publication and posting and public hearing of such proposed amendment, supplement or change, as required by law, the city planning commission may cause such ordinance to be introduced in the city council of the city of Lansing. Whenever a written protest against such proposed amendment, supplement, or change, signed by the owners of twenty (20) per cent of the frontage proposed to be altered, or by the owners of twenty (20) per cent of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty (20) per cent of the frontage directly opposite the frontage proposed to be altered, shall have been filed with the city planning commission, the ordinance providing for such proposed amendment, supplement or change shall not be passed except by the favorable vote of three-fourths of the members of the city council. If any area is hereafter transferred to another district by a change in district boundaries by an amendment, as above provided, the provisions of this ordinance in regard to buildings or premises existing at the time of the passage of this ordinance shall apply to buildings or premises existing at the time of the passage of such amendment in such transferred areas.

#### Section 25.—Conflicting Provisions Repealed.

All ordinances or parts of ordinances in conflict with any of the provisions of this ordinance are hereby repealed.

#### Section 26.—When Effective.

This ordinance shall be in effect from and after its passage, publication and recording, according to law, thirty days after publication.

#### REPORTS.

The reports of the Gas Inspector for the month of October, 1923, and for the week ending Nov. 3, 1923, were received and placed on file.

#### To the Honorable Mayor and City Council:

Gentlemen:—The following resolution was adopted by the Board of Cemetery and Public Park Commissioners at a meeting held on November 2nd:

"By Com. Woodworth—

Whereas, The State of Michigan acting through the Governor, the State Corrections Commission, the State Administrative Board,

and the Department of Conservation has seen fit to offer the city of Lansing a perpetual lease of 115 acres of ground to be used as a golf course, public park and recreational grounds, and

Whereas, This board believes that the ground offered is ideal for the purposes named in that lease to the city by the State; therefore be it

Resolved by the Board of Cemetery and Public Park Commissioners, That this Board recommends that the city council direct the Mayor and City Clerk to sign the lease for the city of Lansing, and that they be further directed to send a communication to the Governor, and the Boards heretofore mentioned thanking them on behalf of the city of Lansing for a very welcome addition to the park system of the city."

Respectfully submitted,  
BERTHA RAY,  
City Clerk.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

November 5, 1923.

Gentlemen:—I herewith report that on November 1st I sold in Detroit to Bishop, Holmes, Hammond & Jackson, sixty-nine hogs, weight 18,680 lbs. at \$7.70 per hundred and received a check for \$1,366.93 which was credited to garbage disposal.

Respectfully,  
GEORGE A. CANFIELD,  
Supt. of Garbage.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

During the heavy rains this summer the basement floors of the Methodist Temple House were flooded by the main sewer backing up, making it necessary for the owners to relay their floors several times. We found several obstructions in the sewers on Ottawa Street and in the Grand Street Outlet. These have been removed as far as possible, but there is still danger of the water backing up in times of heavy rain. Conditions could be very much improved and further flooding avoided by laying an independent outlet in Ottawa Street from the Temple House sewer connection to the manhole at the corner of Ottawa and Capitol, which I recommend doing.

Respectfully,  
O. E. ECKERT,  
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:—The Shiawassee Street Bridge is ready to be opened for travel; it being planned to allow the fill to settle through the winter before paving upon it.

A dangerous condition to travel prevails on the east approach where the street car tracks leading into the car barns remain in place. Should you deem it advisable however a road could be fenced off to allow one way traffic on the east approach.

The excavation made by the City for the Street Railway Company was completed October 3, 1923. The street car company still has its building to remodel and its track work to install before the tracks in Shiawassee Street can be removed.

Respectfully,  
O. E. ECKERT,  
City Engineer.

Received and placed on file.

By Ald. Leonard—

Resolved by the City Council of the City of Lansing:

That the resolution permitting a change in fares to be collected by the Michigan Ry. Co. be rescinded.

By Ald. Howe—

That the motion be laid on the table.

City of Lansing Paving Bonds.

Know All Men By These Presents, That the city of Lansing, state of Michigan, hereby acknowledges itself justly indebted and for value received promises to pay the bearer, or if registered to the registered holder thereof, the sum of \$70,000, lawful money of the United States of America, on the 2nd day of January, 19..., at Guaranty Trust Company, New York, N. Y., with interest at the rate of 4½% per annum, payable semi-annually, on the 2nd day of January and the 2nd day of

July of each and every year, beginning with the 2nd day of July, 1924, on presentation and surrender of the proper interest coupons here-to attached as they severally become due, and for the prompt payment of this bond and interest thereon the full faith and credit of the city of Lansing is hereby irrevocably pledged.

This bond is one of a series of 5 of like tenor, except as to date of maturity, aggregating the sum of \$350,000, issued under and in pursuance of the provisions of the charter of the city of Lansing and by authority of the laws of the state of Michigan, and duly authorized by a three-fifths vote of the qualified electors of said city of Lansing at an election held in said city on the 27th day of July, 1923. This issue of bonds is for the purpose of raising funds to defray the expenses of building and construction of pavement and repair of present pavement in the said city of Lansing, as prescribed in a certain resolution adopted by this council on the 18th day of June, 1923. It is hereby recited and certified that all the acts, conditions and things required to be done precedent to and in the issuance of said bonds in order to make them valid and binding obligations of the city of Lansing have been done, happened and been performed in regular and due form, as required by law, and that the total indebtedness of the city of Lansing, including this issue of bonds, does not exceed any charter, statutory or constitutional limitation. This bond is exempt from taxation in the state of Michigan.

This bond may be registered as to principal in the name of the holder upon the books to be kept by the city Treasurer and similarly noted hereon, after which registration the principal hereof shall be payable to the registered holder until this bond has been discharged from registration by being registered as payable to bearer. The registration of this bond as to principal shall not restrain the negotiability of the coupons by delivery merely, but the coupons may be surrendered and thereafter the principal and interest of this bond will be payable only to the registered holder.

In witness whereof the mayor and clerk of the said city of Lansing, Ingham County, Michigan, have by order and direction of the city of Lansing officially hereunto subscribed the corporate name of the said city of Lansing, and attached the corporate seal thereof and executed the bond for and on behalf of the city of Lansing; this bond bearing date of January 2, 1924, by order of said council.

COUNTY OF INGHAM

City of Lansing Bridge Bonds.

Know all men by these presents, that the City of Lansing, State of Michigan, hereby acknowledges itself justly indebted and for value received promises to pay the bearer, or if registered to the registered holder thereof, the sum of \$25,000, lawful money of the United States of America, on the 2nd day of January, 19.... at Guaranty Trust Company, New York, N. Y., with interest at the rate of 4½% per annum, payable semi-annually, on the 2nd day of January and the 2nd day of July of each and every year, beginning with the 2nd day of July, 1924, on presentation and surrender of the proper interest coupons here-to attached as they severally become due, and for the prompt payment of this bond and interest thereon the full faith and credit of the City of Lansing is hereby irrevocably pledged.

This bond is one of a series of 10 of like tenor, except as to date of maturity, aggregating the sum of \$250,000, issued under and in pursuance of the provision of the charter of the City of Lansing and by authority of the laws of the State of Michigan, and duly authorized by a three-fifth vote of the qualified electors of said City of Lansing at an election held in said city on the 27th day of July, 1923. This issue of bonds is for the purpose of raising funds to defray the expenses of building a bridge over the Grand River and the New York Central Railroad tracks either at Kalamazoo Street or St. Joseph Street, as prescribed in a certain resolution adopted by this Council on the 18th day of June, 1923. It is hereby recited and certified that all the acts, conditions and things required to be done precedent to and in the issuance of said bonds in order to make them valid and binding obligations of the City of Lansing have been done, happened and been performed in regular and due form, as required by law, and that the total indebtedness of the City of Lansing including this issue of bonds, does not exceed any Charter, Statutory or Constitutional limitation. This bond is exempt from taxation in the State of Michigan.

This bond may be registered as to principal in the name of the holder upon the books to be kept by the City Treasurer and similarly noted hereon, after which registration the principal hereof shall be payable to the registered holder until this bond has been discharged from registration by being registered as payable to bearer. The registration of this bond as to principal shall not restrain the negotiability of the coupons by delivery merely, but the coupons may be surrendered and thereafter the principal and interest of this bond will be payable only to the registered holder.

In witness whereof the Mayor and Clerk of the said City of Lansing, Ingham County, Michigan, have by order and direction of the City of Lansing officially hereunto subscribed the corporate name of the said City of Lansing, and attached the corporate seal thereof and executed the bond for and on behalf of the City of Lansing; this bond bearing date of January 2nd, 1924, by order of said Council.

#### CONSTRUCTION OF SEWERS AND DRAINS, I.

By Ald. Templeton—

It is the opinion of the City Council of the City of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Allegan Street from end of existing sewer east of Washington Avenue to Capitol Avenue, as petitioned for, is desirable, therefore, be it

Resolved, That the City Engineer be and hereby is instructed to prepare plans for constructing a sewer in said street above mentioned in the 1st sewer and drain district, and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this Council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—14.

Nays—None.

#### PUBLIC IMPROVEMENT II.

By Alderman Phillips—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted April 4, 1923 for curb and gutter in McPherson's Inverness Subdivision are hereby adopted.

That the portion of city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof adjoining the street frontage of all lots in the McPherson's Inverness subdivision excepting the street frontage on lots facing Verlinden and Michigan Avenues, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$13,069.99.

That the expense of such improvement in public street and alley intersections is \$1,746.10 which shall be paid by the city out of the general paving fund.

That 80% of the remainder of said estimated expense, to-wit: the sum of \$9,059.11 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such ex-

pense, to-wit, \$2,264.78 shall be paid by the city out of the general paving fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council within two weeks of the passage of this resolution.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, Trager, Vandervoort.—14.

Nays—None.

BERTHA RAY,  
City Clerk.

Lansing, Michigan.  
November 5, 1923.

# OFFICIAL PROCEEDINGS OF THE BOARD OF POLICE AND FIRE COMMISSIONERS OF THE CITY OF LANSING

Lansing, Mich., Nov. 9, 1923.

Board met in regular session and was called to order by the President, Com. Jones.

Roll Call:

Present—Com. Cady, Foster, Cavanagh, Jones, Lewis, Kimes, Potter, Reutter—8.

Absent—None.

The minutes of the previous session were read and approved.

Board of Police and Fire Commission:

Gentlemen:—I desire to call your attention to part of Section 58 of the city charter which is herewith enclosed, and request that hereafter when any purchases of any nature whatsoever are made, an affidavit will accompany your order.

Yours very truly,  
ALFRED DOUGHTY,  
Mayor.

Received and placed on file.

Gentlemen:—On July 27th last the electors adopted amendments to certain sections of the City Charter which provide for the starting of the fiscal year in January instead of May.

You will, therefore, arrange to close this present year December 31st.

You will also please be ready to report to the Council early in January, 1924, the proposed activities of your department, so that arrangements can be made for the purchasing of materials and supplies and of contracting for such equipment and work as we propose to do during the year "1924."

Yours very truly,  
ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

The Mayor appeared before the Board and explained the plan for handling the budgets for the coming year.

Lansing, Mich., Nov. 5, 1923.

To the Board of Police and Fire Commissions of the City of Lansing:

Dear Sirs:—The ministers of Lansing, assembled in the regular monthly meeting of their Union, have debated with deep concern the violation of law, especially against the manufacture and use of intoxicating liquors, as defined in the 18th Amendment to the Constitution of the United States and the Volstead Enabling Act.

It is self-evident that the fundamental laws of the land, when placed upon the statute books by the will of the people, should be obeyed until changed in an orderly and legitimate manner.

Inasmuch as there is a widespread disregard of obedience to law, which is a test of good citizenship; and, inasmuch that whatever breaks down the respect for law, on the part of either the humble or more exalted citizen, tends to destroy the moral fiber of our Republic, and thus leads to moral disintegration and anarchy.

We, the ministers of our respective churches, by a unanimous vote, declare that: We regard with sincere disapproval this apparent condition of lawlessness; but view with deep satisfaction the challenge of President Calvin Coolidge to the Governors of our several states, and city police forces, to lend their fullest co-operation to the federal and state officers, in securing an honest enforcement of our laws—especially those which bear upon the moral welfare of our state and city.

Further, we most sincerely and earnestly commend all officers and citizens who have been and are co-operating in such enforcement; and pledging our support, we urge upon all good citizens an honest discharge of their civic duties that the majesty of the law may be preserved, and the moral welfare of our city and state be safeguarded.

Respectfully yours,

G. W. SIMON,

The Board adjourned.

BERTHA RAY,  
City Clerk.

Lansing, Michigan.

November 9, 1923.

Thousand (\$25,000) Dollars of bonds for the extension of the boulevard lighting system. The two propositions carried.

The council, July 24, 1916, authorized the execution and sale by the city treasurer over the counter of the One Hundred Sixty-five Thousand (\$165,000) Dollar issue. The bonds were to be issued in denominations of One Hundred (\$100.00) Dollars and Five Hundred (\$500.00) Dollars and bear interest at the rate of 4 per cent per annum, payable semi-annually. There were to be five hundred (550) fifty of One Hundred Dollar bonds and two hundred (220) twenty of Five Hundred Dollar bonds. Fifty of the One Hundred Dollar bonds and twenty of the Five Hundred Dollar bonds were to be due September 1, 1926, and a like number each year thereafter until the whole issue was paid. Sixty thousand dollars of these bonds were to be sold as of September 1, 1916, sixty thousand dollars as of March 1, 1917, and forty-five thousand dollars as of September 1, 1917. The first sixty thousand dollars of these bonds were executed and sold; the second sixty thousand dollars were printed and executed but never sold; the remaining forty-five thousand dollars perhaps were never printed. Council records of March 12, 1917, and July 16, 1917, show that efforts were made to sell the balance of this one hundred sixty-five thousand dollar issue, but without success, due doubtless, to the fact that a 4 per cent bond was not attractive to local investors. On September 24, 1917, October 15 and 22, 1917, the council took action to change the denomination of the balance of this issue, to bonds of one thousand dollar denomination, to have the date of issue changed to September 1, 1917, and to sell them to the highest bidder, which was done.

With reference to the bond issue of twenty-five thousand (\$25,000) dollars for the extension of the boulevard lighting system, the council records of June 28, 1916, July 24, 1916, February 13, 1917, May 20, 1918, May 27, 1918, July 8, 1918, July 15, 1918, July 19, 1918, March 5, 1917, and April 22, 1918, show that the issue was authorized by the voters and that \$10,000.00 of the bonds were authorized to be executed and the treasurer to sell them over the counter. Of this \$10,000.00 portion issued and executed however, only \$9,900 is on hand in city treasury vault. The remaining \$15,000.00 of the original \$25,000.00 issue perhaps was never printed. Their sale in this manner was unsuccessful and September 3, 1918, the issue was offered to the highest bidder. September 3, 1918, the bid of Prudden & Company, for this issue was accepted. Prudden & Company never took the bonds. The record does not show the reason why, but we are informed it was upon the ground of some alleged irregularity in the proceedings in the issuance of the bonds. The council then called a special election for December 28, 1918, to again vote on the question of authorizing the issuance of twenty-five thousand dollars of boulevard lighting bonds. The matter carried and the bonds, dated January 15, 1919, were issued under authority of that election.

From the above it will be seen that the sixty thousand dollars of waterworks bonds and nine thousand nine hundred dollars of

boulevard lighting bonds, now in the office of city treasurer were replaced by other bonds of different dates and denominations. These bonds and their coupons are perfectly legal on their face, and negotiable by transfer. They should no longer be kept. We recommend that the mayor and treasurer or a committee appointed for the purpose be authorized and directed to destroy them, in our presence.

Respectfully submitted,

Gentlemen:

I herewith submit the following special assessment roll:

Construction of 7200 ft. of sewer in the 48th sewer and drain district.

Respectfully submitted,

JOHN S. BENNETT,  
Assessor.

Received and placed on file.

To the Honorable Mayor and Members of the City Council, Lansing, Michigan.

Gentlemen:

Sometime ago the case of The City of Lansing vs. John McClellan was tried and decided. As you will remember, this was a case brought by the city against John McClellan for taking funds when he and other members of the council were disposing of goods purchased from the Government. The court held that the acts and undertakings of the members of the council were such that they did not come within the authority of the city to carry on, and that the work and actions of the members of the council were nothing more than a committee appointed to carry on this enterprise and the fact that they were aldermen cut no figure.

Since this was decided by the court some of those who returned their money, which they had received as pay for labor, at the request of the city have spoken to me in relation to the same and ask that the city return to them the amount so returned. This is a matter that is entirely up to the council and I am making this statement simply for the purpose of calling the same to the attention of

this council so that they may exercise their judgment in relation to the same.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

Received and placed on file.

To the Honorable Mayor and Members of the City Council, Lansing, Michigan.

Gentlemen:

It appears from our records on file in the office of the City Clerk that sometime in September, 1922, an accident occurred by reason of the police patrol running into a truck owned by the Hunter Dairy Company. It also appears that the same was reported to the City Attorney and that no action was ever taken upon the same further. Recently Mr. Hunter called my attention to the same, and filed with me his original bill and also a letter stating the particulars of the accident, all of which is hereto attached.

I have investigated this matter very carefully and I find that the loss was without blame of any kind to the Hunter Dairy and in justice they should be paid. I am not undertaking to pass upon the legality of the claim from the standpoint that the police were discharging their governmental duty which might be a legal defense, but as stated, there is no question but what the Hunter Dairy met with this loss and without any fault of theirs.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

Referred to Committee on City Affairs.

### THE HUNTER DAIRY

Forty Years in Business—Both Phones  
Lansing, Michigan.

R. F. D. No. 3.

Nov. 3, 1923.

Mr. Dwight F. Warner, City Attorney,  
525-26 Capital National Bk Bldg.,  
Lansing, Michigan:

Dear Sir:—Complying with the request of your office, we are enclosing an itemized bill of the damage to our truck by the Police Patrol Car, together with a statement of the major details of that accident.

On the morning of September 6, 1922, our truck, headed north, was parked on the east side of the street, at about the center of the 1200 block on South Washington Avenue. (Between South Street and the Grand Trunk Crossing.)

Our driver had only time to reach the opposite side of the street after parking his truck when the Police Car coming south on Washington Avenue, was forced to swerve sharply to the left to avoid hitting a bakers truck which started to turn in front of the Patrol. Apparently unable to turn back in time, the Patrol Car crossed the street to the extreme left side and ran head-on to our truck, striking it amidships. The resultant damage is listed in the bill for repairs submitted by the F. J. Blanding Company who made them.

For your convenience will state that Mr. John McClellan, former City Attorney, claims

to have investigated the attitude of the baker and his insurance company and that neither felt any responsibility in the matter. There seems to be no question of the validity of our claim by those who know the details, and since we have been following it for more than a year, it has become quite an annoyance as well as expense. We will appreciate your attention to this matter and shall hope for an early settlement from the council.

Yours very truly,

THE HUNTER DAIRY.

Hon. Mayor and City Council,

Lansing, Michigan:

Gentlemen:—We have in our front office an old safe, formerly used by the City Treasurer. We are not using this safe and it is taking up valuable space that we can no longer afford to spare.

Will you please have it moved from our offices or else grant us authority to dispose of it in the best manner that we may.

Yours very truly,

BOARD OF WATER & EL. LIGHT  
COMMISSIONERS.

Oscar E. Bulkley,  
Superintendent.

Referred to Committee on Public Buildings.

To Hon. Alfred H. Doughty,

Mayor of the City of Lansing:

We, the undersigned, being a majority of the members of the city council, of the City of Lansing, State of Michigan, hereby respectfully request and ask you to remove the following named members of the Lansing City Police and Fire Commissioners, Viz.:

Seth H. Jones, Claude E. Cady, M. J. Cavanaugh.

(For the reasons as stated and fully set forth in the recent report made to the City Council, by a committee of the whole, on an investigation of the Police Department of the said City of Lansing and which said report was adopted by the said city council on the fifteenth day of October, A. D. 1923, as will more fully appear from the said city council proceedings of that date, on pages 3, 4, 5 and 6, reference being had thereto.)

ALBERT DE CAMP,  
S. S. MAIN,  
W. E. TRAGER,  
E. S. AVERY,  
ELMER C. CLAPHAM,  
OSMOND C. HOWE,  
A. H. PHILLIPS,  
H. S. FOWLER,  
W. H. McCALE,  
M. A. TEMPLETON,

(Except Claude Cady and M. J. Cavanaugh.)

Received and placed on file.

Gentlemen of the Council:

I decline to accede to the request as contained in a communication handed me at 5 p. m. this evening and signed by ten members of your honorable body, asking for the

removal of Commissioners Seth H. Jones, Claude Cady, and M. J. Cavanaugh from the Board of Police and Fire Commissioners.

Part of Section 100 of the City Charter provides:

"That if the mayor shall refuse to remove any appointive officer, member of any board, agent or representative of the city, upon the written request of a majority of the members of the city council, **stating reasons therefor**, the city council shall have the right to remove any such officer."

In the communication handed me, no specific reasons are set forth, and no charges against any one of these commissioners have heretofore been filed with me by your honorable body.

Further your communication reads, in part, as follows:

"For the reasons as stated and fully set forth in the recent report made to the City Council, by a committee of the whole, on an investigation of the police department of the said City of Lansing, and which said report was adopted by the said City Council on the fifteenth day of October, A. D. 1923, as will more fully appear from the said city council proceedings of that date, on pages 3, 4, 5 and 6, reference being had thereto."

I have diligently and minutely searched very carefully the record of the report on the police investigation referred to above, and I do not find wherein any charges of any nature whatsoever, were made by any person, against the gentlemen of the commission whom you seek to remove, nor do I find their names even mentioned in said report.

Therefore, because your communication lacks substantiated specific charges against the above-named gentlemen, I decline and refuse to remove them from office.

Respectfully,

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:—In accordance with your instructions I herewith present plans and specifications for the construction of a sewer in Allegan from east of Washington Avenue to Capitol Avenue.

Whereas this Council did heretofore to-wit: on the 18th day of June, 1923, by resolution legally and regularly adopted, declare it to be a public necessity and necessary public improvement and need in the City of Lansing that a bridge be built over the Grand River and New York Central Railroad tracks, either at Kalamazoo Street or St. Joseph Street, and the Council having been heretofore advised that the sum of \$250,000 is needed for said purpose for said public improvement; and

Whereas, this Council heretofore, to-wit: on the 27th day of July, 1923, at a special election duly and legally called did submit the question of the said building of said bridge as stated in the resolution theretofore by it passed and the issuance of the bonds of the City of Lansing in the sum of \$250,000 for the purpose of defraying the expense of the construction of said bridge, to a vote of the qualified electors of the City of Lansing; and

Whereas the qualified electors of the City of Lansing, by a three-fifths vote of those voting thereon, at the election held in said city on the 27th day of July, 1923, determined and approved the issuance of the bonds of the said city on the sum of \$250,000, for the purpose of building said bridge over the Grand River and the New York Central Railroad tracks, and that said bonds should be issued as proposed in said resolution; now, therefore, be it

Resolved by the City Council that the bonds of the City of Lansing, to be designated "City of Lansing Bridge Bonds" in the sum of \$250,000, for the purpose of building a bridge over the Grand River and the New York Central Railroad tracks, either at Kalamazoo Street or St. Joseph Street, be issued by the City of Lansing. That such bonds shall be in denominations of \$1,000 each and be dated January 2nd, 1924, and be due and payable as follows: \$25,000 on the 2nd day of January each year from 1932 to 1941 inclusive. That said bonds shall bear interest at the rate of 4½% per annum, payable semi-annually, on the 2nd day of January and the 2nd day of July in each year beginning on the 2nd day of July, 1924, both interest and principal payable at the Guaranty Trust Company, New York, N. Y.

Resolved further, that there shall be printed on the back of said bonds the following provisions for registration as to principal and interest:

In accordance with a provision of this bond the coupon sheet issued herewith has been

surrendered by the holder of this bond, and the coupons have been cancelled by the City Treasurer. The semi-annual interest on this bond is hereafter to be paid to the registered holder named in the registration blank below or order upon the proper acknowledgement of the receipt thereof.

Adopted by the following vote: Yeas—5. Nays—0.

The following report was made by Dr. Hill, Health Officer, relative to the result of his examination of children:

Board of Health,

City of Lansing:

Gentlemen:

I herewith submit for your perusal facts of conditions I found in my recent physical examination of school children this year:

9,618 children were given a physical examination by myself. Of this number

191 have visible anaemia,

704 have malnutrition,

919 have enlarged tonsils on dangerous border line.

676 have diseased and very marked enlarged tonsils.

1,386 need dental attention.

37 have other marked defects as heart trouble, coreia, etc.,

26 have orthopedic defects,

4,200 were given a vision test, 392 of these are in need of correction by glasses.

I wish also to call your attention at this time to prevalence of enlarged thyroids.

7,359 children examined in the grades below the Junior High gave a visible of 135 thyroid enlargements.

2,260 in the Junior High gave 376 visible thyroid enlargements.

You will note the increased number as we reach the higher grades and this number would be increased to 30 per cent if the thyroid was palpated.

Respectfully submitted,

S. R. HILL, M. D.,  
Health Director.

Received and placed on file.

By Member Holm—

That a committee be appointed to confer with the Board of Education relative to the most practical manner of administering iodine as a preventive measure against goitre in school children.

### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending November 17, 1923, was received and placed on file.

To the Honorable Mayor and City Council the City of Lansing:

Gentlemen:

Complying with your instructions (Council proceedings Nov. 12, 1923) I submit herewith preliminary estimates for constructing bridges over the Grand River and over the New York Central tracks at the following locations:

1. Kalamazoo street, preliminary estimate, \$288,000.00.

2. St. Joseph street, preliminary estimate, \$255,000.00.

Respectfully submitted,

O. E. Eckert,  
City Engineer.

Received and placed on file.

To the City Council:

At this time, I would like to call your attention to the fact that I am crediting Contingent Fund \$16,890.68, which is the amount necessary to close out certain Special Assessment Rolls, the detail of which is hereto attached.

Respectfully submitted,

J. E. PRATT,  
City Comptroller.

Received and placed on file.

Hon. Mayor and City Council:

At this time, I am taking the opportunity in notifying the Council of the overdraft amounting to \$969.27 in addition to the \$4,000.00 already borrowed from Contingent by the Fourth Ward. Also the overdraft of the Sixth Ward of \$453.90. It would seem at this time that some step should be taken not only to cover the already existing overdraft, but also to anticipate the needs in said wards, and make transfers accordingly which will cover needs until January 1, 1923.

J. E. PRATT,  
City Comptroller.

Received and placed on file.

Hon. Mayor and City Council, Lansing:

Gentlemen:

On taking the office of Justice of the Municipal Court I found that the desk that was used in the office was the property of Judge Raudabaugh and was taken by him.

The constable office has a desk which is not suitable for their purpose and upon inquiry

I find that two small desks would be better for them and that would be cheaper as these smaller desks can be purchased for \$30.00 each or \$60.00.

I would therefore ask that sufficient funds be transferred from some fund to (2A) Furniture and furnishings fund of the Municipal Court.

This desk is needed badly so would ask that this matter be given your attention as soon as convenient.

Yours very truly,

WM. F. STEINKOHL,  
Justice of Municipal Court.

By Ald. Clapham—

That the request be granted, and the Committee on Supplies authorized to purchase the two desks for \$30.00 each and charge to the Contingent Fund.

Adopted by the following vote:

Yeas—Ald. Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, Main, McComb, McKale, Phillips, Templeton, VanDervoort.—14.

Nays—None.

Mr. Cody was given permission to speak relative to conditions on Cawood street and Comfort street.

On motion of Ald. Leonard the matter was referred to Committee on Streets, Committee on Sewers and City Attorney.

On motion of Ald. Leonard the City Engineer was requested to explain the situation in Saginaw Park Plat, which he did.

#### ORDINANCES.

Ald. DeCamp introduced the following ordinance which was read a first and second time by its title and referred to the committee on ordinances.

An Ordinance to license and regulate the operation of interurban and suburban motor busses within the limits of the City of Lansing.

The City of Lansing ordains:

Section 1. Definitions. The following words shall have the meaning given to them in this section.

The words "motor bus" shall mean and include any motor vehicle engaged in the business of affording suburban or interurban transportation by indiscriminately accepting or discharging passengers as they may offer themselves for transportation along the way or course, route or routes, street or streets on which it is used or operated or may be running, and for which service fares are charged, received or permitted to be donated.

The word "person" shall mean and include any person, firm or corporation.

The words "suburban or interurban transportation" shall mean and include the transportation of a passenger or passengers from any point in the City of Lansing to any point outside of the city, or the transportation of a passenger or passengers from any point outside of the city of Lansing to any point within said city, wherein a street or streets

in the said city of Lansing, or any part of said street, is traversed in so doing.

Section 2. Routes. All persons operating and driving suburban or interurban motor busses upon the streets of the City of Lansing shall operate the same according to the following directions and the following routes, and any person operating such motor bus shall not accept or discharge passengers in the city limits upon any other street or streets except those named in said routes, to-wit:

Route to the East—From Ottawa street and Grand avenue north to Saginaw street, east on Saginaw street to Pennsylvania avenue, north on Pennsylvania avenue to Sheridan street, east on Sheridan street to city limits.

Route to the South—From Grand avenue and Ottawa street south on Grand avenue and River street to Spring street, east on Spring street to Cedar street, south on Cedar street to city limits.

Route to the North—From Grand avenue and Ottawa street north on Grand avenue to Saginaw street, east on Saginaw street to Center street, north on Center street to Franklin avenue, west on Franklin avenue to Turner street, north on Turner street to North street.

Route to the West—Same as route to the north.

Route to the Southwest—From Ottawa street and Grand avenue south on Grand avenue to Main street, west on Main street to city limits.

Section 3. Penalty. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding one hundred (100) dollars or by imprisonment in the common jail of Ingham county, or the city jail of said city, for a period of not more than sixty (60) days, or both such fine and imprisonment within the discretion of the court.

Section 4. Scope. This ordinance shall not repeal or amend an ordinance to license and regulate the operation of motor busses within the limits of the City of Lansing approved June 15, 1916.

Section 5. Validity. Should the courts of this city or state declare any section or provision of this ordinance unconstitutional, or invalid, or in conflict with any section or provision of this or any other ordinance, then such decision shall affect only the section or provision so passed upon, but shall not affect any other section or part of this ordinance.

Section 6. Change of Route. Should it be necessary at any time for persons operating said busses to traverse other streets than those named in said route by reason of the streets being out of repair or in case of any emergency making it impractical to traverse the streets named in said routes, then they shall traverse such temporary routes as may be designated by the Police Department of the City of Lansing, under the direction of the City Council.

The following ordinance was introduced by

Ald. Phillips, read a first and second time by its title and referred to the Committee on Ordinances.

By Ald. Phillips—

An Ordinance to amend Sections 3, 19 and 23 of Ordinance No. 133, as amended July 16th, 1923, entitled "An Ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing."

The City of Lansing ordains:

Section 1. That Sections 3, 19 and 23 of Ordinance No. 133, as amended July 16th, 1923, entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," is hereby amended to read as follows:

Section 3. The driver or operator of every motor driven vehicle shall have a chauffeur's or operator's state license. All vehicles shall be driven in a careful manner and with due regard for the safety and convenience of pedestrians, and no motor vehicle shall be driven or operated upon any street by any person who is less than fourteen years of age, nor shall any person, firm or corporation owning or possessing any motor vehicle suffer or permit any person less than fourteen years of age to drive or operate such motor vehicle upon any street within the city of Lansing. No person shall drive or operate any motor vehicle while under the influence of liquor or other stimulant. No person shall drive any vehicle across or into any safety zone. No person shall drive on the right side of any vehicle when overtaking it. Provided, however, that in passing street cars proceeding in the same direction all vehicles shall, at all times, pass said street cars on the right side thereof. All vehicles meeting shall pass each other to the right. Drivers shall be governed by conditions of the particular occasion and may be deemed reckless even though proceeding at the speed within the limit allowed by law, which shall not be greater than fifteen miles per hour in the business portions of the city and not greater than twenty miles per hour in all other portions thereof.

Section 19. All vehicles approaching a street on which street cars are operating shall come to a full stop upon entering said street before crossing such street car tracks. On other street crossings the vehicle approaching from the right shall have the right of way.

Section 23. Any person or persons violating any of the provisions of this ordinance shall upon conviction thereof, be punished by a fine not exceeding one hundred dollars, and in the default of the payment of such fine each person or persons shall be imprisoned in the city jail or any workhouse in the state authorized by law to receive prisoners, not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Lansing, Michigan,  
November 19, 1923.

OFFICIAL PROCEEDINGS  
OF THE  
BOARD OF HEALTH  
OF THE  
CITY OF LANSING

November 21, 1923

Board met in special session and was called to order by the president, Member Bishop.

Roll call:

Present—Members Affeldt, Bishop, Gibbons, Holm, McIntyre, Spurway, Troyer.—7.

Absent—Member Campbell.—1.

The President announced that the meeting was called to consider the application of Verne W. Foote for a food license for selling groceries from a vehicle from house to house.

The Sanitary Inspector presented the conditions under which food licenses are granted, and his objections to issuing this license to Mr. Foote.

The City Attorney gave an opinion on the "food ordinance," stating that the provisions of the ordinance did not prohibit the sale of food stuff from a vehicle providing it was handled in a sanitary manner, satisfactory to the board.

Mr. Foote was permitted to make a statement concerning the manner in which he intended to conduct the business. He stated that food stuff would be handled only in original packages from the vehicle and that he would have a storage room suitable for the purpose.

Dr. McIntyre was excused from the meeting.

By Dr. Holm—

That the matter of issuing a food license to Verne W. Foote be referred back to the Sanitary Inspector, and that any time the Inspector is satisfied that Mr. Foote is in a position to conduct the business in a sanitary manner, he be granted a food license.

Carried.

Board adjourned.

BERTHA RAY,  
City Clerk.

By Ald. Leonard—

Resolved by the City Council of the City of Lansing:

Whereas there is now before this council and has been for sometime a communication from the Board of Police and Fire Commissioners, reciting that it is necessary to acquire certain lands and premises for the purpose of erecting, building and maintaining a fire station thereon and recommending that the same be located in what is known as Espanore Addition of the City of Lansing; and

Whereas in view of the said recommendation this city did on the 26th day of October, 1922, purchase from Harry B. Hewitt and Katherine C. Hewitt, husband and wife, the following described property, to-wit: Lot 20, Block 9 of the Plat of Espanore Addition to the City of Lansing; and

Whereas it appears in said deed that the same is given with the following reservation in relation to encumbrances: "Except building restrictions applying to said lot"; and

Whereas it has been learned and ascertained that the building restrictions on said lot apply generally to all of the lots in said Espanore

Addition, which in substance is that there shall be built on said lots buildings for residential purposes only; and

Whereas by reason of the location of said property and the surrounding conditions it is deemed necessary to use said property for the purpose of erecting, building and maintaining a fire station thereon by the City of Lansing and that the same is necessary for the convenience and public good, and it is necessary to appropriate such property for the purposes aforesaid; and

Whereas the said City of Lansing, through its duly authorized officers and agents have endeavored to acquire the contingent interests of the several owners of property in said Espanore Addition to the end that the city might build its fire station or engine house upon said premises, but have been unable to agree with the several owners of property in said addition and in fact there are so many that it has been practically impossible to see each and every one of them; therefore, be it

Resolved by the City Council of the City of Lansing, that the City Clerk be and is hereby directed to cause notice of the proposed acquirement and appropriation of said property, for the purpose aforesaid for said public improvement, and of the pendency of this resolution to be given to all persons interested therein, by publishing the same in a paper or papers and posting the same upon bulletin boards as required by the Charter of the City of Lansing and the laws of the State of Michigan, that the council will meet on Monday, the 3rd day of December, 1923, at eight o'clock p. m., at the City Council Rooms in the City Hall of the City of Lansing, for the purpose of hearing suggestions and objections, if any, relative to the acquirement of said property and of the contingent interests of the several property owners in the said Espanore Addition to said property for the purpose aforesaid and to every other matter in this resolution contained, and that such publication of this resolution be at least four days before the time herein fixed for hearing of suggestions and objections, if any, as aforesaid.

Resolved further that the final passage of a resolution declaring and determining it to be a public necessity to take for the use and benefit of the people for the purpose hereinbefore specified the interests in private property hereinbefore described and all interests therein, be deferred until after the hearing provided for and such adjournments thereof as the City Council may deem necessary and after such alterations and amendments as the City Council shall make thereto, if any, as provided by the City Charter, and that after such hearing or hearings, and after such alterations and amendments as may be legally made thereto, said resolution shall be placed upon its final passage pursuant to the provisions of the Charter of the City of Lansing.

Adopted by the following vote:

### CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 463 feet of sewer in Allegan Street from East of Washington Avenue to Capitol Avenue in the 1st sewer and drain district of the City of Lansing, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 19th day of November, A. D. 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 19th day of November, A. D. 1923, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$2,995.20 of which one-sixth or \$499.23 shall be paid from the general sewer fund and the remainder or \$2,496.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Templeton, VanDervoort—13.

### Zone Ordinance.

The following ordinance was introduced by Ald. Howe, read a first and second time by its title and referred to the Committee on Ordinances:

An ordinance to regulate and restrict the location of trades and industries and the location of buildings designed for specified uses, to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the percentage of lot occupancy, and to regulate and determine the area of yards, courts and other open spaces surrounding buildings, to limit and restrict the maximum number of families which may be housed in dwellings hereafter erected or altered, and for said purposes to divide the city into districts and prescribe penalties for the violation of its provisions.

The city of Lansing ordains:

#### Section 1.—Definitions.

For the purpose of this ordinance, certain terms and words are herewith defined, as follows:

Words used in the present tense include the future; words in the singular include the plural number, and words in the plural number include the singular number; the word "building" includes the word "structure"; the word "shall" is mandatory and not directory. (Any word not herein defined shall be construed as defined in the Housing Code of Michigan, Act 167, Public Acts of 1917, and amendments thereto.)

Alley: A public thoroughfare not over twenty-four (24) feet wide.

Apartment House: See "Multiple Dwelling."

Apartment Hotel: An apartment hotel is a multiple-dwelling in which are provided dining room accommodations for the joint use of the apartment house tenants only.

Apartment: A household unit in a multiple dwelling, tenement or apartment house, suitable for occupancy for one or more persons.

Area: See "Building Area."

Basement: A story partly under ground, but having at least one-half of its height above the highest level of the adjoining ground. A basement, if not occupied for living purposes by other than the janitor or his family, shall not be included as a story for purpose of height measurement.

Boarding House: A boarding house is a building or place wherein table board is provided to five or more individuals pursuant to

previous arrangement and not to any who may apply.

Building: A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building except as provided in section 15.

Building Area: The maximum horizontal projected area of a building and its accessory buildings, excluding open steps, terraces, and cornices projecting not more than thirty (30) inches.

Cellar: A cellar is a story having more than one-half of its height below the highest level of the adjoining ground and not occupied for living purposes. A cellar shall not be counted as a story for the purpose of height measurement.

Curb Level: The curb level is the level of the established curb in front of the building measured at the center of such front. Where no curb has been established, the city engineer shall establish such curb or its equivalent for the purpose of these regulations.

Depth of Rear Yard: The mean horizontal distance between the rear line of the building and the center line of the alley, where an alley exists; otherwise the rear lot line.

Depth of Lot: The mean horizontal distance between the front and rear lot lines.

Dwelling: Is any house or building, or portion thereof, which is occupied in whole or in part as the home or residence of one or more human beings.

District: A section of the city of Lansing for which the regulations governing the height, the area or the use of buildings and premises are the same.

Group House: A group of not more than four (4) one-family dwellings, erected simultaneously as one building, under the same roof.

Height of Building: The vertical distance measured from the curb level opposite the middle of the front of the building to the highest point of the roof for flat roofs; to the deck line for mansard roofs, and to the mean height level (between eaves and ridge) for gable and hip roofs. Where a building is located upon a terrace the height may be measured from the average ground level of the terrace at the building wall.

Height of Yard: The vertical distance from the lowest level of such yard to the highest point of any bounding wall.

Hotel: A hotel is a building in which lodging is provided with or without meals (for more than fifty (50) persons) and offered to the public for compensation. As such it is opened to transient guests in contradistinction to a boarding house, a lodging house, an apartment house or an apartment hotel which are herein specifically defined.

Lodging House: A lodging house is a building or place providing lodgings to individuals pursuant to previous arrangement and not to any one who may apply.

**Lot:** Land occupied or to be occupied by a building and accessory buildings and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.

**Lot, corner:** Lot, triangular: A lot fronting on two or more streets at their junction, said streets forming with each other an angle of 45 degrees or more, is a corner lot. When the angle formed by the intersecting street is less than 45 degrees, such a lot shall be known as a triangular lot. For the purpose of determining the percentage of lot occupancy, corner and triangular lots shall be assumed to have an area not greater than 5,000 square feet and a frontage not greater than 100 feet on either of the intersecting streets.

**Lot, interior:** A lot other than a corner lot or triangular lot.

**Lot, through:** An interior lot having frontage on two streets.

**Lot lines:** The lines bounding a lot as defined herein.

**Multiple dwelling:** Is a dwelling which is occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups, includes tenement houses, flats, apartment houses, apartment hotels, and all other dwellings similarly occupied, whether specifically enumerated herein or not.

**Non-conforming use:** A building or premises occupied by a use that does not conform with the regulations of the use district in which it is situated.

**One family dwelling:** Is a building occupied as a dwelling by not more than one family.

**Percentage of lot occupancy:** That portion of the area of a lot, as herein defined, which is occupied or which may be occupied under this ordinance as building area.

**Place:** An open unoccupied space dedicated to purposes of access for abutting property.

**Private garages:** A garage with a capacity for not more than three steam or motor-driven vehicles.

**Public garage:** Any premises used for housing or care of more than three steam or motor-driven vehicles, or where any such vehicles are equipped for operation, repaired, or kept for remuneration, hire or sale, not including exhibition or show rooms for model cars.

**Private stable:** A stable with a capacity for not more than four horses, all but one of which shall be the property of one owner.

**Public stable:** A stable with a capacity for more than four horses.

**Rear Yard:** An open unoccupied space (excluding accessory buildings, see Sec. 15) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot.

**Setback:** The minimum horizontal distance between the front line of the building (excluding steps and unenclosed porches) and the front line of the lot.

**Side yard:** An open unoccupied space on the same lot with a building between the

building and the side line of the lot extending through from the front building line to the rear yard.

**Street:** A public thoroughfare more than twenty-four (24) feet wide.

**Story:** That portion of a building included between the surface of any floor next above it, or if there be no floor above it then the space between such floor and the ceiling next above it.

**Half story:** That portion of a building in the 35-foot height district, between the eaves and ridge lines of a pitched roof, which may or may not be used for tenant purposes.

**Structural alterations:** Any change in the supporting members of a building, such as bearing walls or partitions, columns, beams or girders, excepting such alterations as may be required for the safety of the building.

**Tenement house:** See "Multiple-Dwelling."

**Terrace:** A natural or artificial earthen embankment between a building and its street front. The "height of terrace" shall be the difference in elevation between the average curb level, and the average elevation of the terrace at the building wall.

**Tower:** A subordinate enclosed structure projecting above the roof line of a main building and having a roof line of a main building and having a roof supported by columns or walls. Such tower may or may not be used for tenant purposes.

**Two-family dwelling:** Is a building occupied as a dwelling by not more than two families.

## Section 2.—Use District Regulations.

In order to regulate and restrict the location of trades and industries and the location of buildings erected or altered for specific uses, the city of Lansing is hereby divided into "use districts," of which there shall be five, known as:

- "A" Residence District.
- "B" Residence District.
- "C" Commercial District.
- "D" Industrial District.
- "E" Unrestricted District.

The City of Lansing is hereby divided into five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "use district map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided, no building shall be erected or altered nor shall any building or premises be used for any purpose other than is permitted in the "use district" in which such building or premises is located.

## Section 3.—"A" Residence District.

In the "A" Residence District no building or premises shall be used and no building shall be hereafter erected or altered, unless otherwise provided in this ordinance, except for one or more of the following uses:

1. One and two-family dwellings.
2. Group houses.
3. Churches and temples.
4. Schools and colleges.
5. Libraries.
6. Farming and truck gardening.

7. Accessory buildings incidental to the above uses and located on the same lot (not involving the conduct of a retail business) including one private garage, private stable, when located not less than fifty (50) feet from the front lot line or in a fireproof compartment as a part of the main building, providing that any barn, stable, chicken coop or other building or enclosure used for the purpose of securing or keeping animals or poultry is not nearer than thirty feet to any street line or to any dwelling and including also home occupations engaged in by the occupants of a dwelling not involving the conduct of a retail business on the premises, and including the office of the occupant for a trade, profession or occupation when situated in the same dwelling or apartment used by such occupant as his or her private dwelling.

#### Section 4.—"B" Residence District.

In the "B" Residence District no building or premises shall be used and no building shall be hereafter erected or altered unless otherwise provided in this ordinance, except for one or more of the following uses:

65. Wool pulling or scouring.

66. Yeast plant.

67. And in general those uses which have been declared a nuisance in any court of record, or which may be noxious, or offensive by reason of the emission of odor, dust, smoke or noise.

#### Section 7.—"E" Unrestricted District.

In the "E" unrestricted district building and premises may be used for any purpose whatsoever, provided the provisions of the present or hereafter adopted ordinance of the city of Lansing, regulating the location or maintenance of nuisances, are complied with.

#### Section 8.—Non-Conforming Uses.

The lawful use of a premises existing at the time of adoption of this ordinance, although such use does not conform to the provisions hereof, may be continued, but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance.

The lawful use of a building existing at the time of the adoption of this ordinance may be continued, although such does not conform with the provisions hereof, and such use may be extended throughout the building provided no structural alterations, except those required by law or ordinance are made therein. If no structural alterations are made, a non-conforming use of a building may be changed to a use of the same or higher classification according to the provisions of this ordinance, and provided further that whenever a Use District shall be hereafter changed, any then existing non-conforming use in such changed district may be continued or changed to a use of a similar or higher classification, provided all other regulations governing the new use are complied with. Whenever a non-conforming use of a building has been changed to a higher classification or to a conforming use, such use shall not thereafter be changed to a use of a lower classification.

#### Section 9.—Height and Area District Regulations.

In order to regulate and limit the height and bulk of buildings hereafter erected or altered; to regulate and limit the percentage of lot occupancy; to regulate and determine the area of yards, courts and other open spaces, and to limit and restrict the maximum number of families which may be housed in dwelling hereafter erected or altered, the city of Lansing is hereby divided into districts of which there shall be five, known as:

"A" Height and Area District.

"B" Height and Area District.

"C" Height and Area District.

"D" Height and Area District.

"E" Height and Area District.

The City of Lansing is hereby divided into the five (5) districts aforesaid, and the boundaries of such districts are shown upon the map attached hereto and made a part of this ordinance, being designated as the "Height and Area District Map," and said map and all the notations, references and other things shown thereon shall be as much a part of this ordinance as if the matters and things set forth by said map were all fully described herein.

Except as hereinafter provided no building shall be erected or altered to exceed in height and limit herein established for the district in which such building is located. Provided further that no new building shall be erected, nor shall an existing building be altered, enlarged or rebuilt, nor shall any open spaces surrounding any building be encroached upon or reduced in any manner except in conformity with the regulations hereby established for the district in which such building is located.

## Section 10.—"A" Height and Area District.

In the "A" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter shall exceed thirty-five (35) feet or two and one half (2½) stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two or two and one-half story building, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than that required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

**Side Yard:** There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard requirement, except on the side adjacent to "A" residence property.

**Setback:** There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distance and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

**Building Area and Number of Families per Acre:** No building with its accessory buildings shall occupy in excess of 40% of an interior lot, nor in excess of 50% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than ten (10) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by ten (10).

## Section 11.—"B" Height and Area District.

In the "B" Height and Area District and height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter erected shall exceed forty-five (45) feet or three stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth of sixteen (16) feet for a one story building, eighteen (18) feet for a two story building, and twenty (20) feet for a three story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lots abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

**Side Yard:** There shall be a side yard on each side of the lot of not less than three (3) feet in width, provided, however, that a side yard shall in no case be less than one (1) inch in width for each foot of building length, and provided further that buildings used for commercial purposes and located in a "C" commercial district may waive this side yard requirement, except on the side adjacent to "B" or "A" residence property.

**Setback:** There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets thirty-six hundred (3600) square feet have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such set back line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of the passage of this ordinance.

**Building Area and Number of Families Per Acre:** No building with its accessory buildings shall occupy in excess of 50% of an interior lot, nor in excess of 60% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than eighteen (18) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any lot shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by eighteen (18).

## Section 12.—"C" Height and Area District.

In the "C" Height and Area District the height of buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre shall be as follows:

**Height:** No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

**Rear Yard:** On interior lots there shall be a rear yard having a minimum depth as follows: Sixteen (16) feet for a one (1) story building, eighteen (18) feet for a two (2) story building, twenty (20) feet for a three (3) story building, twenty-four (24) feet for a four (4) story building, twenty-eight (28) feet for

a five (5) story building and thirty-two (32) feet for a six (6) story building.

On a corner lot abutting on two streets the depth of the rear yard may be six (6) feet less than required for an interior lot.

On corner lot abutting on three streets the rear yard need not extend across the full width of the lot, only to its median line.

The above requirements for a rear yard may be decreased by one-half, provided there is no room of the dwelling which receives its legal light as required by the state housing code from such rear yard.

Side Yard: There shall be a side yard on each side of the lot having a width of not less than three (3) feet. In no case shall the width of the side yard be less than one (1) inch for each foot of building length.

Set back: There shall be a setback of not less than twenty (20) feet; provided that where all but one of the buildings on one side of a street between two intersecting streets have observed a uniform setback line of more or less than twenty (20) feet all new buildings shall conform to such setback line; and provided that this regulation shall not reduce the buildable width of a corner lot facing an intersecting street to less than twenty-four (24) feet where such corner lot was held under a distinct and separate ownership from adjacent lots and of record at the time of passage of this ordinance.

Building Area and Number of Families per Acre: No building with its accessory buildings shall occupy in excess of 60% of an interior lot, nor in excess of 70% of a corner lot. No dwelling shall hereafter be erected or altered to accommodate nor make provision for more than seventy-five (75) families on any acre of land, nor make provision for more than a proportional number of families on any fractional part of an acre of land. The maximum number of families which may hereafter be housed on any plot of ground shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines by seventy-five (75).

#### Section 13.—"D" Height and Area District.

In the "D" Height and Area District buildings used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of the buildings, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre, for all other buildings shall be as follows:

Height: No building hereafter erected shall exceed seventy-five (75) feet or six (6) stories.

Rear Yard: There shall be a rear yard of not less than fifteen (15) feet.

Side Yard: A side yard, if provided, shall be not less than three (3) feet wide, nor less than three-fourths (¾) of an inch in width for each foot of building length.

Building Area and Number of Families per Acre: No building with its accessory buildings shall occupy in excess of eighty (80) per cent of an interior lot, nor in excess of ninety (90) per cent of a corner lot.

#### Section 14.—"E" Height and Area District.

In the "E" Height and Area District building used for residential purposes shall comply with the regulations of the "C" Height and Area District. The height of building, the minimum dimensions of yards and courts, the maximum percentage of lot occupancy and the maximum number of families per acre for all other buildings shall be as follows:

Height: No building hereafter erected shall exceed one hundred (100) feet or eight (8) stories.

Rear Yard: There shall be a rear yard of not less than ten (10) feet.

Side Yard: A side yard, if provided, shall be not less than three (3) feet; nor less than three-fourths of an inch wide for each foot of building length.

Building Area: A building with its accessory buildings may occupy the entire lot on the first floor, provided the required provision for a rear yard is complied with. Above the first floor a building shall not occupy in excess of ninety (90) percent of a corner lot, nor in excess of eighty (80) per cent of an interior lot.

#### Section 15.—Height and Area District Exceptions.

The foregoing requirements in the height and area district shall be subject to the following exceptions and regulations:

##### Heights—

First: That in the "A" and "B" Height and Area Districts, public or semi-public buildings, hospitals, sanitariums or schools may be erected to a height not exceeding sixty (60) feet, when set back from all lot lines not less than one foot for each foot such building exceed thirty-five (35) and forty-five (45) feet respectively in height.

Second: A one family dwelling in the "A" Height and Area District may be increased in height by not more than ten (10) feet when two (2) side yards of not less than fifteen (15) feet each are provided. Such dwellings, however, shall not exceed three (3) stories in height.

Third: Churches, cathedrals and temples, which have side yards on all sides and comply with the area restrictions of the "A" Height and Area District may be erected as to the height and regulations in accordance with existing or hereafter adopted ordinances of the City of Lansing.

Fourth: Chimneys, cooling towers, elevator bulkheads, fire towers, gas tanks, grain elevators, light-houses, pent houses, stacks, stage towers or scenery lofts, sugar refineries, tanks, water towers, ornamental towers and spires, wireless towers or necessary mechanical appurtenances may be erected as to their height in accordance with existing or hereafter adopted ordinances of the City of Lansing. A tower may be erected on a building having a minimum frontage of one hundred (100) feet on a street, provided such tower occupies not more than 50% of the frontage of the street, is removed twenty-five feet from any adjoining property line and shall have a maximum horizontal area not to exceed thirty-six hundred

(3600) square feet. A tower may be erected on a building having a frontage on three or more streets, but such tower shall have a maximum horizontal dimension of not more than 50% of the average frontage of the building on all streets, shall be removed at least twenty-five (25) feet from any adjoining property line, and shall have a maximum horizontal area not to exceed thirty-six hundred (3600) square feet.

Fifth: On "through" lots one hundred (100) feet or less in depth the height of a building may be measured from the curb level on either street. On through lots more than one hundred (100) feet in depth the height regulations and basis of height measurement for the street permitting the greater height shall apply to a depth of not more than one hundred (100) feet from that street.

#### Area—

First: For purposes of the area regulations a semi-detached dwelling in the "A" Residence District, or group house in the "B" Residence District may be considered as one building and occupying one lot.

Second: Buildings on through lots and running through from street to street may waive the requirements for a rear yard when complying with the percentage of lot occupancy by furnishing other open spaces in lieu of such required rear yard.

Third: In computing the depth of a rear yard or the width of a side yard for any building where such yard opens onto an alley or street, one-half of such alley or street may be assumed to be a portion of the yard.

Fourth: In computing the percentage of lot occupancy in the "D" and "E" Height and Area Districts where a lot abuts on an alley, one-half the width of the abutting alley may be assumed to be a portion of the lot.

Fifth: Every part of a required yard shall be open from its lowest point to the sky unobstructed, except for the ordinary projections of skylight above the bottom of such yard, and except for the projection of sills, belt courses, cornices and ornamental features not to exceed four (4) inches.

Sixth: No cornice shall project over the street line more than three (3) per cent of the width of such street, and shall in no case project more than three (3) feet.

Seventh: Open or lattice enclosed fire escapes, fireproof outside stairways and solid floored balconies opening upon fire towers, projecting into a yard not more than five (5) feet, and the ordinary projections of chimneys and flues, may be permitted by the Building Commissioner where same are so placed as not to obstruct the light and ventilation.

Eighth: One or more accessory buildings may be erected within a required rear yard when built to a height not exceeding twelve (12) feet and which occupy an area of not more than thirty (30) per cent of the area of such required rear yard.

#### Section 16.—Board of Appeals.

Creation of Membership: A Board of Appeals

is hereby established. The word "Board" when used in this section shall be construed to mean the Board of Appeals. The Board shall consist of five members, of whom not less than two (2) shall be members of the City Planning Commission, appointed by the Mayor for terms of one (1) for one year, two (2) for two years, and two (2) for three years, respectively, in the first instance, and thereafter appointments shall be for three (3) years each. The chairman of the Board shall be annually elected by the members of the Board. All members of the Board shall serve without compensation.

Meetings: Meetings of the Board shall be held at least once a month and at such other times as the Board may determine. There shall be a fixed place of meeting and all meetings shall be open to the public. The Board shall adopt its own rules of procedure and keep a record of its proceedings, showing the action of the Board and the vote of each member upon each question considered. The presence of four members shall be necessary to constitute a quorum.

Appeal. Appeal from the ruling of the Building Commission concerning the enforcement of the provisions of this ordinance may be made to the Board of Appeals within such time as shall be prescribed by the Board by general rule. The appellant shall file with the Building Commission and with the Board of Appeals a notice of appeal, specifying the grounds thereof. The Building Commissioner shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed for was taken.

Stay: An appeal stays all proceedings in furtherance of the action appealed from unless the Building Commissioner, from whom the appeal is taken, certifies to the Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by the Circuit Court, on application, on notice to the Building Commissioner from whom the appeal is taken and on due cause shown.

Jurisdiction: The Board of Appeals may, in specific cases, after public notice and hearing, and subject to appropriate conditions and safeguards, determine and vary the application of the use, height and area district regulations herein established in harmony with their general purposes and intent as follows:

(1) Grant a permit in a residence district for a temporary building for commerce or industry incidental to the residential development, such permit to be issued for a period of not more than one (1) year.

(2) Grant a permit for the reconstruction within twelve (12) months of a building destroyed by fire or other causes to the extent of not more than one-half of its assessed value when such building is located in a district restricted against its use.

(3) Grant a permit for the extension of a use or height and area district for a distance of not more than twenty-five (25) feet where the

boundary line of a district divides a lot in a single ownership at the time of the adoption of this ordinance.

(4) Grant a permit for the enlargement of existing building or buildings, or erection on the same lot or plot of ground of additional buildings for a trade, business or industry located in a district restricted against its use, where such enlargement or expansion of such trade, business or industry will not be detrimental to or tend to alter the character of the neighborhood.

(5) Grant a permit for the erection and use of a building or the use of a premises in any location to a public service corporation or for public utility purpose which the Board admits reasonably necessary for the public convenience or welfare.

(6) Interpret the provisions of this ordinance in such a way as to carry out the intent and purpose of the plan, as shown upon the maps fixing the several districts accompanying and made a part of this ordinance where the street layout actually on the ground varies from the street layout as shown on the maps aforesaid.

(7) Adopt from time to time such rules and regulations as may be deemed necessary to carry into effect the provisions of this ordinance.

(8) "Grant permit for the erection of a one-family dwelling on a lot held under a separate and distinct ownership from the adjacent lots and of record at the time of the passage of this ordinance which has less area than the lot area per family requirements of this ordinance for the district in which such lot is located.

#### Section 17.—Certificate of Occupancy and Compliance.

No premises shall be occupied or used and no building shall hereafter be erected or altered, nor any building existing at the passage of this ordinance be altered or changed in its use, until certificates called a "Certificate of Occupancy and Compliance," shall have been issued by the Building Commissioner, stating that the building or proposed use of building or premises complies with all building and health laws and ordinances of the city and with the provisions of this Zoning Ordinance.

This Certificate of Occupancy and Compliance shall be applied for at the same time as the application for a building permit and shall be issued at any time, not exceeding ten (10) days, after the erection or alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Commissioner and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building affected. No fee shall be charged for the original Certificate of Occupancy and Compliance when applied for at the same time as the application for a building permit, for all other certificates or copies of any original certificate there shall be a charge of one dollar each. No building permit shall be issued before application has been made for Certificate of Occupancy and Compliance.

#### Section 18.—Plats.

All applications for building permits shall be accompanied by a plat in duplicate drawn to scale showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plats shall be kept in the office of the building commissioner. No yard, court or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court or other open space for another building.

#### Section 19.—Use Permit.

No change shall be made in the use of a building without a permit having first been issued by the building commissioner, and no permit shall be issued to make such a change unless it is in accordance with the provisions of this ordinance or amendment thereto hereafter duly enacted.

#### Section 20.—Interpretation. Purpose and Conflict.

In interpreting and applying the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. It is not intended by this ordinance to interfere with or abrogate or annul any ordinance, rules, regulations or permits previously adopted or issued, and not in conflict with any of the provisions of this ordinance or which shall be adopted or issued, pursuant to law relating to the use of buildings or premises, nor is it intended by this ordinance to interfere with or abrogate or annul any easements, covenants, or other agreements between parties, provided, however, that where this ordinance imposes a greater restriction upon the use of building or premises or upon height of building or requires larger open spaces than are imposed or required by such ordinances, rules, regulations or permits, or by easements, covenants, or agreements, the provisions of this ordinance shall control.

#### Section 21.—Violation; Penalty.

Every person, firm or corporation violating, neglecting or refusing to comply with any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than twenty-five (\$25) dollars, nor more than two hundred (\$200) dollars.

Each and every day's continuance of the violation of this ordinance shall constitute a separate offense and be punishable as such.

The City of Lansing or any private citizen may take steps in court to cause the abatement of any violation of this ordinance.

#### Section 22.—Boundaries of Districts.

Where uncertainty exists with respect to the boundaries of the various districts as shown on the maps accompanying and made a part of this ordinance the following rules shall apply:

(a) The district boundaries are either streets or alleys unless otherwise shown and where the designation on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by streets or alley lines, said street or alley shall be construed to be the boundary of such district;

(b) Where the district boundaries are not otherwise indicated and where the property has been or may hereafter be divided into blocks and lots, the district boundaries shall be construed to be lot lines, and where the designations on the maps accompanying and made a part of this ordinance indicating the various districts are approximately bounded by lot lines, said lot lines shall be construed to be the boundary of such district, unless said boundaries are otherwise indicated on the maps.

#### Section 23.—Validity and Administration.

Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

It is hereby made the duty of the Building Commissioner to administer this ordinance.

#### Section 24.—Changes and Amendments.

The city planning commission may, of its own motion or upon petition signed by the owners of a majority of the property according to frontage in any district or portion thereof, prepare an ordinance amending, supplementing, or changing the district boundaries or the regulations herein established. The city planning commission shall cause to be prepared a notice indicating the proposed change in the regulations or in the district boundary lines and describing the boundaries of the territory to be affected, which notice shall set a date for a public hearing for consideration of such proposed amendment, supplement or change. After due publication and posting and public hearing of such proposed amendment, supplement or change, as required by law, the city planning commission may cause such ordinance to be introduced in the city council of the city of Lansing. Whenever a written protest against such proposed amendment, supplement, or change, signed by the owners of twenty (20) per cent of the frontage proposed to be altered, or by the owners of twenty (20) per cent of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty (20) per cent of the frontage directly opposite the frontage proposed to be altered, shall have been filed with the city planning commission, the ordinance providing for such proposed amendment, supplement or change shall not be passed except by the favorable vote of three-fourths of the members of the city council. If any area is hereafter transferred to another district by a change in district boundaries by an amendment, as above provided, the provisions of this ordinance in regard to buildings or premises existing at the time of the passage of this ordinance shall

apply to buildings or premises existing at the time of the passage of such amendment in such transferred areas.

#### Section 25.—Conflicting Provisions Repealed.

All ordinances or parts of ordinances in conflict with any of the provisions of this ordinance are hereby repealed.

#### Section 26.—When Effective.

This ordinance shall be in effect from and after its passage, publication and recording, according to law, thirty days after publication.

## REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending December 8, 1923, was received and placed on file.

To the Honorable Mayor and Members of the City Council, Lansing, Michigan:

Gentlemen:

In relation to the assessment to be made for main and trunk sewers, I beg leave to call your attention to the fact that I gave an opinion under date of August 13th, 1923 of which I have no reason to make any correction at the present time, but in explanation as to the confusion that may arise or might have arisen in the minds of some as to Section 274 of the city charter, in relation to the expense of establishment of main or trunk sewers, I beg to call your attention to the fact that said section contains two distinct sections which are included in Section 274. But it is very clear that all main or trunk sewers that are established without reference to sewer districts shall be paid from the general sewer fund, except such portions thereof as the council shall deem to be of benefit to private property. Further, I will state that I am inclined to the opinion that any other assessment that might be made, not in accordance with these provisions, would be absolutely unjust and illegal. In other words, it would be unjust to tax a certain district that might or may be created for the purpose of a main or trunk sewer, for

as stated, the charter very plainly provides that the same shall be paid from the general sewer fund, except portions that the council may deem are benefited by it. The question now arises what will we do where assessment districts have been made without regard to sewer districts for the purpose of assessing for these trunk sewers? My opinion is that the council should rescind the original resolutions and pass new resolutions in relation to the assessment of the same and cause new rolls to be made and then if in the judgment of the council the district through which the trunk or main sewer is built receives any special benefit from the same, there should be a tax made in proportion to the benefit received.

Very respectfully,

D. G. F. WARNER,

City Attorney.

Referred to the Special Committee on Sewer Assessments.

Honorable Mayor and City Council:

Gentlemen:

I have at my office, the City Market, about 15 scales, measures and other devices used in measuring and weighing, that have been in the past confiscated.

I do not find where I am authorized to dispose of these in any manner, therefore, I would ask your Honorable Body to, by resolution or otherwise, direct me as to the disposition of these scales, etc.

Respectfully submitted,

CARL A. BENDENTHAL,

Sealer of Weights & Measures.

Referred to Committee on City Affairs and City Attorney.

To the Honorable Mayor and City Council:

Gentlemen:

The following deeds have been received and recorded in the office of the Register of Deeds:

Land to be used for straightening Kalamazoo street.

Land for opening Cypress street.

Land for opening Howe street.

Yours very truly,

BERTHA RAY,

City Clerk.

Received and placed on file.

To the Honorable Mayor and Members of the City Council:

Gentlemen:

Pursuant to orders from your honorable body, I am submitting herewith several rolls at estimated cost:

Grading alley in block 4, Mnfrs. Add., from Holmes street to Parker street;

Constructing a sewer in Jones street, from Hickory street to alley north.

Constructing a sewer in Lathrop street, from Elizabeth street, south 360 feet;

Constructing a curb and gutter in Camp street, from Franklin avenue to Porter street;

Resolved by the City Council of the City of Lansing:

Whereas, there is now before this council a communication from the City Engineer's department, citing the necessity of acquiring certain lands and premises near the Kalamazoo street bridge and at a point near where a new bridge is to be constructed across the Grand River, showing the necessity of acquiring certain property for the purpose of making a proper approach to said bridge, straightening said street and other necessary improvements in connection with the building of said bridge; and

Whereas said land or property is more particularly described as follows: Lot one, Block 132 of the City of Lansing, according to the recorded plat thereof; and

Whereas it is deemed by this council that the acquirement of the said property for the purpose of constructing a proper approach to said bridge, straightening said street and other necessary improvements is necessary for the use and benefit of the

public and is required for the use of the said City of Lansing, and that the same is necessary and convenient for the public good and that it is necessary to appropriate it for the purposes aforesaid; and

Whereas the said City of Lansing, through its duly authorized officers and agents, has endeavored to acquire said lands and premises and has been unable to agree with the owners thereof for the purchase thereof; now, therefore, be it

Resolved by the City Council of the City of Lansing, That the City Clerk be and is hereby authorized and directed to cause notice of the proposed acquirement and appropriation of said property for the purposes aforesaid for said public improvement and of the pendency of this resolution to be given to all persons interested therein, by publishing a true copy of this resolution, according to law, and that the council of the City of Lansing will meet on Monday the 17th day of December, 1923, at eight o'clock p. m., at the city council rooms in the city hall of the City of Lansing, for the purpose of hearing suggestions and objections, if any, relative to the acquirement of said property for the purposes aforesaid and to every other matter in this resolution contained, and that such publication of this resolution be at least four days before the date hereinbefore fixed for the hearing of suggestions and objection, if any, as aforesaid.

Resolved further that the final passage of a resolution declaring and determining it to be a public necessity to take for the use and benefit of the public for the purposes herein specified the property hereinbefore described and any and all interested therein be deferred until after the hearing herein provided for and such adjournments thereof and after such alterations and amendments as the city council shall make thereto, if any, as provided by the city charter, and that after such hearing or hearings and after such alterations and amendments as may be legally made thereto, such resolution shall be placed upon its final passage pursuant to the provisions of the charter of the City of Lansing.

# OFFICIAL PROCEEDINGS OF THE CITY COUNCIL CITY OF LANSING

PROCEEDINGS DEC. 17, 1923

City Council Rooms.

Lansing, Dec. 17, 1923.

The City Council met in regular session and was called to order by Mayor Alfred H. Doughty.

Roll call:

Present—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Templeton, Vandervoort.—13.

Absent—Ald. Dymond, Main, Trager.—3.

The record of the previous session was approved as printed.

## PETITIONS AND COMMUNICATIONS.

A petition for paving Sheridan street, from end of present pavement to Franklin avenue with additional names, was received.

Referred to the Committee on Streets.

A communication was received from Jay C. Robbins and Geo. F. Parish relative to the resolution prohibiting the parking of any but city owned cars in the parking spaces around the city hall and asking that provisions be made for a parking place for their cars near the city hall.

Referred to Chief of Police.

A communication was received from the Rikerd Lumber Co. asking permission to construct a track across Franklin avenue.

Laid on table.

A communication was received from the President of the P. M. R. R. Co., asking that 500 feet in width on each side of the P. M. R. R. tracks from the east city limits to Hosmer street be left free from any restrictions as to use or building construction.

Referred to Committee on Ordinances.

A communication was received from John Rupp recommending that B height and area district be extended to Butler street and restricted to not more than 30 families to the acre.

Referred to Committee on Ordinances.

A communication was received from Ernestine Clippert relative to assessment

for sewer in front of Lot 153, Adams Addition amounting to \$105.83.

Referred to the committee on sewers.

A petition was received from about 1400 signers asking that the City Market be open evenings.

Referred to Committee on Market.

The following communication has been received from the County Clerk:

To the Honorable Board of Supervisors, Ingham County:

Inasmuch, as the City Constables of Lansing are continually making long trips after prisoners and charging the County of Ingham ten cents (.10) per mile each way in addition to their hotel bills, and all other expenses incurred on said trips, and also being regular paid constables, we deem it advisable hereafter not to allow any such bills, inasmuch as the Sheriff's Department carries on this same work at actual cost, making a difference of about 50% saving to the County of Ingham.

Therefore, be it resolved that the Clerk of this Honorable Body of Supervisors instruct the City of Lansing that it will not pay any bills at the rate of ten cents (.10) per mile in the future, incurred by the Constable of the City of Lansing.

We further recommend that the Sheriff's Department should be allowed this work, as this Department has been doing this work at actual cost.

Signed

M. W. SMITH  
MATTHEW LEHMAN  
H. H. CAMPBELL  
FRED L. KIRCHER

Received and placed on file.

This contract is executed in duplicate.

Hon. City Council,  
City of Lansing, Michigan.

Gentlemen:

Knowing that you have authorized for various purposes the issuance and sale of \$2,200,000 bonds, direct obligations of your city, and that in as much as we recently purchased in competition \$1,800,000 of said bonds, we herewith submit the following proposal regarding the issuance and

sale of the unsold portion of said bonds, namely \$400,000 Paving and Bridge bonds:

In order that you may effect an unconditional sale and secure prompt delivery of and payment for said unsold bonds by the purchaser thereof on day of sale which is to be held by you prior to April 1, 1924, we will place at your disposal the services of our legal department in connection with the examination and completion of all proceedings required by law leading to their legal issuance, sale and delivery, furnish and pay for the cost of the legal approving opinion of John C. Thomson and prepare without charge all necessary blank bonds ready for signature which we will have on table on day of sale, all for the sum equal to One Per Cent of the face value of said bonds, said fee to become due and payable when and as said bonds are taken up and paid for, it being understood that said bonds are to bear  $4\frac{1}{2}\%$  per annum semi-annual interest and will mature so as to give without option of prior payment an average maturity of not less than 6 years from their date.

As evidence of our good faith and as a guarantee to you that you are going to get practically the same price at least for this additional block of bonds as you are to receive for the above mentioned first block with the privilege on your part to accept a still better price if received on day of sale, we herewith agree further that if, as the result of our efforts direct or otherwise in connection herewith, you do not receive a bid of at least the Par value thereof together with accrued interest in addition on day of sale, we are to forfeit all of said fee and furnish to you the above named goods and services free of cost to you and this contract thereby becomes null and void.

Respectfully submitted,

C. W. McNEAR & COMPANY of Chicago.  
By E. E. HEETER, Agent.

The above and foregoing proposal is accepted and agreed to by the city council at its meeting held this ..... day of December, 1923.

## REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending Dec. 15, 1923, was received and placed on file.

By Ald. Avery—

To the Honorable City Council:

Gentlemen:

On August 13th, I addressed your Honorable Body suggesting that some action be taken to relieve property owners of some portion of assessments made for the construction of Main or Trunk Line Sewers.

The sewers constructed and under construction which should be deemed Main Trunk Line Sewers built without reference to Sewer Districts are as follows:

Mt. Hope avenue, \$233,415.43;  
Forty third, \$81,480.00;  
Middle street, \$49,800.00;  
Ottawa street, \$204,000.00;  
Forty eighth, \$141,000.00;  
Cedar, Mt. Hope and Herbert, \$66,000.00;  
Shiawassee street, \$24,900.00;  
Jefferson avenue, \$70,930.00;  
Jerome street, \$35,000.00;  
Lenawee and Hillsdale, \$37,497.00;  
East Saginaw street, \$8,700.00.

It is my suggestion that assessment should be made against abutting owners in the streets where these sewers have been constructed, said assessment not exceed five-sixths of the cost of a ten or twelve inch sewer, and wherever this Main Trunk Line Sewer serves any particular territory as its district sewer, a small assessment should be made against the property so served, and the balance should be paid by the City at large. The total amount of these eleven rolls is, \$952,419.86—for the construction of these sewers, bonds in various amounts have been voted, making a total of \$1,105,000 of which \$1,008,000 are to be retired, as follows:

1924—\$97,000  
1925—187,000  
1926—188,000  
1927—168,000  
1928—139,000  
1929—139,000  
1930— 30,000  
1931— 30,000  
1932— 30,000

As suggested, if rolls were to be made covering the territory traversed by these various Trunk Line Sewers and assessments made against the abutting property owners not to exceed five-sixths of the cost of a lateral drain of ample capacity to drain said property, and as heretofore suggested in this letter, and wherever this Trunk Line Sewer serves as a district

sewer, an assessment should be made against the property so served; the total amount to be realized from an assessment made as suggested, could be applied against bond retirement and the balance required for bond retirement in the years as heretofore specified, should be spread in the general taxes.

I have given this matter some very careful study and while the propositions of assessment for these sewers was inherited by this administration, I feel that we should correct the apparent injustice. I have checked over very carefully our charter together with sections of our old charter from which the present chapter on sewers and drains was taken, and have made careful comparison with our Ordinance and I am satisfied that the solution as herewith set forth is the proper one to make a just and reasonable charge against the properties served and the City at large.

I am anxious that your Honorable Body give this your immediate attention as these rolls are now all made and if it is your judgment that no correction is to be made, I will direct the Treasurer to make collections on the basis of the present rolls.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

Referred to the Special Committee on Sewers.

To the Honorable Mayor and Members of the City Council, Lansing, Michigan: Gentlemen:

In response to your request that was made at the last meeting of the council that I give an opinion as to the legality of the resolution introduced by Alderman Howe relative to the city paying for the pavement between the railway tracks of the Michigan Railway Company, provided they will lay a double track on North Washington avenue, they to turn the brick over to the city, I submit the following:

The said Michigan Railway Company already has a franchise in this city. Section 307 of our Charter says: "The power to grant public utility franchise rights or privileges and to renew, extend, amend or alter the same shall be exercised by ordinance." This section of the charter further provides that before a franchise shall be granted that it shall be adopted by a three-fifths vote of the electors voting at some election.

The first question that confronts us is, is this resolution that was introduced an undertaking to amend or alter the franchise already in existence with the Railway Company? Without further statement in relation to the same at the present, I am convinced that it is not such an undertaking, and if adopted it would neither alter or amend the franchise in any way.

The next proposition is, is it a contract or agreement which the city can properly enter into with the Railway Company, with the present ordinance franchise existing. In considering this we will refer to the

ordinance, which is ordinance No. 50 of the compilation of ordinances of the city. A part of Section 2 of said ordinance reads as follows: "When any street travelled by said street railway shall be paved or re-paved said Railway Company \* \* \* shall pay the expense of paving between the rails and for a width of 18 inches on each side of the tracks." It does not appear from the proposition that there is a paving or re-paving of this street. It is simply a question of the Railway Company laying another or double track along a street which is already paved. Section 1 of this franchise ordinance provides for the streets the railway shall run upon, and also provides "and such other streets and avenues as the common council of the city shall direct." Owing to the fact that there is already one track over this part of Washington avenue in question and the city desires another track to be laid so that there will be a double track upon North Washington avenue, it is my opinion that it is a matter that the city is not authorized to direct. That when the Railway Company has placed one track and such turn tables and side tracks as may be necessary that there is no authority given the city whereby they could compel the company to double track its streets.

For the reasons aforesaid, I am of the opinion that the resolution might be legally adopted by the council and carried out, for there is a direct consideration moving to the city from the Railway Company for the same. There is the consideration of having a double track and the consideration of receiving the paving brick, and the transaction is one outside of the franchise.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing: Gentlemen:

There are several outstanding bills which I have not been able to collect; two for labor removing brush from gutters, placed there after gutters had been cleaned, one for cleaning up after a contractor who had been remodeling a store building, one for \$10.50 worth of labor placing dirt in front of private property (same was ordered done by an alderman who supposed the party would pay for it), and one for \$25.00 worth of stone sidewalk broken by trucks driving over it.

I am asking your honorable body if these amounts shall be assessed against the property, or if I can be given permission to cancel them, so that I will not have to carry them on my books over into another year.

Respectfully,

I. D. SCHAFER,  
Supt. of Public Works.

Referred to City Attorney and Committee on City Affairs.

To the Honorable Mayor and City Council  
of the City of Lansing:

Gentlemen:

October 8th, D. E. Kast was ordered by your honorable body to remove the dirt which he had placed in the gutter line at 415 E. St. Joseph street. If not done within ten days I was to do same and charge to Mr. Kast; after waiting fifteen days I did said work amounting to \$9.25 and sent bill to him, to which he paid no attention. I am asking that this be reported to the assessors to be spread on the next tax roll against lot 4 (except west 136 feet), block 154.

Respectfully,

I. D. SCHAFER,  
Supt. of Public Works.

Referred to Committee on City Affairs  
and City Attorney.

To the Honorable Mayor and City Council  
of the City of Lansing:

### ORDINANCES.

By Ald. Avery—

That the Council resolve itself into a Committee of the whole to consider ordinances.

Carried.

The Mayor called Ald. McComb to the chair to preside over the committee of the whole. After some time spent in the committee of the whole the committee arose and through its chairman reported that it had considered an ordinance entitled "An Ordinance to prohibit the use and sale of fireworks in the City of Lansing," that they had made certain amendments thereto, and would recommend that the ordinance be passed with the amendments made thereto.

Also that they had considered an ordinance providing for amendments to Sections 3, 19, and 23 of an ordinance known as the "Traffic Ordinance," that they had eliminated Section 19, and had added a section to be known as Section 22a, and would recommend that the ordinance be passed with these changes.

Council then resumed regular session.

By Ald. Avery—

That rule No. 23 be suspended and that the ordinance entitled "An Ordinance to prohibit the use and sale of fireworks in the City of Lansing," be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Templeton, Vandervoort.—13.

Nays—None.

The Ordinance was then read a third time as follows:

An Ordinance to prohibit the use and sale of fireworks in the City of Lansing. The City of Lansing Ordains:

Section 1. That hereafter it shall be unlawful for any person or persons, firm or

corporation, to sell or offer for sale or to use in the City of Lansing any blank cartridge, pistol, toy cannon, toy cap pistol, fire cracker of any size loaded with dynamite, daygo bombs or any other high explosive, potash and sulphur tablets or powders, or Pollet's cane, ammunition cane used for exploding same or any fire cracker exceeding two inches in length by one-half inch in diameter, sky rockets, Roman candles containing over twenty balls, flying pigeons, and fire balloons.

Section 2. Hereafter it shall be unlawful for any person, persons, firm or corporation to use fireworks, the sale of which is prohibited within the City of Lansing, excepting as provided in section three of this ordinance. Provided, that the city council of the City of Lansing may grant permission to any person or persons, firm or corporation to use said fireworks within the City of Lansing upon such times and under such regulations as the City Council may deem advisable and justified.

Section 3. No person, firm or corporation shall sell at retail or expose for sale at retail any fireworks, except between June 25th and July 5th.

Section 4. Any violation of the provisions of this ordinance shall be punished by a fine not to exceed \$100, or imprisonment for ninety days in the county jail or city prison, or both such fine and imprisonment in the discretion of the court.

Section 5. Ordinance No. 20 of the compilation of ordinances of the City of Lansing is hereby repealed.

By Ald. Avery—

That the ordinance entitled "An Ordinance to prohibit the use and sale of fireworks in the City of Lansing," be now passed.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Leonard, McComb, Phillips, Templeton, Vandervoort.—10.

Nays—Ald. Klock, McKale.—2.

By Ald. Avery—

That Council Rule No. 23 be suspended and that the ordinance amending Section 3, and 23 and adding a new section to be known as Section 22a to the "traffic ordinance" be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Fowler, Howe, Klock, Leonard, McComb, McKale, Phillips, Templeton, Vandervoort.—12.

Nays—None.

The ordinance under consideration was then read a third time as follows:

An Ordinance to amend Sections 3, and 23 of Ordinance No. 133, as amended July 16th, 1923, entitled "An Ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motor and vehicles

propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," and to add thereto a new section to be known as Section 22a. The City of Lansing ordains:

Section 1. That Sections 3, and 23 of Ordinance No. 133, as amended July 16th, 1923, entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," is hereby amended to read as follows, and a new section to be known as Section 22a is hereby added thereto.

Section 3. The driver or operator of every motor driven vehicle shall have a chauffeur's or operator's state license. All vehicles shall be driven in a careful manner and with due regard for the safety and convenience of pedestrians, and no motor vehicle shall be driven or operated upon any street by any person who is less than fourteen years of age, nor shall any person, firm or corporation owning or possessing any motor vehicle suffer or permit any person less than fourteen years of age to drive or operate such motor vehicle upon any street within the city of Lansing. No person shall drive or operate any motor vehicle while under the influence of liquor or other stimulant. No person shall drive any vehicle across or into any safety zone. No person shall drive on the right side of any vehicle when overtaking it. Provided, however, that in passing street cars proceeding in the same direction all vehicles shall at all times, pass said street cars on the right side thereof. All vehicles meeting shall pass each other to the right. Drivers shall be governed by conditions of the particular occasion and may be deemed reckless even though proceeding at the speed within the limit allowed by law, which shall not be greater than fifteen miles per hour in the business portions of the city and not greater than twenty miles per hour in all other portions thereof.

Section 22-A. Any vehicle approaching the intersection of Michigan avenue and Washington avenue shall continue on its course through said streets without making a right or left turn at said intersection.

Section 23. Any person or persons violating any of the provisions of this ordinance shall upon conviction thereof, be punished by a fine of not exceeding one hundred dollars, and in the default of the payment of such fine each person or persons shall be imprisoned in the city jail or any workhouse in the state authorized by law to receive prisoners, not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

By Ald. Avery—

That the ordinance entitled "An Ordinance to amend Sections 3, and 23 of Ordinance No. 133, as amended July 16th, 1923, entitled "An Ordinance to regulate traffic and the use of carts, wagons, drays,

coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motor and vehicle propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," and to add thereto a new section to be known as Section 22a, be now passed.

Adopted by the following vote:

#### REPORTS OF CITY OFFICERS.

The report of the City Treasurer for the month of November, 1923, was received and placed on file.

Report of the Gas Inspector for the week ending December 22, 1923 was received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

December 26, 1923.

I herewith submit to your honorable body the following special assessment roll:

Estimate cost—

Paving Ionia street, Seymour street to Butler Blvd.

Curb and gutter, McPherson's Inverness Sub.

Respectfully submitted,

J. S. BENNETT,

Assessor.

Received and placed on file.

Honorable Mayor and City Council:

At this time I would like to call your attention to the yearly report of the Public Works Dept., showing the cost of all crosswalks, alleywalks, and intersections in the city.

Inasmuch as most of the charges are charged against the various wards, I think it would be best for tonight to simply call your attention to this report, which is on file in my office, and on Monday, Dec. 31st, I will give you exact balances left in all of the wards, including the intersection charges.

The intersection charges alone, from May 1st, 1923, to Dec. 1923 are:

First Ward .....	\$12.23
Second Ward .....	343.88
Third Ward .....	347.23
Fourth Ward .....	1,398.01
Fifth Ward .....	762.94
Sixth Ward .....	544.63
Seventh Ward .....	187.98
Eighth Ward .....	914.64
Total .....	\$4,511.54

J. E. PRATT,

City Comptroller.

Gentlemen of the Council:

Your Honorable Body now has under consideration, the proposed Zoning Ordinance.

The question of the constitutionality of such an ordinance has been frequently referred to, and various individuals have on different occasions, both at the public hearings held in Council Chamber, and in published interviews, criticized the Ordinance now in committee.

I attach herewith a list of State Supreme Courts that have upheld Zoning Ordinances, also the cases upon which the decisions were given, and it is noteworthy that in none of these cases have

the Ordinances in question, differed materially from the proposed measure now before you.

This particular piece of Legislation was prepared by Planning Commission by direction of City Council in 1920, and presented to the Council in April, 1921, and no definite action had regarding it. I, therefore, recommend that disposition of it be made at early date, either by passage or defeat.

Yours very truly,

ALFRED H. DOUGHTY,  
Mayor.

Referred to Committee on Ordinances.

The states which have upheld such ordinances are:

New York—*Utica v. Hanna*, 195 N. Y. S. 225, 202 Ap. Div. 610; *Trust Co. v. Williams*, 229 N. Y. 313.

Massachusetts—*Opinion of Justices*, 234 Mass. 597, 128 N. E. 209.

California—*Ex parte Wong*, 118 Pac. 714.

Kansas—*Wichita v. Ware* 113 Kas. 153, 214 Pac. 99; *State v. Wilson*, 101 Kas. 789.

New Jersey—*R. R. v. Park*, 96 N. J. L. 278, 114 Atl. 797; *Schait v. Senior*, 117 Atl. 517.

Iowa—*Des Moines v. Manhattan Oil Co.*, 193 Iowa 1096, 184 N. W. 823, 184 N. W. 921, 23 A. L. R. 1322.

Utah—*Salt Lake City v. Western Foundry*, 55 Utah 447, 187 Pac. 829.

Louisiana—*State v. New Orleans*, 97 Southern 440.

To the Honorable Mayor and Members of the City Council:

Pursuant to your orders, I am handing you the following rolls at estimated cost:

Paving Kalamazoo street from Hosmer street to Holmes street;

Constructing a sewer in North street, from High street, 214 feet east.

Respectfully submitted,

DAVID E. LORD,

Assessor.

Received and placed on file.

Gentlemen of the Council:

The unpaid personal taxes on April 1st, 1923 amounted to \$51,639.96, of this amount the City Treasurer, Mr. Walter Campbell has collected \$17,926.70, leaving the balance uncollected \$33,713.26 which is distributed over past nine years, as follows:

1914	1,047.62
1915	1,970.90
1916	948.09
1917	1,462.07
1918	941.69
1919	2,250.69
1920	5,184.73
1921	7,963.43
1922	11,944.04

I have a compiled list of persons, firms

and corporations the amount owed by them and the year in which same was spread.

I suggest that your Honorable Body give specific instructions and provide such assistance as in your judgment is necessary to clear these uncollected rolls.

Yours very truly,

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

Before repaving Michigan avenue it will be necessary to construct a sewer from the river to the Michigan Central R. R. tracks for the purpose of adequately serving the property on this street and for the purpose of providing an adequate outlet for the sewer in Michigan avenue coming from east of the M. C. tracks.

Respectfully submitted,

O. E. ECKERT,  
City Engineer.

Received and placed on file.

 East Saginaw street, \$8,700.00.

Be and same are hereby declared to be for the Public Health and sanitation and further, that the cost of construction and building of same be, as follows:

The property abutting on streets wherein such sewers are laid shall be assessed five-sixths of the estimated cost of a sewer or drain 12 inches in diameter, and the City Engineer, be and he hereby is

directed to prepare plans and estimated cost of 12 inch sewer, buried at a depth which would be convenient for said drainage.

Further, such assessment rolls as have heretofore been made, be corrected so that the cost will be distributed as above, and the balance shall be paid by the City at large.

The Ways and Means Committee are hereby directed and authorized to spread in the Budget of "1924" an item to cover the difference between one-sixth of said cost, as above, and \$97,000.00 which is the amount of sewer bonds required to be retired in "1924."

By Ald. Avery—

That the resolution be laid on the table.

Carried.

By Ald. Kircher—

Resolved by the City Council of the City of Lansing:

Whereas, Charles Perkins paid taxes Aug. 30, 1923 on the following described property, the east  $\frac{1}{4}$  of west  $\frac{1}{4}$  of lots 1 and 2, block 135.

Whereas, there was assessed to him the east 38 ft. of lot 6, block 1, Hall's Addition, and the first description was not owned by him.

Therefore be it resolved, the City Clerk be ordered to draw an order in favor of Charles Perkins, upon the City Treasurer, for the amount paid by him, viz. \$57.94, and charge to fund for uncollected taxes and abatement, and that the same be a charge against the first described property.

Adopted by the following vote:

Yeas—Ald. Avery, Clapham, DeCamp, Dymond, Fowler, Howe, Kircher, Klock, Leonard, McComb, McKale, Phillips, Templeton, Vandervoort.—14.

Nays—None.

#### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending December 29, 1923, was received and placed on file.

The Honorable Mayor and City Council:  
Gentlemen:

I hereby respectfully submit to your Honorable Body a report covering activities of this department during the period between May 1st and December 31st, 1923. Due to lack of sufficient time I have made no effort to compile data from the records of this department previous to my taking over the office on October 9th last. These records are open to your inspection either at the Mayor's Office or at my office at the City Market.

There are in the City of Lansing approximately 370 Groceries and Meat markets who use for commercial purposes about 1,500 scales or weighing devices. In addition to these we have 41 Coal scales, about 250 Gasoline Pumps, 36 Druggists, 28 Confectioners and 16 Bakeries. To these must be added the numerous measuring devices used in Department Stores, Electrical Stores, etc., lastly, we have the countless liquid and dry measures used by practically all merchants previously mentioned.

These instruments must all be tested at least once annually.

Since my taking over the office, this department has approved and sealed 202 instruments, and condemned 84, of which 32 were later released and sealed. Nineteen illegal instruments have been condemned and removed from trade altogether. Twenty-seven Gravel Boxes have been

measured and their capacity certified by a City Seal. Numerous complaints not of sufficient gravity to justify court action have been carefully adjusted to the satisfaction of all parties concerned.

Another phase of this Department's activities, one which ranks second to none in its importance, is the rechecking and reweighing of package goods, and other commodities ready for delivery to the purchaser.

In reweighing coal we have discovered but one serious shortage and this was adjusted without court action. Numerous other violations of charter provisions have been corrected by this Department. Two serious cases of short weight have been referred to State authorities, and one of these has been referred by them to federal weights and measures officials. Both cases were of a nature which brought them beyond my jurisdiction; one in which Smoked Meats being sold to local dealers by Chicago packers were underweight, and the other a matter of short measure in Oyster shipments received by local dealers from Fisheries located at several places in Maryland.

Respectfully submitted for your consideration.

CARL A. BUNDENTHAL,  
Sealer of Weights and Measures.

Received and placed on file.

Hon. Mayor and City Council:

Gentlemen

The following deeds have been received and recorded in the office of the Register of Deeds at Mason:

Deed from Daniel Grubb for Lot 226 Foster Farm Addition for extension of Saginaw street.

Deeds for Lot 3, Block 132, and for North 38 feet of Lot 4, Block 132, for approach to proposed bridge and for straightening Kalamazoo street.

Respectfully submitted,

BERTHA RAY,  
City Clerk.

Received and placed on file.

To the Honorable Mayor and City Council  
of the City of Lansing:

Gentlemen:

During the period from May 1 to December 15, the Department of Public Works has completed the grading and graveling of ninety-six and one-half blocks of streets where the improvement was petitioned for and the actual cost of this work was reported at your last meeting; A. M. Wheaton and John Farrell were the foremen in charge; other streets, that are not yet completed are Hapeman street from Willow street to Hyland street, Hyland street from Jenison avenue to Hapeman street, Jenison avenue from Willow street to north end of street, Logan street from Barnes avenue to south end of street. I have certified to bills amounting to \$58,-195.10 for gravel, distributed among the

improvements above named charged against the abutting property, sidewalks and crosswalks, patching of streets, and finishing streets after curb and gutter have been built.

Stone sidewalks have been built and repaired to the amount of \$35,357.89; this includes crosswalks, alley walks and miscellaneous jobs, besides in front of private property; only a small amount of that ordered is left over for next year, but as new plats are being opened and the streets graded, there is always as much waiting as can be built during the season. In the building of so much walk it is nearly impossible to not have an occasional error in description, but my sidewalk foreman, Howard Derhammer has kept careful record and we are receiving few complaints. Owing to the mild weather considerable was built too late to be reported for the December taxes, but this will appear on the June tax rolls.

The labor pay rolls have amounted to \$94,220.33 and \$34,061.18 has been collected for miscellaneous items a record of which is in my office; \$123.23 of this represents the receipts from May 29 to December 1 from the weighing scales in the Rest Rooms. As our share is only one-third of the total receipts, you can judge how well they are patronized.

I have been ordered to cinder several streets, but could not do so, for since the last of September we have not been able to obtain enough cinders to even patch the bad places in the streets, and for this reason have had to use gravel on the detours, making the expense much greater.

The usual amount of weeds were cut during the summer but this cost was taken from the contingent fund instead of being reported against the property as in former years. Forty-six thousand two hundred and fifty pounds of angle iron have just been received for placing of the remainder of the 3,885 street signs purchased, and while every street will be properly marked by next year more signs will be needed for new streets opened, and to replace those which are constantly being damaged by accidents, and by boys who delight in doing such things.

Considerable time has been required to keep the drinking fountains in good condition, and they will now soon be disconnected for the winter; these too, are greatly injured by being tampered with.

About sixty yards of dirt have been taken daily from the streets, an average of fifty miles of paved streets being cleaned per day by the motor sweepers in charge of Fred Belbeck, this system being much superior to the old way with many street cleaners and carts. If the drivers who overload their wagons and trucks thereby strewing a portion of the contents on the streets, would be more careful, it would lessen the expense of keeping these sweepers in repair.

Drivers have been hired for the thirty-one snow plows, and I expect to have the

sidewalks kept in satisfactory condition, but the public must remember that after a sudden heavy fall of snow it is impossible to clean at once the walks on all of the streets. I had thirteen carloads of calcium chloride distributed on the streets; this was a larger amount than ever before used, owing to the shortage of water, but it proved very satisfactory, and I surely recommend the use of it in the future. By putting a greater number of trucks at work the annual spring "clean-up" was done in a short space of time; during the year a man has been stationed at the public dumping ground on Willow street and everything possible has been done to keep it in good condition.

I am held responsible for the repairs, supplies, etc., ordered for the city hall, comfort stations, and Franklin avenue rest house, and with my assistant, T. H. Blizzard, held responsible for all of the outside work connected with the department. A few months ago Albert Laycock was transferred from the elevator where he had been many years, and made general repair man for the city hall and furniture; this was a very wise move as the work is now being done at about one-fourth the former cost.

Miss Laura Talbot has charge of the clerical work in my office and is responsible for the correctness of the pay rolls and bills, allowed, the cost of grading, graveling, and sidewalks reported for the tax rolls. A permit for each of the hundreds of service connections made by the Gas Company and Water Works department is signed in my office and an index kept of same. This calls for an exact knowledge of the streets and blocks, to be sure that they are made out correctly when brought to be signed. The sidewalk permits are also issued here as those built by private parties require a permit before the Engineer will set grade stakes; with her assistant Mrs. L. Hinchcliffe she also does all the clerical work for the City Service department. While their pay rolls have only totaled \$10,853.07 the charges she has reported during that time against the different departments amount to \$12,384.10, and among other duties she notaries all pay rolls and nearly all bills allowed by the public works, garbage, and service departments.

Respectfully submitted,

I. D. SCHAFER,  
Supt. of Public Works.

Received and placed on file.
